The Liberty Bell mines at Telluride, Colorado, which he sold for a small sum and which later required five hundred men to operate. The Rico mines at Salida, Colo., and others more recently in Nevada. He was born in Des Moines, Iowa, and reared in Colorado. Garrie Buckner went to Tonopah and accompanied the remains to this city. He was buried on the 3rd inst. A. J. After all, some good has come out of Nazareth. The irresponsible barefoot leader has been tabooed.

The congregation that can build a church should after its completion build a factory, shop or establish a business which will give some of its members something to do for a livelihood.—Dallas Express.

After all it is barely possible that calling the Negro drafted soldiers last is the best thing that could happen, although wholly unintentional by the war department.

The brilliant orator and statesman editor of the K. C. Sun, Nelso Crews, designates Colonel Roosevelt as not only the greatest living American, but the greatest man in the world today.

J. W. Coleman, the employment king, is bewailing his fate with jobs without number he can find no one to fill them; truly his cup runneth over, and as it were adrift upon the ocean he can remember these lines, "Water water everywhere, but not a drop to drink."

The All American League, true to its name and purpose, we are glad to note is alert to the highest duty of citizenry and on next Saturday evening at the Violet school auditorium will demonstrate the patriotism of true Americanism by holding appropriate exercises and all who may should join in this timely demonstration.

Editor John Mitchell, who is a member of the American Bankers' Association which met recently at Atlantic City, reported to that body that the annual producing power of the colored people of this country is six hundred million dollars annually and now do you blame the **Eagle** for advocating a concentration of effort along all lines especially commercial, and procuring wealth from the earth.

GET BUSY ALONG ALL LINES

Not alone along lines as suggested in our editorial as to the factory proposition must we work to solve the problems which confront us. It should be plain to those who are in the least concerned, we must branch out in the various lines of effort and there is no better time than the present time, with the nation pulsating to its highest possible capacity along the lines of industrial activity opportunities exist and are more accessible than ever before. We have it from men whose integrity and honesty cannot be questioned, of the wealth from the earth, and if there ever was a time when labor shall have its reward from those who seek it from the bowels of the earth that time is NOW, with two established companies composed of men whom we meet in the course of our travels every day, and who have been on the scene and can testify as to what their own eyes have seen; why not fall in line on this great industry and help develop it, make jobs and opportunities of our own. After all, these propositions are the only solution of the problems which confront us. We must get out and do some developing ourselves, we must now begin to be empire builders we should overlook no opportunity to qualify along these lines, looking at tall buildings in the cities will not avail. We must get out and do our part to bring the wealth from the earth. When we do this we shall come into our own.

CONCENTRATE YOUR EFFORTS

Some time ago we called attention to the fact that we had in our city a member of the race who is one of the best candy makers in the United States, and that this same man is a wholesaler in this city. He is endeavoring to establish a business worth while not only for himself but that he may employ numbers of men, women, etc. Now the **Eagle** is strong for the success of this particular business and all who stand for progress we verily believe are with us when we say that it is our duty to get behind this man and do our bit that his establishment may thrive and grow to the end that another opening shall be made for our people in the mercantile world. Shut out on account of prejudice from a chance in other factories which make the candies which we eat, it is self evident we must make openings for ourselves, and to do this we must stand like a solid wall back of those who will take the lead in establishing such institutions as these. As a beginner let every reader of this article from this time on begin to insist that your dealer handles Ramsey's goods, not because it is Ramsey, but because he makes as good and better candies than any other concern and his prices are as good or better than those quoted by white candy factories, who on account of prejudice will not give you a chance to learn the trade at their plants or to even work in them. **The very best you get from these same concerns is to buy and eat their goods.** Now we have some of our very own merchants who cater to their own people for their trade who have not as yet awakened to the necessity of giving a candy factory conducted by their own race their support. As they have failed to do this it is up to the PEOPLE to give them a reminder that if they expect your support they must carry Ramsey's candies.

Now this is the time to demonstrate our real ability for concentration of effort and why not get together and help in the movement which after all is simply helping ourelves.

Genuine Surprise By Members of Masonic Fraternity

When J. H. Shackleford called on P. E. Alexander, last Monday evening, and asked him to accompany some of the lodge members to Santa Monica to look after serious Masonic business there, Mr. Alexander had no idea what was in store

In Mr. Shackleford's car, with Messers Thos. Skinner, Paul Brown and J. H. Williamham, Mr. Alexander started for the beach, stopping on the way at People's Independent Church where it was reported a wedding was in progress. It was suggested that the party go in, but Mr. Alexander refused, saying it would make them late getting to the beach. On looking through the window, however, and seeing A. J. Roberts, who has been confined to his home for some

P. E. Alexander

months, on account of his blindness, he went down to greet him and was seized by his friends who bound him with ropes and administered "tokens of regard," one for each of the 57 years of his life.

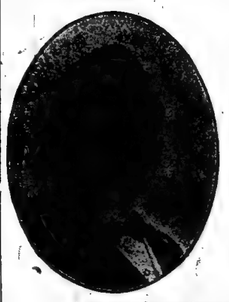
Mr. Alexander was then escorted to the seat of honor at the beautiful and artistically arranged tables where about twenty Masonic brothers were gathered, and then it dawned on him that the affair might possibly be a birthday surprise.

A delicious repast was served by Mesdames J. H. Shackleford, Thos. Skinner, Grant Smith and Weir.

Mr. Jas. Slaughter acter as Master of Ceremonies and speeches of congratulations were made by different Masons present, to which Mr. Alexander made pleasing response. On behalf of the brothers, Mr. Eugene Walker in a cordial way, thanked the ladies for their part in the preparation for the banquet.

One of the biggest surprises of the evening came when telegrams of congratulations were read from Grand Master T. A. Harris and Mr. Wallace Clark who were obliged to be in Long Beach on business, and one purporting to be from President Woodrow Wilson at Washington, congratulating Mr. Alexander on his 67th birthday.

Mr. Alexander is a Past Grand Master and is one of the most prominent Masons in the state. He has held practically every important office in the order.



The Masons say, "Who will be the next. Would that we had more Harry Shacklefords."

If you have any old rags, papers or iron, ring Main 1594 and we will send you a member of the Race who will give you right prices and courteous treatment.

Showers of Blessing from the St. Paul Christians and Friends

On last Thursday night, Sept. 20th, about 11 o'clock, a song was heard bursting forth in sweet refrain, "I want to be ready to walk in Jerusalem just like John." A knock was heard I came to the door and a host of St. Paul Christians and friends bringing with them silver offerings and packages of eatables. Among those giving silver offerings were Brothers C. R. Cole, T. C. Everly, C. Powell, Brother and Sister Rankins and Brother and Sister P. Givens. Those giving packages were: Sisters L. Hammock, Jennie Watkins, P. Hammer, M. White, E. A. Austin, A. L. Smith, Adams, W. A. Wilson, T. C. Everly, A. H. Smith and Master Paul Payne.

In the shower came a rabbit and on his neck an inscription: "Greater is he that is in me than he that is in the world," with the request that it be preached by Rev. Holt.

Yours in Christ,
MRS. R. N. HOLT,

Mrs. Lillian Porter, after visiting three months with Mrs. A. M. Brown, returned to her home at Oakland Saturday.

SAN DIEGO NEWS.

San Diego is keeping up its record for hot weather, so far, but the Los Angeles and Pasadena people think it fine.

Mrs. P. Hubert passed through the city on her way home from the mountains, where she has been visiting her father.

Mrs. Myrtle Jefferies and her daughter, Margaret, of Los Angeles are visiting their uncle, Rev. C Williams.

Mrs. Hawthorne of Pasadena is visiting in our city.

The Missionary society of the Mt. Zion Baptist Church is taking on new life under their new president. They had a very spiritual cottage prayer meeting at the president's house. They realized $3 from the entertainment.

Mrs. Myrtle Jefferies, Mrs. Hawthorne, Mrs. Sheppard, Mrs. Norwood and Miss Jordan were sightseeing Saturday.

The junior choir of Mt. Zion Baptist Church is making broad inroads toward perfection.

The thunder and lightning at Los Angeles Friday scared some of the people so they knew not which way to run. But the pastor of the Mt. Zion Baptist Church had a much greater shock Saturday night when he was called by phone to come over at once to the house of one of his members. Thinking some one was sick, he rushed over, and upon his arrival found a number of his members and friends from the A. M. E. Church waiting to receive him and wife. Taking no time to dress, Mrs. Williams followed. They were escorted to the dining room, where the table was loaded with good things, and at the head of the table, where the pastor was to sit, was an envelope addressed to "Rev and Mrs. Williams, from Members and Friends of the Mt Zion Baptist Church." The letter contained $4.75. Those present were Mr. Gaffort and wife, Mr. Mayer of the A. M. E. Church, Mr. Brown, Mr. Griffen, Mr. Jones and wife, Mesdames Fowler, Shepard, Jackson, Morgan, and Williams, and "Dad" Freeman and wife of Mt. Zion; Mrs. Hawthorne of Pasadena; Mrs. Myrtle Jefferies of Los Angeles. A joyful time was spewt with friends until a late hour. Upon returning home we found an obstruction at the front door which proved to be small packages of good things to eat. This intensified the great surprise, and our hearts beat reponse to those of the thoughtful and generous donors.

Mrs. Hawthorn left Tuesday for her home in Pasadena after spending a few days with Mrs. E. Shepard of 12th street.

Mrs. Myrtle Jefferies left Monday by boat for her home in Los Angeles after spending two days with her uncle and aunt, Rev. Williams and wife.

Do you want to meet friendly people? If so, go to the Mt. Zion Zion Baptist Church. They make you welcome. The B. Y. P. U. is a treat. Go out and enjoy it. The junior choir will entertain you.

Mr. Geo. Malhohn is spending a few days on the racnh to see if he can gain strength after a week or two of illness.

The supervisor of missionary work in San Diego, Mrs. M. A. Hayden, held her first meeting with the sisters Sunday at 3.30 p. m. The meeting was enjoyed by all. Some of the sisters from the First Street Church were present and an offering of 85 cents was taken. Pastor Williams read from the 6th chapter of Deutronomy, and made some remarks. It was a spiritual success.

A meeting of the Negro Woman's Council of Southern California is called for Oct. 6 at the Mt. Zion Baptist Church. All women who are concerned in the uplift and welfare of the race are asked to be present.

Do not try to down a good thing because you are not the promoter. Some one must start. Sixty years ago when Farther Horton struck camp upon the spot where the U S. Grant Hotel now stands if all had stood back and looked on, the great city of San Diego, which we love so well, would not be what it is today. No plant can or will grow unless it is watered from some source. Neither can any plant, proposition or organization unless it is given the proper care by those whom it concerns. Speak of your loyalty and love for your country, or love for your children and home! You can best prove that by doing something; and you cannot do it without strength. You cannot have strength unless you combine your forces. You cannot combine without organization—so join the Woman's Council and make it strong.

The colored boys who were drafted and passed examination left Wednesday for some one of the training camps.

There was to be a wedding soon, but the young ledy thought she would wait to see if her intended had to go to war, as she did not want to be a widow.

Prof. Heath, the vocal teacher, is trying to get up a general musical concert for the benefit of the three churches. He is asking for one hundred voices. Now, if you think you can sing, come to the front.

Mrs. Fowler sprained her ankle as she stepped from the back door of the church Sunday night and has suffered much pain therefrom, but is better now.

Mrs. George Denney is recovering from her recent illness.

Eloquent Oration

to blame; generally speaking in these race clashes the Colored race has been misunderstood and misjudged. I think that is true not only of the troubles in this state but in the southern states.

"In weighing and considering the terrible tragedy that has taken place recently at Houston, Texas, I wish the public could remember that it was this same 24th regiment of Colored regulars that did such commendable work in the army's recent advance into Mexico. Not only that but I wish the public would remember that it was this same regiment that furnished during the Spanish-Cuban was an example of possibly the bravest deed that men have performed in our history. General Burt of the regular army has given us this account in a lecture that he gave a few years ago at Boston as to the Colored race: 'In Cuba after the battle of Santiago the yellow fever broke out among the white troops and many of them were stricken with that dread disease; regular nurses could not be obtained to care for them. The Colonel of this same 24th Black regiment received a request for 60 Colored men to act as nurses. Realizing the peculiar work that was required he called the entire regiment to the parade ground and told them what was needed; that he wanted 60 men to replace the regular hospital nurses who had been attacked by yellow fever, a number of whom had died, and he said to them, "I am not going to command any man to undertake the work, but I am going to call for volunteers," and then said, "Soldiers of the 24th, I want 60 volunteers of this regiment to nurse your white comrades who are suffering with yellow fever. Volunteers, three paces to the front, March." And every man in that regiment stepped to the front! But that is not all. Word came to the Colonel shortly thereafter that one-half of the men that had volunteered and been sent to nurse had been stricken down with yellow fever and that a number of them had died. More nurses were wanted. Again the Colonel called out the entire regiment of Colored soldieds. Again he told them what had happened, and again he commanded: "Volunteers, three paces to the front, March," and again every man in line stepped to the front.' This is not only an example of bravery but of loyalty in the highest sense of the term. Much greater courage was required for these black men to volunteer for that service than is required to be exercised at the batle front—in the trenches, or in a charge.

"If I could say a personal word to you soldier boys tonight that you would carry away with you I would say that under all circumstances, no matter what the provocation, be patient and self-controlled. If you obey your officers I know you will do the right thing. I know most of these men that are leading you. Some of them have been my warm personal friends for years. No braver soldiers or more courteous gentlemen can be found. If you follow their leadership you cannot go wrong. If you go to the south, as now seems certain, to the scene of this unfortunate tragedy in your race's history be sure that you bear yourselves as freemen and soldiers of this great Republic no matter what is said or done to you. Be sure that you are never the aggressor, no matter how trying the situation. Keep in your mind always that old biblical proverb that 'he that ruleth his spirit is better than he that taketh a city.' We know if you cross the water to help in this great conflict for the right of people to govern themselves that you will acquit yourselves bravely and well, but we want and expect you to acquit yourselves in that manner in every position you may be placed. You are going to assist in bringing about a peace that we hope may endure for centuries to come; an ignoble, cowardly or dishonorable peace is far worse than a just war; and if ever a war was entered into by this people for a just cause this is the one. If you doubt it, read and study with care the great announcement just made by our president. I deem it most fitting, in this connection to ask you to remember what the emancipator of your race, Lincoln said, during the great struggle to give you your freedom. He wrote in 1863: 'Peace does not appear so distant as it did. I hope it will come soon, and come to stay, and so come as to be worth the keeping in all future time. It will then have been proved that among freemen there can be no successful appeal from the ballot to the bullet, and that they who take such appeal are sure to lose their case and pay the cost. And there will be some black men who can remember that with silent tongue, and clinched teeth, and steady eye, and well poised bayonet, they have helped mankind to this great consummation; while I fear there will be some white ones unable to forget that with malignant heart and deceitful speech they have striven to hinder it.'

From The Scrap Book By J. D. Reynolds.

Negro Soldiers in the South.

[From the Scrap Book.]

The Southern states, and especially Texas, urged thereto by the riots in Houston, are demanding that Negro soldiers of the United States shall not be held in training camps or used elsewhere south of Mason and Dixon's line. The reason alleged is that such outbreaks as occured at Houston are likely to occur again, because the Negro troopers from the North resent the social and economic restrictions which are enforced against the race through the South. But this is, of course, the real heart of the whole question:

Soldiers of the United States ought all to be equally held under the strictest discipline, but otherwise they are all on an exuality.

An acknowledgment by the United States Government that any class among them is of inferi r caste, to be kept apart and confined to certain sections of the country, would be resented as earnestly in the North as it is demanded in the South. To make this distinction would be to open questions which—so far as this nation is concerned were settled, in theory at least, by the outcome of the war for the Union.

Our Negro soldiers have a record for valor unsurpassed by that of any other distinct group in the National Army.

We have no word but of blame for the failure in discipline which made the Houston riots possible, but we believe that these riots would have been impossible had the citizens of Texas shown that respect and honor for the uniform of the United States which is becoming in all citizens.

The proposal that the Negro troopers shall be trained in France because neither the South nor the North desires their company is a proposal to take the spirit out of this large and necessary section of our defenders.

We hope that the soldiers who broke out of bounds in the Texas camp will be fairly tried, and if found guilty, justly punished.

We sympathize sincerely with the families of the wounded men in Houston. But the real lesson of this painful incident is that of considerate treatment for the soldier of the nation in whatever section he may be encamped.

THE LIBERTY LOAN.

By W. D. McAdoo,
Secretary of the Treasury.

For the purpose of equipping with arms, clothing and food our gallant soldiers who have been called to the field; maintaining our navy and our valiant tars upon the high seas; providing the necessary means to pay the wages of our soldiers and, if the bill now pending in the Congress passes, the monthly allowances for the support of their dependent families and to supply them with life insurance; constructing a great fleet of merchant vessels to maintain the line of communication with our brave troops in France, and to keep our commerce afloat upon the high seas in defiance of the German Kaiser and his submarines; creating a great fleet of aeroplanes, which will give complete supremacy in the air to the United States and the brave nations fighting with us against the German military menace, and for other necessary war purposes—

The Congress of the United States has authorized the Secretary of the Treasury to sell to the people of the United States bearing four per cent interest, with valuable tax exemptions, and convertible under certain conditions into other issues of United States bonds that may be authorized by the Congress. The official circular of the Treasury Department gives full details.

There is now offered to the American people a new issue of $3,000,000,000 of bonds to be known as the "Second Liberty Loan." They will be issued in such denominations and upon such terms that every patriotic citizen will have an opportunity to assist the Government by lending his money upon the security of a United States Government bond.

It is essential to the success of the war and to the support of our gallant troops that these loans shall not only be subscribed, but over-subscribed.

No one is asked to donate or give his money to the Government; but everyone is asked to lend his money to the Governmen. The loans will be repaid with interest at the rate of four per cent per annum. A Government bond is the safest investment in the world; it is as good as currency, and yet better, because the Government bond bears interest and currency does not. No other investment compares with it for safety, ready convertibility into cash, and unquestioned availibility as collateral security for loans in any bank in the United States.

ORDER YOUR EXTRA COPIES IN TIME

The story of the Houston riot as gathered in person by our managing editor, now running in this paper will be concluded in our next issue. Its intense interest reaches its climax in that issue. Owing to the great demand for these papers we are urging the churches, organizations and individuals to get their orders in before next Friday so that we may be able to accommodate everybody. Our out of town correspondents and patrons can all be accommodated to as many copies as desired but get your orders in by the time indicated above.

State Missionaries On to Greater Service.

By Mrs. Ida H. Ford
(Cor. Sec. of the State Convention.)

The Executive Board of the W. H. and F. M. Convention Auxiliary to the California Baptist State Convention, met with their president, Mrs. A. E. Webber, Friday September 28. The workers, all filled with that usual missionary spirit, willing and ready to work, listened to the many letters from over the field, read by the corresponding secretary. The letters were all full of encouragement and gave inspiration to all.

The Board accepted the recommendation of considering two young consecrated women to train them for social service and field missionary work. One in Oakland, one in San Diego.

Our convention is looking forward to the erection of an Industrial school for the orphans of our State. The school to be located in Los Angeles.

The appointment of our president, Mrs. A. E. Webber, as State Director of California; Mrs. Mary A. Gaither, president of the Northern Convention, as our Trustee; Mrs. Lillie L. Moore, president of the Southern District Convention, as Board Member—all to work with the National Baptist Auxilary—will broaden our work, open to us many avenues of greater work; get better acquainted with every Baptist family—arousing them to greater service—thus reminding us of our duty set forth in the Great Commission:

"Go ye into all the world and preach the Gospel to every creature."

Yours for greater service, to know more of the working powers and to encourage all,

I remain yours,

All-American League's Big Loyal Demonstration

All-American League Holds Patriotic Meeting

Inspiring Program Presented

(H. Douglas Greer)

Actuated by intelligent motives for loyalty and i mpasisoned clues for patriotism, the two branches of the All-American League held a joint session in the Auditorium of the Violet Street Playground on last Saturday evening, Oct. 6th, in compliance with the request of the Governor of our State, the Hon. William D. Stephens, urging that all schools, churches, labor unions, fraternal orders and leagues engage in some sort of patriotic exercises for the purpose of engendering true spirits of patriotism and renewing our pledges of loyalty and devotion to the State and National Governments in this dark hour.

Governor Stephens, in addressing his proclamation to the citizens of California, said, "I especially lay upon every presiding officer of every school, church, labor union, fraternal order or other organizations in the State the duty of preparing and conducting such a service, at the meeting of his organization held during the week from Sept. 30 to Oct. 1st, to the end that all the people of California may solemnly unite in an expression of their loyalty to our Government in this day of preparations for battle."

It is generally known that the All-American League is a patriotic organization, composed of citizens whose loyalty in any national crisis is absolutely unquestioned, and who have always served and observed the best interest of the nation, and we find them today, as they have been known in the past, supporting and sustaining the institutions of our Government with the conscious belief that they are worthy and deserving of this support.

The program presented by the League on this occasion was instructive and inspiring.

In the absense of the State Chaplain, Rev. E. E. Lightner, Prof. Chas. Alexander very belittingly offered the invocation, that success might attend our righteous cause and justify our entrance into this world's war.

Mr. J. C. Colly, President of Branch No. 1, All-American League, clearly defined the position that we bear to the nation, and waving "Old Glory" entreated every lover of liberty and fair play to come out with our organization in Freedom's name "for her to live, for her to die." The objects and purpose of the League were presented by Mr. J. B. Bass, editor of the California Eagle. H. Douglas Greer addressed the gathering on the subject of "The Republic of Manhood" in which he declares that God made the Heaven and the Earth. He also made man in His own image and likeness, and assumes no responsibility for color or nativity, nor does He offer any apology for the different races. Man's birthright is humanity and citizenship. Those inherent rights are not to be denied by any profession, institution or classification. We are men before we are members of any race or classification and as such are privileged to live and enjoy the blessings of this earth as was the design of Him who created it.

Mr. William E. Easton, whose unshaken belief in the principles of Democracy has enabled him to imbibe the spirit of Americanism to the saturation point, delivered a masterful address on the "Duty of the Hour." Mr. Easton called into existence the story of the hero of the American revolution, Crispus Attuck, who shed the first Christian blood on Boston common in defense of American liberty.

Attesting further to the valor and bravery of the "Black Phalanx," Mr. Easton summoned the heroes of Fort Wagner and Sumpter, San Juan Hill and Carrizal that he might parade their love and sacrifice to the nation. Attorney Hugh E. Macbeth, returning from a recent visit t oMexico, gave an illuminating account of his trip and declares that native and foreign elements of citizenship must unite in this struggle to help "make the world safe for Democracy." Nations because the love of home and country is an emotion and instinct, foreigners because of the fact that America secures for them happiness and affords them a protection which they did not enjoy in the country of their birth.

Resolutions were adopted, copies of which were forwarded to the President of the United States, Hon. Woodrow Wilson, Gov. Wm. D. Stephens, Mayor Woodman and record placed on the minutes of both branches of the All-American League. The following telegram was received from the Governor of the State of California:

Sacramento, Cal., Oct. 6, 1917.
E. Easton, Custodian,
State Offices, Union League Bldg.,
Los Angeles, Cal.

Please convey my greetings to the meeting of the All-American League tonight. I have a deep interest in all activities calculated to awaken the patriotic spirit which is so essential to prosecution of the war. Best wishes for a successful rally.

(SIGNED)
WILLIAM D. STEPHENS,
Governor.

Flag Daily Resolutions

Whereas, The Government of the United States is now in a state of war with Germany, and our patriotic Governor, William D. Stephens, has set aside a period for the citizens of California to gather in their civic bodies for the purpose of re-affirming their allegiance to the Government of the United States, and to study ways and means for the furtherance of the Nation's purpose in this great world war, and

Whereas, The All American League of California having brandhes in many of the principal cities of this state, are organized for the increase of patriotic zeal, broader humanity and a greater liberty for all Americans in the enjoyment and realization of the highest ideals of a true democracy, be it

Resolved, That Branch No. 1 and Branch No. 2, Los Angeles, of the All American League of California, now in joint assembly, do herewith re-affirm their allegiance to their Government, tender their earnest support to the Chief Executive of the Nation, to the Governor of the State and the Mayor of the City of Los Angeles, and to all constituted authorities of our civil government, to the end that the Nation's energies and resources shall be conserved to the Government of the United States in the conduct of the present tremendous struggle for the world's democracy; moreover be it

Resolved, That during the said period of a state of war, there shall be a cessation of the industrial and economic struggle or race varieties and classes, to the end that indeed the American citizen's support of the Government in this the period of her greatest travail, shall be Undivided, Unquestioned and Unabated to the final Victory of this great contest for the World's Democracy.

Resolved, That copies of these Resolutions be engrossed upon the Minutes of Branch No. 1 and Branch No. 2 of the All American League of California, and furthermore, that copies of said Resolutions be forwarded the President of the United States, the Governor of the State of California, and to the Mayor of the City of Los Angeles.

Submitted,
HUGH E. MACBETH,
President.

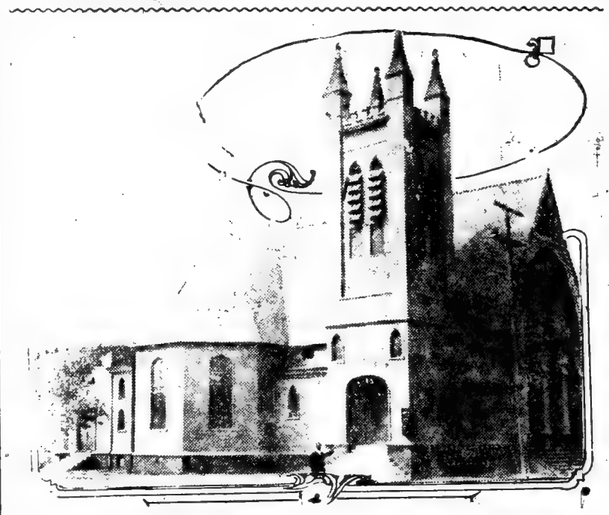
BROTHER LUKE AT THE BAT

October 10, 1917.

To the Editor of the Eagle:—



A few questions to Mr. Hoke Smith of Georgia, Senator Tillman, Vardaman of Mississippi and Blease of South Carolina—and all of the fire eating Southern representatives. These questions apply to them and them only.

The Constitution of the United States covers all of the States. If this be true, why is it and how is it that the National Government does not interfere when part of its subjects south of the Mason Dixon line are mistreated and slaughtered in so many ways? The Negro has played his part in every part of the government. Now then, the crisis is at hand, and the National Government is building our beautiful homes, and fitting them up with beautiful furniture. The significance of it all is but to show that all great and large things have a small beginning. Even though developments may be to the greatest heighth and breadth, and possess the greatest strength, grandeur, and greatness. The smallest seed sewn in a fertile spot, becomes the source of many a harvest.

Each drop of rain coming to its own compose the shower. Moving on to its mysterious level, forms the great ocean by which the commerce of the great nations are carried on and for the happiness of mankind.

The educational world finds similar advancements and developments from childhood to manhood. We are learning every day, each word, each sentence, and each lesson forms a part of our educational constituency, until we have achieved such scholastic attainments that we are declared graduates to the capability of life's great work.

Following the history of Biggers' Business College, an institution from which so many have hailed, we are inspired through its remarkable epochs to feel that we as satellites around this haven of intellect, may shine out, too, and cast a ray of light in the struggling pathway of life to those who are following in the beaten path of fame, and we will view with joy and inspiration the growth from the acorn to the oak.

The historic Eighth and Town Ave. First A. M. E. Church, where the pastor, Rev. J. Logan Craw, will preach Sunday morning at 11 o'clock and where Prof. Elmer C. Bartlett, organist, will render at 7:30 p.m. sharp, the first grand sacred concert of this Conference Year, with the orchestra and choir of 60 people besides distinguished invited artists who will appear on the program. At 6:30 o'clock the public installation of the Allen Christian Endeavor officers will take place. Be on time for a good pew and come to enjoy this Sabbath Day in this "House of the Lord."

ORATION "FROM THE ACORN TO THE OAK"

By Mrs. Marie Jeter, a recent graduate of Biggers' Business College

"Tiny seeds make many a harvest,
Drops of rain compose the shower,
Seconds make the ying minutes,
And the minutes make the hour."

The acorn, though very small, becomes n ages the giant oak, and from the oak many useful articles needed in the comforts and utilities of life become the instrumentalities of man's handiwork.

The acorn is not always planted by the careful hand with the expectation of growing the sturdy oak, it is more or less scattered by the wind; but it matter not how it is planted, its presence in the soil creates a vortex of motion and change; the seed, as it germinates and grows, draws the particles of soil into its own composition and structure, imparts to them a higher nature, changes the sand, and makes it a co-operative concern in its vital constituency, combines the elements of the dew and sunshine, brings all the power and elements of nature into the art of progressiveness, where growth and production are constant symbols and signs of how great things come from little things.

Through these unseen degrees the acorn becomes the giant oak. The question comes to us, "What is the usefulness of the oak?" From the giant old oak that springs from the acorn, we get valuable lumber for

says that all of its people must stand shoulder to shoulder against our common enemy, and yet in the crisis, this murder and blood-spilling does not cease. The Negro has won every war for America, but one, and the so-called white men and women of America boast about the bravery and of the fighting quality of the Negro soldiers, and yet the Southern Legislatures do not say a word, or in other words, try to stop this bloodshed.

It is said that America's National Government, our Government is based upon the Bible. If that be true, why is it and how is it that the white preachers of the south more especially, and some of the Negro preachers thrown in for good measure, won't raise one finger against this gigantic slaughter, yet they say that our salvation rests in the Bible. If our white brethren's religion is not strong enough to stop the bloodshed of the Negro race and the Jim Crowism throughout the land, I don't want that kind of religion. From the actions of the so-called Christians of our land, it means a separate heaven for blacks and whites and a separate hell for blacks and whites. I consider that religion is to help the widow, educate the orphan and visit the sick and to do unto others as we would have them do unto us.

The spirit throughout this land among the white people is to eliminate or in other words exterminate, the Negroes, in my view. That was shown when ex-President Roosevelt on one of his tours through the south said to the white people of the south: "Would you exterminate or do away with a thing that keeps you in existence?" What he meant by that was—the Negro has always been a chattel slave for the white man of the south and now a wage slave for the white man. The white man has tried all nations to supplant the Negro in the south, but he has failed every time.

I have noticed that the great evangelist known as Billy Sunday has never said one word to his southern white brother, and all who prey upon the Negro as a vulture upon the carcass. Every since ex-President Hayes in 1876, and Tilton's troubles, when President Hayes withdrew the soldiers from the south, the preachers of my race and the white preachers of the south haven't said one word.

I hope while the Negro soldiers are marching toward France, and making history for America, that the Negro will be found in a place in that history, so our children will know what their forefathers did in the 1917 or 18 war of the world.

Every Negro man, woman and child in America is watching the trial of the 24th Infantry of the Houston riot.

Very respectfully yours,
L. C. LUKE.

REPORT PROVES TO BE A HUGH CANARD

Thursday evening excitement ran to its highest pitch upon receipt of the news that Atorney Clarence A. Jones had ben waylaid and murdered in the vicinity of his home on W. 45th St. but many credence was given the report on account of the fact that there had ben some opposition to Jones moving into his own house by some of the red necks who live in that section. But on investigation by his friends, Jones was found embraced in the arms of Morpheus, oblivious of the red necks, and thus was shattered again the prolific tongue of those who gossip.

The Canard

Somebody (supposed to be Red Necks of this neighborhood), telephoned the police department that C. A. Jones had ben waylaid and murdered, as the same time they called Roberts the undertaker to send out the dead wogan for Jones' body. The police went to the undertaker also, but they met Jones who drowsily rubbed his eyes but was much alive. In the meantime this story had spread like wildfire and excitement prevailed a way incidents leading up to this affair.

Atty. Jones informs us that immediately after moving in his home at 234 West 45th St., has office attendant, Mrs. Thomas received daily telephone calls threatening personal violence and destruction of his home if he did not immediately move out. The attorney paid little attention to the threats, but carried his winchester to the hardware store in the neighborhood to get a supply of cartridges in accordance with his casual custom of having a supply of ammunition at the house. At no time have the neighbors approached him personally, but a series of meetings have been held in the neighborhood, handbills announcing each meeting have been scattered broadcast in the neighboorhod with the caption, "Undesirables must go." A menace to our homes. The invasion of those who bring social disaster and financial ruin must be stopped.

ST. PAUL BAPTIST CHURCH

Last Sunday marked another high day at St. Paul. Pastor Holt having just returned from the National Baptist Convention which convened at Muskogee, Okla., and visit to other parts of the east, came to his pulpit filled with good things. An appreciative audience listened to a brief sermon, following an old-time Covenant meeting at eleven. Arrangements having been made to hear Dr. Holt's report of the work of the Convention, St. Paul Church was filled to overflowing at 3:00 p. m. The absence of associate pastors was noticed, but members from almost every church in the city sat for one hour listening to this orator, schalor and pupitor draw upon the canvas of every mind a vivid picture of this great convention in session; showing and following the program of the convention, and explaining in minute detail from the moment Pres. Morras let fall the historic gavel calling some ten thousand persons to order, until the departing trains carried the last messenger out of the yard limits of Muskogee. Not only did he tell of the work of the convention, but produced speeches of more than a dozen orators, including Hon. R. L. Williams, Governor of Oklahoma and Dr. C. T. Walker, the world's greatest preacher.

All who heard Dr. Holt was both amazed and bewitched by his flow of language and oratorical flights which brought the audience to its feet amid applause. Dr. Holt will speak at Mt. Zion Baptist Church, Sunday, Oct. 14 at three p. m., and at Pasadena at a later date, by invitation. Every Sunday is a big day at St. Paul, come over and visit. Mix with the crowd, get acquainted and see what is going on at "Litle St. Paul." All are welcome and invited.

God is with us, will you come?

NEW STAFF REPORTER

The California Eagle has secured the services of Mr. Floyd G. Snelson, Jr., formerly editor of the Columbus (Ohio) Independent; at one time a prominent news journal of our race in the Buckeye State.

Mr. Snelson has also been a member of the editorial staff of The Guardian, Boston, Mass.; The New York Age and The Chicago Conservater.

Floyd G. Snelson, Jr.

He is the son of Rev. F. G. Snelsol, pastor of St. Mary's A. M. E. church, Chicago, who is well known in California, having pastored at San Franeisco several years ago.

With the assistance of Mr. Snelson The California Eagle hopes to furnish its readers in the future with the best possible service, which will interest our patrons greatly.

Watch the Soaring Eagle.

Mr. S. P. Johnson, the man of the hour in social, religious and fraternal circles, has returned from a successful trip to the 30th annual convention of the International Labor Union at Kansas City, Mo., where he was elected for the 11th term as general secretary of that organization of eight thousand members. Mr. Johnson being the only odd fellow among them, odd in this case, however, because of his color.

The Eagle is proud of your record, S. P., in this organization. Go on and continue to make good, and you will win a place for all men of color in labor organizations.

REPRESENTING THE NATIONAL LIFE INSURANCE CO. OF U. S. A.

They are both splendid gentlemen of the best character and will make worthy representatives of this great company and will give to the people the best service in their line. As the people are now educated to the fact of insurance, they will doubtless receive at their hands a strong support.

The great First A. M. E. church has sustained great loss in the demise of the late Rev. W. W. S. Dyett, who passed away Monday evening at 7:55 p.m. at Oakland where he went to live at the close of the last Conference session.

Rev. Dyett's last charge was at Pasadena, where he labored ardently for three years until his health practically failed, and even though he has been in poor health for the past few years Rev. Dyett's death comes as a shock to his wife, two children, a host of friends in this and other sections of the country, and the great church of which he was a part.

WARD CHAPEL A. M. E. CHURCH

Rev. J. W. Price, Pastor

Our services as usual Sunday were up to the high standard. The pastor spoke at the morning service of self cheating, Prov. 14:12; in the evening, "What a Christian Should Wear." Eph. 6:11.

Our first quarterly meeting for the Conference year was held Sunday, the sermon was delivered at 3 p.m. by the Rev. W. C. Davies, pastor at Watts. This was indeed a spiritual treat and all present had a good time, and the Presiding Elder, Rev. J. H. Wilson, assisted by the Rev. Dr. Craw and other visiting brothers administered the Lord's Supper and all left rejoicing. At the quarterly conference Monday night the report were very gratifying and the Presiding Elder was much elated.

Sunday's services as usual. Sunday school at 9:30 a.m. Junior Endeavor 5 p.m., Senior Endeavor 6:30 p.m. Preaching at 11 a.m. and 8 p.m. All are welcome

WESLEY M. E. CHURCH
8th and San Julian Sts.

Rev. A. P. Shaw, Pastor

Last Sunday was a great day at Wesley. In spite of the fact that it was Conference Sunday the attendance and offerings were up to the usual standard. At 11 a.m. the pastor preached, using as a theme, "Life's Building That Will Stand the Fire Test."

In the evening Rev. Danley of Fowler, preached. Two persons united with the church.

This Sunday promises to be one of unusual interest, the pastor having been re-appointed to the charge for the ensuing year it determined to put in his best efforts to make this the banner year in his and the church's history.

The morning sermon subject will be, "What Wilt Thou Have Me to Do?" The evening subject will be, "Lord Teach Us to Pray."

Our motto this year will be "Everybody Working Together With God Everybody Doing His Best at His Post. No Slackers But All Patriots of the Kingdom of Heaven."

All members and friends are hereby urged by your prayers, sympathies and presence to assist us in making this Sunday the banner beginning of a banner year.

Strangers all welcome. Pray for

FIRST A. M. E. ZION CHURCH
Pico and Paloma St.

Rev. B. C. Robeson, Pastor

Last Sunday was a gala day at Zion. The home-coming of our returned pastor in the person of Rev. B. C. Robeson, who guides the destiny of our flock for another year. The church magnificently welcomed him back. The Bishop was there (Bishop I. M. Kyles), the presiding elder was there and a galaxy of ministers were on hand, all to lend weight and grace the occasion.

Contrary to expectations the pastor did not preach, but in his stead the presiding eldgr, Rev. W. W. Matthews, was selected. He chose his text from Matthew 12, 25th verse, "Every City or House Divided Against Itself Cannot Stand." Advised all to take to higher ground, and put aside petty spite and bickerings. Let there be no animosities in the ranks of the church. Love one another.

In addressing the men among other things he said: "Men lose their power and influence in the world when they sever their connection with the church. This truth can be witnessed on all hands.

The presiding elder being a man of fine appearance and address heightened somewhat a very impressive discourse. So pleased was the congregation that $26.48 was laid upon the table at the conclusion of the address.

Rev. Robeson made a talk and trustees and members pledged unanimous support for the ensuing year and in unison showed their appreciation for his last year's service here.

Bishop Kyles reported progress all along the coast, and the trend of his talk and thought was that some day in the distant future California (Los Angeles) might be his home.

The choir has a new acquisition. Prof. Bynum, for a number of years leader of the First A. M. E. choir, 8th and Towne, will hereafter be with Zion and lead the choir and be of whatever service he can.

The Pastor will speak to us next Sunday at 11 a.m. on "The Faithful Job." At 8 p.m., "A Preacher's Plea." Good ventilation. Everybody welcome.

FIRST A. M. E. CHURCH NOTES
Cor. 8th and Towne Ave.

Rev. J. Logan Craw, Pastor

Magnificent indeed was the thronging congregation that worshipped at First Church in our first quarterly meeting services. Presiding Elder, Rev. J. H. Wilson delivered two helpful sermons and there were three accessions to membership. Between three and four hundred members communed, while the offering surpassed any of its kind on Communion Day for the past two years. Dr. E. W. Kinchen of Pasadena, was a distinguished visitor at the morning service. Our massive choir entransed and charmed both congregations with gospel and classic music that thrilled every soul. You are welcome to the Sunday services which begins promptly at 11 a. m. and 7:30 p. m. Be on time for a good pew.

Sunday morning, promptly at 11 o'clock, the pastor will open Ritualistic service. The only sermon of this Lord's day will be preached by the pastor in this morning service and augmented by special choir selections, all are promised a blessing who will attend.

At 7:30 p. m. under the direction of Prof. Elmer C. Bartlett, organist, the choir and orchestra of 60 persons with numbers from talented visitors will render a grand sacred concert. This is the first of a continuous series of musical and literary treats that will be given throughout the entire conference year, every six weeks at First Church. Come to the Endeavor at 6:03 and stay through this grand sacred recital. Everybody welcome.

Ours is a big Sunday School from 9:30 to 10:50 a. m. each Sunday. Come.

The services at this church were of a very high order on last Sunday. The pastor continued his series of sermons on the lives of great men of the bible and preached on the life of Abraham at the morning service. The services were very much enjoyed. The sacrament of the Lord's supper was administered at both the morning and evening services.

The ladies of stewardess board, number one held a very interesting session on Monday evening and elected officers for the year. The ladies pledged themselves to do a greater work this year than the last year's work.

The ladies of stewardess board number two, met on Tuesday and laid plans for the work of the year. The meeting was enthusiastic and full of promises for a great year's work.

FRIENDSHIP BAPTIST CHURCH

Good soul stirring sermons are regular occurrences at our services. In spite of this fact, the pastor at frequent intervals seems to go down deeper than ever into the word, bringing up a bounteous supply of food for the hungry soul. Last Sabbath morning was the occasion of one of these superhuman efforts and everyone who heard the sermon is still feasting upon its fruits.

The Women's Home and Foreign Missionary Society held its regular monthly business meeting on the afternoon at 3:30.

B. Y. P. U. services were up to their usual standard owing to the untiring efforts of the devotional and program committees. Their service starts regularly at 6 o'clock sharp in order that they will have completed their sermon in time for the evening session to start at 7:30.

The missionary weekly meeting will be on Friday at the home of Mrs. Ernest Griffen on Mundell Dr.

The Missionary Auxiliary will be guests of the pastor on Tuesday evening at the parsonage. A very worthy effort which should receive the encouragement and support of everyone is the musical program being arranged by Mrs. Hicks to be presented at Maccabbee Auditorium on Oct. 16th. The entire proceeds of this entertainment will be donated to Brother and Sister Wilson who have been on the sick list for some time.

The pastor will preach at both services next Sunday.

FIRST A. M. E. CHURCH

The attendance on last Sabbath was large and seemingly appreciative. Four persons united with the church.

Mr. William Prince is succeeding in his efforts to increase the Sunday school in numbers and efficiency. The president of the A. C. E. League, Mr. Clovis Fouche, is determined that the League shall grow from every viewpoint. Mrs. Frank Prince entertained the Ladies' Aid Society Thursday afternoon.

The colored patriot after all, it seems, will not be denied, as due preparation is now being made for his mobilization.

You cannot discount a man who is doing the things worth while His acts and deeds speak for themselves

The Jim Crow Negro is still walking his beat and it is necessary to keep not only your eyes open but your ears as well.

When you meet a man who brags of the influence he is making, it's a safe bet that he has no influence and that his wife is making the living

The Baptist Women's Home and Foreign Missionary Society are to be commended for their efforts to establish an orphan's home As we are told, it is a very long felt need

THE PEOPLE'S FORUM

We are running in this issue an article for L. C. Luke without any apology for so doing. This paper is the people's Forum, coming to these portals you may always be heard Mr. Luke is an ex-slave; he has not had the chance that many have had, but with all that he always has his ears to the grass roots and listens to the sound that comes from the people and in his own way, from what he gleans, heralds it to the public for their own delectation.

The Welfare Committee of the Council may rest assured that the colored citizens of this city have not the least idea of sending anybody before them asking for a Jim Crow fire department. All that is asked is that the colored citizens who take the civil service examination be given the same treatment and the same consideration as any other citizen. Their ambition is to succeed on merit and not on color; give them a square deal, that's all.

SENATOR LYON WOUNDED

No part of the constituency of Senator Henry Lyons is more distressed at the unfortunate occurrence of the tragedy and attempted killing of the Senator than his colored constituents, and they truly hope that he will speedily recover and that no cloud will rest on his good name on account of the unbalanced reason of an irresponsible woman who has been disappointed in some iridescent dream of love.

SUPERVISOR NORTON FOUND GUILTY

The trial of Supervisor Norton in the Superior Court this week resulted in a verdict of guilty by a jury of his peers and thus, for the time being, at least, ends the political career of one of the most spectacular officials this county has ever had. He has at all times been a fighter for the things which he thought were right, but through the maze of financial routes, it seems without intent of wrong doing he has unconsciously overstepped the law, and hence this trial. An old axiom, "Ignorance of the law excuses nobody," held good and the penalty is the forfeiture of his office.

ALONG BUSINESS LINES

In our last issue we launched our drve in which we hope to awaken the people to the fact that they must realize the importance of making openings for themselves When they do this the problems which confront us will vanish like the snow from the rays of the noonday sun, and the various business concerns will grow and flourish like the green bay tree.

It is self-evident that we must first establish a base; in other words we must produce something and we now have that opportunity, and why not accept it. In our article of last week we pointed out the fact based on a reasonable hypothesis, as to how we could rear in this section a great candy factory.

By concentrating our efforts along that particular line, we also pointed outthe possibility of developing our great mining concerns and take from the bowels of the earth its teeming millions. When we have qualified along these lines we have done the things worth while and we shall then be in a position to qualify along real business lines. We cannot sit down and wait for these things to come to pass; we must make them come to pass. And to do so we sometimes need to make sacrifices, which, in fact, are but temporary at that, as the returns will be ten-fold.

So it is well to investigate and if found worth while, do your bit for its success. We have an abiding faith in the ultimate success of our local mining opportunities and believe that this same success means much for the future of the race in this country, and to develop the same these companies need the support of the people whom they desire to help, so in coming to their relief we help in more than one way. We provide for ourselves and we boost the race; every line of business effort will be the beneficiary thereof.

NEGROES SEEK FULL EQUALITY.

A special to the Christian Science Monitor, New York, from its Eastern Bureau, says:

"In this world war Kaiser Wilhelm of Germany and President Wilson of the United States of America have a similar opportunity and responsibility, the former to grant democracy to all the people of his realm, and thereby pave the the way for peace negotiation; the latter to grant democracy to 15,000,000 loyal citizens, denied in the republic over which he presides, and thereby gain additional strength to secure peace by success in arms," says a statement issued by the National Equal Rights League and called an "Address to the Country."

The league, at its meeting here voted to send seven delegates to the Colored Liberty Congress at Washington, D. C., in December, and to employ a legislative agent at Congress to watch hostile legislation. The Rev. Byron Gunner of Hillburn, N. Y., was re-elected president; Wm. Monroe Trotter of Massachusetts, secretary, and Thomas Walker of Washington, D. C., treasurer.

"Born on American soil, our ancestors here for centuries, we, like the rest of you are Americans, and speak as true Americans," continues the address to the country.

"Having watered the American soil with our tears, enriched it with our blood, defended it in every war, never disloyal or untrue to its best interests, manifesting new common interest with all true Americans in its welfare, honor and glory, we—in our hour of extremity—appeal to your conscience, sense of justice and fair play, an demand that the many outrages and indignities cease and our race be accorded rights and privileges accorded other Americans.

"Despite progress we are still surrounded by an adverse sentiment which makes our lives a living hell. We are shut out by trades unions and refused work. We are rejected in business, in professional services, and even by the Goverment as clerks, solely because of color. The Senate of the United States has gone so far as to have a Jim Crow corner in the gallery. Neither the churches of Christ nor the courts of law have overcome the color line. In our Southland it has long been the custom, when a colored man is accused of a crime, to set aside the usual processes of law and turn him over to the mob to be stabbed, hanged, shot or burned at the stake—outrages that would not be permitted in any other coutry on the globe.

"The most discouraging feature is that the pulpit is usually silent and the press silent, if not siding with the mob.

"The inhman outrages have been winked at by those in authority until they are no longer confined to the South, but are spreading throughout the entire country and casting a blot upon American civilization that cannot be effaced.

"At a time like this, when our country is in war to uphold democracy and to prove to the world that our Government is the best on earth, and as President Wilson we should 'establish in this country justice with heart in it and sympathy in it,' it behooves the American people to make these outrages against humanity impossible. Not only should the world be made safe for democracy,' but 'democracy should be made safe for the world.'

"We denounce the East St. Louis horror as the most awful outrage that ever happened in the civilized world. We call upon the sentiment of the country to help us. We demand that the Federal Department of Justice investigate this outrage and prosecute the guilty parties to the full extent o the law."

Rev. and Mrs. G. P. Isaacs hav removed from Pasadena to their Monrovia home.

"THE GREATEST LIVING AMERICAN"

Met By Race Men, Who Were Graciously Received.

[From the Kansas City Sun.]

A delegation of prominent colored men, upon an invitation extended by Ex-President Theodore Roosevelt, soldier, statesman, hunter and the greatest living figure in the world today, visited him at his stopping place while in this city last Monday at 3 p. m. at the palatial residence of Hon. I. R. Kirkwood, son-in-law of the late Colonel Wm. R. Nelson, founder and editor of the Kansas City Star, and were previously received by both Col. Roosevelt and his host, Mr. Kirkwood.

After being ushered into the magnificent reception room of the Kirkwood residence, Mr Nelson C. Crews, as spokesman of the delegation, introduced the members of the party to the ex-President, and after an exchange of greetings briefly stated their pleasure in having this distinguished honor conferred upon them of being permitted to meet the distinguished guest, to express their confidence in him and to thank him for his manly and courageous stand for the race in the recent controversy with Samuel Gompers of the American Federation of Labor at the recent clash in Carnegie Hall, in New York City. Mr. Crews said that when Abraham Lincoln uttered those splendid words in which he said, "Government of the people, for the people and by the people shall not perish from the earth," he gave utterance to a lofty and magnificent sentiment; but when you, Col. Roosevelt, gave utterance to that stirring sentiment, "All men up and no men down," you forever endeared yourself to every Negro beneath whatever flag he may live in the civilized world.

Mr Crews then presented Dr. William Thomas, the scholarly and eloquent pastor of Allen Chapel, who briefly but eloquently stated the difficulties under which the race has labored, the struggles through which it was passing and the need of strong and powerful friends, and in conclusion, said:

"Mr. Roosevelt, give us a text—a theme—a message of inspiration to carry to our people and we shall feel that our mission shall not be in vain."

Col. Roosevelt seemed to be deeply affected by the eloquent plea of Dr. Thomas, and though he gave visible evidence of fatigue, having just returned from the memorable banquet extended him by the commercial bodies of the city, yet he entered with the Roosevelt vim and spirit into a brief discussion of the conditions surrounding the colored people, told how it was his intention, if he had been permitted to organize a brigade for service in France to have had one colored regiment with Colonel Young in command of that regiment and all the officers colored, and vehemently said:

"I would have expected every man from that regiment to have measured up to the highest possible standing, because I know more would be expected of them than of other elements in my regiment; but, as I was not permitted to organize that brigade, I can only say to you:

"Be brave, be not weary in well doing, be patient but progressive; trust in God and respect your fellows, always remembering that all things which are possible are not always expedient. I thank you, gentlemen, for having paid me this call, and you tell your race that that justice and right will eventually prevail."

NEW HOPE BAPTIST CHURCH
1623 Paloma

Rev. A. Lively, Pastor

All services at this church were well attended last Sunday and all present were greatly blessed. The pastor, Rev. Lively, preached on the subject, "Thy Will Be Done," which was immensely enjoyed by all. This being the first Sunday the Communion was administered to a large number of members. There were three accessions to membership at the evening service.

We all rejoice to note the continued growth in interest and attendance of the Sunday school and the Young People's Union.

All are welcome at this church.

THE PEOPLE'S INDEPENDENT CHURCH OF CHRIST

Cor. 18th and Paloma Sts.

Rev. N. P. Greggs, D.D., Pastor

The second anniversary of the People's Independent Church was celebrated on last Sunday with two inspiring, soul stirring services. A large and enthusiastic audience greeted Pastor Greggs on each occasion, and was benefited beyond measure by his wonderfully inspiring messages.

Preceding the morning sermon the declaration of principles was most impressively read by the reading clerk, Bro. F. H. Crumbly.

The pastor's texts were as follows: A. M.—Hebrews 11:24-27; P. M.—Ex. 14.15. With his usual eloquence Pastor Greggs briefly reviewed the marvelous history of the church, and paid especial tribute to the forty-seven founders. He then plunged into the depths of his text and drew many practical lessons from the faith and wisdom of Moses, and from God's command to Israel, to go forward.

The joy and enthusiasm with which the messages were received showed that the members are proud of their history and grateful to God for the abundance of blessings which He has poured out upon this church. Five were happily converted, nine accessions to membership were recorded. The music by the choir was especially effective and well rendered. Miss Juanita Patton, the star young soprano, rendered a beautiful solo at the morning service.

Prominent among the visiting ministers was Rev. E. W. Kinchen, the beloved pastor of Scott's Chapel of Pasadena, who made some very encouraging remarks. Rev. Seldon, presiding elder of the Los Angeles district of the C. M. E. church, was present at the morning session and assisted the pastor in the communion service.

We sincerely thank our many friends for the beautiful wedding present, and to announce that we are at home, 218 24th Ave., North Seattle, Washington.

LOS ANGELES TRIBUNE PRAISES RACE PATRIOTISM

Again the Los Angeles Tribune goes to the bat editorially for the race. If other dailies and the pulpits of the country would speak right out as does the Tribune in defense of race discrimination in business channels, the colored citizens of this state and country would at least be privileged to enjoy the rights of citizenship to the extent of competing with other peoples in this country, in the trades and professions, and so great would be the spirit of prosperity that the idea of social equality would hence forth be erased from the minds of the people.

BLACK PATRIOTS

We are not surprised to learn that 526 men out of the 691 negro cavalrymen of the regular army stationed at Fort Huachuca, in Arizona, subscribed for $47,000 worth of Liberty bonds. Circumstances and conditions considered, that total is a really great subscription. We think we speak the truth of those black boys when we add they are as willing to give their lives to the government as they were to give their money.

It will be noted that their subscriptions were not rejected. Their dollars can be utilized, it seems, as profitably as dollars subscribed by any other citizens. In this respect the negro citizens of Los Angeles are on exactly the same footing as the negro cavalrymen. So far as we are advised, the tax collector has not yet refused to accept their tax money on the ground that their skins are black.

It is only when the negro presents himself as a candidate for public place that it is suddenly discovered that the color of his skin is an insurmountable objection. Even if he proves his merit competitively through civil service tests, he finds the door of opportunity inexorably barred. When there is a distribution of the obligations and burdens incident to citizenship, the black man is not overlooked. According to his means he bears not only his share, but more than his share. If equality is to be enforced in that respect, it should apply in every relation that is based on the fact of citizenship.

STATISTICS SHOW PROGRESS OF RACE IN LESS THAN SIXTY YEARS

John Mitchell Jr. of Richmond, Va., the only representative of the race affiliated with the American Bankers' Association, which held its annual session Tuesday, Sept. 25, at Atlantic City, N. J., thrilled a great white audience when he addressed them relating facts showing the great financial progress. He said:

According to the U. S. Census Reports for 1910, there were (9,827,763) nine million, eight hundred and twenty-seven thousand, sevent hundred and sixty three colored people in this country. Of this number, (7,915,332) seven million nine hundred and fifteen thousand, three hundred and thirty-two reside in the State of Virginia, North Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Texas, Tennessee, Missouri, Oklahoma, Arkansas, Kentuck and West Virginia.

This leaves (1,912,431) one million nine hundred and twelve thousand, four hundred and thirty-one residing in the northern and west states. Granting that the exodus northward and westward assumed huge proportions, it is safe to say that the difference will not exceed one hundred thousand. The bulk of the population will remain where it is. Far-seeing southerners are already diplomatically making chances industrially and commercially in the Southland, both as to wages and living conditions in order to check this immigration.

They have been calling into consultation some of the oldest colored leaders in that section of the country with a view of finding a remedy to cause a cessation of the unrest. The value of the property of the colored people in this country has been estimated to be seven hundred million dollars. Add to it the deposits in the banks of the county and it will be found to be much more than that. The value of the farm products, such as corn, wheat, oats, rye, rice, hay, potatoes, sweet potatoes, cotton, tobacco, cotton seed, etc., will total six hundred million dollars per annum.

Virginia is one of the southern states which segregates the value of the property of its white and colored citizens. The former had about two hundred and fifty years' start on the latter. The value of the colored people's property at the close of the Civil War was and is usually placed at zero. In his annual report for 1916 to His Excellency, H. C. Stuart, Governor of Virginia, Hon. C. Lee Moore Auditor of Public Accounts shows the value of colored people's property real and personal to be ($41,081,460) forty one million and eighty one thousand, four hundred and sixty dollars, an increase of $3,232,487) three million, two hundred and thirty two thousand, four hundred and eighty-seven dollars, two hundred and thirty-two thousand over the year of 1915.

The colored population of Virginia is (671,096) six hundred and seventy-one thousand and ninety-six. These colored people own (1,730,980) one million, seven hundred and thirty thousand, nine hundred and eighty acres of land an increase in one year of (56,157) fifty-six thousand, one hundred and fifty seven acres. The per capita value of the wealth of the colored people of Virginia as shown is $59.70) fifty-nine dollars and seventy cents. This does not include the amount of money on deposits in the

If the present acreage owned by the colored people were divided up, banks of the country.

it would give each man, women and child two and one-half acres. It seems then that the wisdom of your officers, especially your very able Secretary, in extending the blessing of this thrift movement directly to the colored people is apparent. As a preliminary movement I named the following persons to co-operate with me in this great effort: Major R. R. Moten, President of Tuskegee Institute, Alabama; Emmett J. Scott, Secretary of Tuskegee Institute, Alabama; Robert J. Owens, Los Angeles, California; Dr. J. W. E. Bowen, Atlanta, Ga., President; James B. Dudley, Greensboro, N. C.; Judge Robert H. Terrell, Washington, D. C.; W. F. Graham, D.D., Philadelphia, Pa.; Kelley Miller, A.M., Dean of Howard University, Washington, D. C.; Joseph L. Jones, Cincinnati, Ohio; E. J. Warren, Detroit, Mich; William H. Lewis, Ex-Assistant Attorney General, Boston, Mass.; J. Rupert Jefferson, Parkersburg, W. Va.; Prof. Charles Mitchell, Institute, W. Va.; Charles H. Stewart, Chicago, Ill.; Dr. Ernest Lyon, Baltimore, Md.; B. G. Fitzgerald, Atlantic City, N. J.; Thomas M. Crump, Mrs. Maggie L. Walker, E. R. Jefferson, M.D., of Richmond, Va.; William McDonald, Fort Worth, Texas; Charles Banks, Mound Bayou, Miss.; H. L. Price, Palestine, Texas.

Meetings have been held and an interest awakened, to the end that millions of dollars are being saved thru the savings departments of banking institutions, and through the medium of Christmas Savings Clubs. In the Liberty Loan rally held in Richmond, subscriptions aggregating twenty-five thousand dollars were announced after a meeting of about two hours. Addresses were delivered by Hon. Oliver J. Sands, President of the American National Bank of Richmand, and Col. William T. Dabney, Business Manager of the Richmond Chamber of Commerce.

NO. 3309 HOUSEHOLD OF RUTH GIVE RECEPTION IN HONOR OF THEIR DELEGATE, MRS. PEARL HALL. OTHER PROMINENT MEMBERS GUESTS OF HONOR

On last Tuesday evening Household of Ruth No. 3309 of the G. U. O. of O. F. gave quite an elaborate reception in honor of their delegate, Mrs. Pearl Hall, who represented them at the Grand Lodge at Bakersfield last August, at their hall, corner of 8th and Wall street. The room was beautifully decorated with flowers and ferns and the delegate, followed by the other guests of honor, was ushered into the hall escorted by the members. After marching around the hall three times they were seated in a semi-circle amid a bower of flowers, when a splendid program was rendered. The address of welcome by Mrs. A. Jones was the inspiration for the evening, as was the response by Mrs. C. A. Bass, one of the honor guests.

The delegate, Mrs. Pearl Hall, spoke beautifully of the mission she performed and the inspiration gained. Other guests of honor who responded were: Mrs. Eliza Warner, P. N. G.; Mrs. V. Fingers, Mrs. A. Ramsey, Mrs. Daniels, Mrs. Clark, Mrs. Nannie Loving, guest of honor, Mr. E. Russell, grand secretary; A. McDowell and J. B. Bass. At the conclusion of these exercises the guest of honor and honored guests were escorted to the banquet hall, where they, with all the members and friends present partook of a dainty repast served by the committee, and all declared this one of the greatest affairs of its kind ever held in this city.

SHALL THE LIBERTY BELL STILL RING?

There comes a time in every nation's life when it must prove its right to exist, to play a part in the world's drama of events. For America that time has come.

The very foundation of liberty is being shaken by the dynamite of autocracy, the most sacred rights ever accorded a free man are being and have been flagrantly assailed, the heart strings of justice have been pulled by the German Kaiser until wounded and sore they sound a signal of distress, the entire world groans because of the ruthless barbarities and cruelties committed in the name of civilization.

As Mr. McAdoo says, "We are in this war both because we intend to defend and vindicate the vital rights of America, and while doing that, to achieve the altruistic ideal for which we contend." This is America's answer to the mighty and ringing challenge.

This war must be stopped. Germany must be whipped, The Kaiser must be taught that men love liberty well enough to die for its security. Autocracy must be made to realize that the obsequies will shortly be heard over its remains. America has responded nobly to the call of civilization. She has upheld the glorious traditions which have so far guided her destiny. She has placed her all upon the altar—her manhood—her heart.

To sustain them money must be had, they must be properly equipped. It is the duty of every citizen at home to send them away with the assurance of loyalty and patriotism. To do this we must help make the Liberty Loan drive a great success. The Colored American has always done his duty, forever answered the call of his country. Ham! in this hour when help is needed, be true to the vision of the past which is the vision of the present—loyalty.

Our hearts weep as the boys march away, we wonder, yes, we wonder, will they return. But how lasting would be our pain if we knew that our neglect, and lack of loyalty should deny them the comforts needed while fighting for us at home?

Five hundred and thirty-six soldiers stationed at Bisby, Arizona, have subscribed to $479,000 worth of Liberty Bonds. Will the boys in the trenches out-buy us at home? May loyalty forbid. Just a few days remain before the campaign closes. Let it never be said that the fire of patriotism was burning low in the heart of any Negro. The desire of Secretary McAdoo is ours, who when speaking of the flag said; "We want it always on high as a hope for humanity; we want it to be maintained there in order that the rights of our people at home may always have protection that democracy here may be secured."

O ye who seek the soul's free air,
Who seek the larger hope, arise!
For truth and justice do and dare!
Who cares to live when Freedom dies?

REV. B. C. ROBESON,
Pastor A. M. E. Zion Church.

WHERE TO ENCAMP THE NEGRO TROOPS

The outbreak of Negro soldiers at Houston in the latter part of August has caused a sharp division of opinion among some editorial observers on the encampment problem of the Negro. To some Southern editors who protest against having Negroes in cantonments in that section of the country, others reply that the South has always claimed ability to deal best with the Negro, and now is the time for it to prove its claim. The rioting at Houston resulted in the death of seventeen persons and the wounding of a score or more, it will be recalled. Sooner or later the War Department will realize, remarks the Birmingham (Ala.) Ledger, that Negro troops should not be mobilized or trained in the South, and the sooner the better. The Columbia (S. C.) State is of the opinion that the training of numbers of Negro troops in any Southern district would "cause complications, not only objectionable to the Southern People, but potential in the creation of delays and difficulties in the making of the National Army." Nothing should be allowed to interfere with this great task, says The State, which offers the following suggestion:

"About ten per cent of the population of the United States are Negroes, and of these about 80 or 85 per cent live in the South. The distribution of 50,000 or 100,000, or twice so many Negroes in camps at or near Northern cities would cause no inconvenience. New York State now has a regiment of National uard troops composed of Negroes, and their presence excites no resentment. The presence of a dozen regiments of Negroes at the cantonment near Yaphank, on Long Island, would not excite a ripple of protest and the Southern Negroes would not object to going to the North. Why not send them? Why risk the outbreak of unpleasantness in the South when it is not necessary and when the one great object is to raise, equip and train an army with celerity."

The Savannah Press confesses regret that Negro troopers should be forced to train in camps where the weather is least suited to them, but it feels convinced that they would get better training and discipline at the North—also the North might get a little discipline of the sort it needs—for the reason that they would not at the outset be under the impression that defiance of authority constitutes an assertion of the dignity which service for the nation gives them." The occurrence at Houston might have been foretold, observes the Savannah News, which believes that the Brownsville affair, during Mr. Roosevelt's Administration, indicated what might happen whenever Negro troops undeterred by the presence of white troops, were encamped at a Southern town. That they should be mobilized in the North is the view of this journal, and "perhaps at such a distance from the nearest community that the chances of trouble between them and the white inhabitants may be reduced to a minimum." Among other dailies that believe Negro troops should not be trained in the South are the Houston Post, the San Antonio Light, the Vicksburg Herald, and the New Orleans Item and Times-Picayune.

In sharp disagreement with their view the Houston Chronicle observes:

"To say that the South is so unsafe for Negro soldiers that mutinies are likely to occur if they are brought here is merely another way of saying that our military establishment is unable to enforce discipline and that our soldiers will only be orderly when the civil life suits their ideas and convenience, which is a fine notion to go to France with.

"Another condition to be kept in view is the unfortunate trait of the Negro's character that instinctively induces him to shield those of his race who commit crime. They not only shield criminals of their race, but take as race antagonism the dealings on the part of courts and law officers with admitted transgressors of the law.

"If occasionally a Negro trooper gets infractious, transgresses the law, and falls into the hands of a policeman, it must not be made a race matter, because it will not be anything of the sort.

"We must all keep in mind, too, the dual obligation on the other side, which can be exprest in the simple statement that in dealing with the colored troops the white people must be fair and just.

"We believe that if this is impressed upon officers of the law, street car conductors, and all others with whom the selected colored troops will be most frequently brought into contact, the likelihood of friction will be entirely removed.

"In other words, if Negroes and white alike are impressed with the fact that we are going to demand and give fair treatment, we will have gone a long way toward solving what in other places has proved a mean problem."—From the Scrap Book.

ORATION

"THE TALENT OF SUCCESS"
By Jefferson Ammons

A Recent Graduate of Bigge-s' Business College

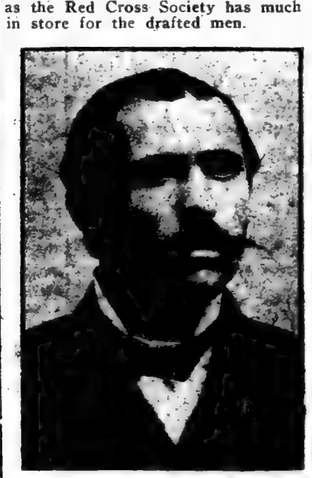
A man's talent is his success, provided, however, the sa is applied with ambition and ge ius without thought of fame or h nor, for one without the other is b fund to end in failure. It is a sad mis take for a man to say he can be what he wills to be. He may have the will power to erect a mansion and may p ceed to build it, though he would succeed for a time, but without his applied talent

Abraham Lincoln and Booker T. Washington became famous by great occasions, their will powers being measured up against enormous obstacles. They were from that class of men who could find no idle moments and thus, through ambition and genius they were able to turn what seemed to be defeat, into victory.

Well, we might as well say a great many men are being held at the bottom of the ladder on account of the lack of education, for without the same thousands of men fail to see just what is in store for them. Mere lack of education does not necessarily keep a man down, for there are men famous before the eyes of the public who have had only a scant education. It was ambition and genius that put them in the front rank.

The "Civil Service" course just finished by me sha been a pleasant study. It has instilled new aspiration. It is the laying of the foundation upon which, with the assistance of my instructor, I intend to erect a great fort, to set a mark for those who may follow me.

Patience is my watchword, ambition is my sword and success is my victory.



Men, have tact and good judgment, clear and quick perception, hold your ground and push hard; watch your opportunities, be honest, for you young men who spend your evenings smoking cigarettes and telling shady stories with the street corners for your locations, and packing boxes for your chairs, need not spend much time learning to write bank checks, for the chances are a thousand to one you will never have a bank account.

"Let the words of my mouth and the meditation of my heart be acceptable in thy sight."

RED CROSS SOCIETY WILL GIVE ELABORATE BANQUET AS SEND OFF FOR COLORED CONSCRIPTS

The latter part of the incoming Tuesday evening, October 23rd, the Harriet Tubman Red Cross Society, of which Mrs. Eliza Warner is president, will give an elaborate banquet and appropriate exercises in honor of the departing drafted men. the public is invited to turn out and Towne avenue church, to which the public will be invited to turn out and give to our drafted men a real send off, such as they will carry with them to the trenches of Europe and treasure in their memory the fidelity of the folk at home.

The society is very anxious to get in touch with each drafted man and will appreciate very much if they will communicate with the president, Mrs. Warner, 1124 E. 52nd St., or phone South 3124M. This is very important, as the Red Cross Society has much in store for the drafted men.

FIRST A. M. E. CHURCH NOTES

Corner 8th and Towne Ave.
Rev. J. Logan Craw, Pastor

Sunday was cloudy and dreary and still each service was largely attended at First church. The "Men's Bible Class" in the Sunday school with Mr. Emmanuel Hall, teacher, is a new class assuming large proportions and accomplishing additional good. The Sunday school is growing larger each Sabbath. The pastor preached at 11 o'clock and there was one conversion and one reclaimed, added to the church. With the class night accession the membership was increased three for this week. A full house greeted the Endeavor Society at 6:30 and at 8 o'clock. The auditorium and balcony was packed and jammed to its utmost capacity to witness our first sacred concert. The concert was superb and each number was a perfect rendition. Prof. Bartlett and every participant is deserving of special praise. The second of these concerts will be given on Sunday night, Nov. 25th, in Sacred Thanksgiving program. The offering for the day was very good and the pastor and officers are grateful to all who worshiped with us on this Sabbath Day. You are always welcome.

Preaching Sunday at 11 and 7:30 p.m. by the pastor. Special music by our Metropolitan Choir at both services. Be on time for a helpful worship.

A most successful church conference was held last Thursday night when the membership present voted unanimously to get rid of our "White Elephant" by paying off in full our church debt of $1400 and beautifying both on the inside and outside, our church this Conference year, all by Easter time. Many substantial pledges were made and many more are yet to be made. All of which will be paid in on or before our "Rally Sunday," which will be Sunday, Dec. 9th (the second Sunday in December. Get in on this "Honor Roll" of subscribers that will cancel the mortgage debt this year.

W. H. SAUNDERS RETURNS FROM THE NORTH

William H. Saunders, well known citizen who is wide awake to the issues of the day has returned from an eight weeks' stay in San Francisco where he was employed by the United R. R. Company during the recent strike in that city. Having served through the turbulent demonstrations by the strikers during the past two months, Mr. Sanders relates many thrilling situations during the reign of terror organized by the Union Labor forces of that city, he himself was on duty as a guard and the records show that in that capacity he earned an enviable reputation as a man who absolutely made good.

He says that politics played an important part in the said strike, but it proved a boomerang for James Rolph as it has resulted in his being absolutely eliminated from the race for governor, as he has bowed to the call of the roughnecks in organized labor and lost the support and regard of the substantial citizens.

AS A RESULT OF THE WAR

After November 1 it will cost more to travel or to ship freight.

The railroads, the steamship lines and the jitneys must collect and turn over to the Government a tax of 8 per cent where a passenger fare is over 35 per cent, "not including the amount paid for season tickets for trips less than 38 miles or transportation the fare for which does not exceed 35 cents."

The round trip fare to Venice or Long Beach, Redondo or Santa Monica is fifty cents. The passenger will pay the railway 54 cents from Nov. 1 on. The one fare to each of these points is 35 cents and, therefore, no tax will be collected.

When you travel, bring your pennies with you.

The round trip to Pasadena is 25 cents, so there will be no tax; to Santa Ana it is one dollar, so the passenger will pay $1.08.

The result will no doubt be to increase the sale of commutation tickets, which for distances under thirty miles are not taxed. The sale of family commutation tickets will be specially increased. The larger part of the heavy suburban travel in and out of Los Angeles, running into many thousands each day, is within the thirty mile distance.

Fares paid on trains or to jitney bus drivers are taxed the same as tickets bought at ticket offices. The penalties are severe for failure to pay up

If a ticket is purchased befor Nov. 1 and parly used, no tax will be collected except on mileage and scrip books. When such books are presented on or after Nov. 1 the agent or conductor will collect the tax due.

If a ticket is bought before Nov. 1 or thereafter, the tax must be paid before it will be accepted for passage. Commutation tickets purchased and partly used before Nov. 1 will not be taxed, regardless of distance.

The tax on shipments is 3 per cent of the freight charges. It applies to railways, steamship lines and motor trucks serving as common carriers in this section. Whoever pays the freight pays the tax. If you ship a carload of oranges East and the freight charge is $300, the tax will be $9.

Till Then—We Will Wait.

Out of God's own earth the first man came;
'Twas Adam, the Good Book says.
And, from his own rib came his wife, Eve,
Whose life's blood she gave to the world.
The white man, the black man, the Indian and all,
From their souls were all unfurled.

We're all brothers and sisters, since our parents were one;
And the same dear Adam and Eve,
They reared us, they loved us, they taught us, and oh,
Can their teachings be crushed with such ease?
As brothers and sisters, can we rob our own
Of meagre savings so laboriously earned?

Can we loathe, can we can, knock," we fight and spurn
Our kin and kill him at will?
Oh, how can we hang him and chop off his limbs,

And slash his heart in things with a smile?
And ruthlessly pass them to those standing 'round
Who have rushed to this scene for miles.

Oh, how can we hang our own kin to a tree,
And with bullets his body load?
Oh, how can we burn him! Oh, think of the pain!
Oh, God! have pity; have mercy—save the world!
For on the cross suffered our Lord and King
That all mankind might be saved!

'Twas ignorance that caused them to treat Him so;
'Tis thro' ignorance that we are mistreated today.
But, in Thine own way, 'tis sweet to know
Thou wilt righten all things at Thy Will.
We'll keep praying and asking for courage to love
Him who seeks our brothers and sisters to kill.
"Whatsoever ye soweth that will ye also reap."
Are we sowing the seeds we would like to reap
When the harvest day is here?
The seeds of malice, envy and strife
Are woful seeds to reap—
And those of cowardice, hatred and sin
Will bring bitter tears in the end.

How much sweeter, then, to sow those seeds
That will bring joy, smiles and bliss;
Such that will cause the world to rejoice—
The seeds of loving kindliness.

Spiritually Powerful, She Employs Her Talent for Human Uplift; Fighting Sin in Every Form; Views on Moral Questions Sane and Reasonable.

Mrs. Mamie F. Montgomery, a gifted evangelist and devoted worker among children, is just closing a most successful revival service in the Berean Free Seventh Day Adventist Church on West 36th place, in Los Angeles. Mrs. Montgomery is from Birmingham, Ala., where she has conducted a most helpful campaign for the moral betterment of the colored people. She has preached in many of the large centers of population in the Middle West and along the Pacific Coast. She is one of the most forceful and convincing speakers occupying the pulpit in this section of the country, and she is also eloquent. Her sermons are filled with spiritual power. Sincere, candid, unassuming, she exerts an influence that is bound to inspire confidence. She is of a pleasing personality; and her sermons are rich in Biblical quotations and in epigrams gathered from her own wide experience.

Mrs. Montgomery is a graduate of Selma University, where she attained distinction as an exceptional Christian student and high standing in her classes. She first began to preach at the age of 18 years and has devoted her energies to Christian service ever since. Her work is not confined to any particular denomination, but her broad, liberal views have led her to serve all alike for the making of clean homes and pure individual life. Her slogan is "Personal Purity." She urges everyone to "Keep thyself pure." She has devoted much of her time to the training of children in the thoughts of purity—purity of speech, purity of conduct, purity of deportment, purity in all its phases; and in this work she has had the co-operation of ministers in every denomination wherever she has gone in the various states of the Union. For fully 12 years she has traveled through the country delivering her messages of love and hope and Christian benediction.

A Great Success.

The First A. M. E. Church, 8th and Towne ave., was filled to the doors Sunday evening to hear the sacred concert given by the choir under the leadership of Mr Elmer Bartlett, who is serving as director during the absence of Prof. Bynum who is on his vacation. The various numbers were highly creditable, and too much praise cannot be given for the high class rendering of the vocal, instrumental and reading numbers.

Space will not permit mention of individual members of the various numbers, but each and every one was a feature.

Prof. Eason Inspires.

Prof. Chas L. Eason, principal of the 51st street school, delivered an educational address at the Forum Sunday that was a master piece of logic, and all of the elements that go forth to inspire and cause men and women to undertake the problems of life as they should.

When the Forum produces such men as Mr. Eason on their program they are doing the things worth while, because he not only inspires, but he furnished real reasons for hopefulness in the future.

Have you digested the propositions as submitted in these columns along the lines of business endeavor.

While the colored citizens have hardly had the time to qualify along financial lines, they are doing their bit and are generally buying the Liberty bonds Let the good work go on.

The Eighth Illinois Colored Regiment has a record over that of any other regiment in the U. S. Army for buying Liberty Bonds, having purchased approximately one hundred thousand dollars of the same.

After all you are making no sacrifice when you buy a Liberty Bond: It is a sure thing investment which draws interest at the rate of 4 per cent, therefore, if possible, by all means rally to the call of your very own government and buy at least one of the Liberty Bonds.

The fate of Supervisor Norton is an object lesson that should be of lasting benefit to other officials. His was indeed a splendid career, but to his staunch colored supporters he wobbled and instead of showing his gratitude for their support he proceeded to demote them to make their lot at the Hall of Records irksome and uncomfortable, and in turn was himself overwhelmed by a cruel fate After all, it pays to tote fair.

The things most needed are less spotlight honors and more real service. The ravenous manner in which some of our men of ability accept and permit themselves to be exploited to forward the ambition of some selfish proposition creates and maintains barefoot and irresponsible leadership, and the blame for these conditions lies always at the feet of those who are aspiring for these spotlight honors.

Last week a judge of the Superior Court at Houston held a white man without bail for the wanton and cruel murder of a defenseless Negro Some of the people applauded, but they evidently forgot that this was in Texas, for early this week the Court of Appeals of Austin released this white murderer under $7,500 bond By the way this is the same man Sparkes whose butality caused the recent Houston riot.

The consideration of the present city, county and state administration for the colored patriot is so far not at all alluring. As in all this busy preparation and emergency appointments we have yet to hear of one single appointment and this record goes the Wilson propaganda one better, for Secretary Baker and has appointed Emmett Scott as an adviser and Charles Stewart at a publicity man

No one can appreciate just how small a narrow, selfish and egotistic person is unless they come in actual contact with them, and then they will realize more than ever that a man who is really large cannot afford to be small.

GETTING DOWN TO BRASS TACKS

The Sunday Forum in its action of last Sunday by appointing a committee for the purpose of formulating a get-together movement of all the organizations in this city has made a master stroke and the one most needed at this time. There is so much that a united and concerted effort can do for the advancement of our people that space fails to enumerate them, and the only thing necessary is the concentration of efforts by our various organization. For common weal let's have one great central body with power to act for all and the Eagle is pleased that we are at last getting down to brass tacks and doing the things worth w

PHILLIPS CHAPEL C. M. E CHURCH

Rev. J. C. Anderson, Pastor

Two very interesting services were held at this church on the past Sunday. The pastor preached at the morning and evening services and the Holy Spirit blessed us with its presence.

A neat sum was realized for the trustees from the special collection. A very pleasant surprise was tendered the pastor and family on last Wednesday evening after the prayer meeting. The pastor had gone home and as the family was about to retire the sound of voices singing was heard at the front door. Mrs. Anderson answered the call and a host of friends, led by Sister Georgia Lee, poured in upon us. They brought a nice collection of edibles, some money and Miss Willie Polk, one of the youngest members of the congregation, brought the pastor some collars and handkerchiefs. The following participated in the party: Sisters Ellen Miller, L. Cushionberry, L. R. Spurlock, Mary Walker, Lettie Denord, Marguerite Morrow, Maggie Jamison, Thelma Jamison, Willie Polk, H. E. Norwood, Lucy Saunders, Mayme Roberts, Laura Colbert, C. E. Simpson, Mary Butler, Dilcie Saunders, A. E. Kennedy, R. Purnell, L. Gordon, M. R. Harris, A. V. Harris, Mayme Dunbar, and Georgia Starr; Brothers J. W. Lovett, E. B. Maxey, Joe Webb, Joe Payton, J. L. Trimble, P. Cameron and J. P. Jones.

The pastor and family hereby wishes to thank the friends for their kindness and liberality. We pray God's choicest blessings upon you.

Strangers and visitors are always welcome to the services of this church.

FIRST A. M. E. ZION CHURCH

Pico and Paloma Sts.

The Rev. W. J. J. Byers, the former pastor, but now of San Jose, Cal., occupied the pulpit instead of the pastor, Sunday, at 11 a.m. service and a large host turned out to greet him and many more declared they would have "dropped in" had they known he was to be in town.

Rev. Byers chose for his text, "According to your faith be it unto you," found in Matthew 9:29. He spoke of the faith that moves mountains, also said that "faith without works is a dead faith," quoting St. James as his authority. He charged all to be a Christian of action, willing to do what you think is right, and what you should do regardless of consequences. This was his first opportunity to be with us and worship at a Sabbath, although this was his third visit to Los Angeles since his transfer.

His excuse for not being with us, sooner he explained by quoting Nehemiah. Nehemiah, who was building the temple at Jerusalem, said: "I am doing a great work—why should the work stand still while I come down to visit?"

His pre-sermonal hymn was 549. A plea for the return of the spirit.

Rev. Robeson made a short talk afterward, making Rev. Byers feel at home and commending him for the splendid sermon and his worth to the connection—also said that he was on a vacation so to speak, as he had not preached for a long time—about a month, and he might preach at the night service.

A very liberal collection was offered. Next Sunday at 11 a.m. the pastor will select for a subject "Daniel in the Lion's Den;" at 8 p.m. "Don't Be a Slacker." The choir is now a feature of Zion—under the efficient leadership of Prof. Bynum. The public and strangers invited. Seats free. Good ventilation. Come early.

State Treasurer Fri[illegible]nd William Richardson Finds Difficulty In Keeping Newspaper Folk From Mentioning Him For Governor.

Sometimes a man's friends can make him a lot of trou[illegible]ble.

State Treasurer Frie[illegible]nd William Richardson is one of those whose friends are keeping him busy.

This highly esteemed official of the Commonwealth do[illegible]ubtless has more close personal frie[illegible]nds in the State than any other pub[illegible]lic official.

With only a few exce[illegible]ptions the thousand or more news[illegible]papers of the State feel as personally an interest in him as though he were on their staffs.

And all of these friends, and all of these newspapers w[illegible]nt Friend William Richardson to be the next Governor of California, and they keep saying so.

Friend Richardson doesn't know yet whether he wan[illegible]s to make the race for Governor, and may conclude that he will be satisfied with another term as State Treasurer, in which office he has been most highly efficient.

So he has told his friends that he would rather not be mentioned at this time in connection with the Governorship.

But if this esteemed official going to keep his friends from mentioning him for Governorship it looks as if he would like to take the axe to all of them.

Every day some newspaper joins the ranks of those who are boosting Friend Richardson for Governor, and they join the ranks not only by saying favorable things themselves, but by quoting several columns of favorable things that other editors have said.

If being Governor is as hard a job as keeping one's friends from booming one for Governor, a man who allows trouble to slip off less easily than dear Friend William Richardson would not want the job.

What Next?

The intense prejudice sweeping over the country against the Negro reached the United States Senate for the first time in the state of the country Negroes are historowed in the Senate.

Race prejudice[illegible]ture body in the the greatest legislative fundamental nation, and the government have principles of the go[illegible]bing to this been broken in subse[illegible]nd Allen's program.

This information reach[illegible]through National News Bureau[illegible]ted race Rev. J. M. Waldron, the n[illegible]D. C., champion of Washington things who has kept a close eye on affect around the Senate as the[illegible]ffected the N gro.

Dr. Waldron stated that [illegible]are people who visit the sessions [illegible]he ushered to a separate corner of [illegible]r House, and that the former colo[illegible]ey that used to be meted out [illegible]hen was missing. He said tha[illegible]e was an old resident of Washin[illegible]on, that never before in the history of his public life has he known [illegible]uch arrangements to exist, and that it was the duty of the race to fight the evil.

Dr. Waldron also brought the matter before the recent Race Congress that met in New York, and the gathering promised to outline a great deal of its work this year to bring about such a pressure as will remove this evil.

The [illegible]ng manner in which the noted Washington divine [illegible]ormed the evil, no doubt is the minds those who heard him that he [illegible]

The great preacher will enter this city not later [illegible] Oct. 21st. The public is invited.

COMMITTEE—Messrs Shaw, Myles, Simms, R. A. Garrison,

W. Wadsworth of this State to inquire into this condition and to do what they can to remove this evil. Letters should be written to the various State Senators, bringing this matter before them, and to make an appeal that the Jim Crow law cease in the Senate. The matter should vigorously be fought.

The outbreak of prejudice in the Senate is giving prominent men and women of the race grave concern, and it is felt that if this condition is allowed to continue it will pave the way for the Jim Crow cars in Washington which has been talked about for some time.

Dr. Waldron has done the race a great service in bringing this matter to the attention of the race.—The Freeman.

TABERNACLE BAPTIST CHURCH.

12th and Hemlock Sts.
Rev. J. D. Gordon Pastor.

Two inspiring services were rendered and thoroughly enjoyed by two splendid congregations Sunday. The pastor preached both morning and evening sermons.

The subject of the morning sermon was, "Jehovah hath done great things for us; whereof we are glad."

The pastor brought out many thoughts that were hidden in our minds, and made our souls revive with an overwhelming anxiety to press on and on until our mission on earth has been completed.

The evening service was also a dedication to God. The choir sang beautiful hymns. The pastor gave the waiting, congregation a message that was welcomed by all. The message was, "See that none render evil for evil."

Next Sunday the pastor will preach at both sessions.

Sunday evening the pastor will preach a special sermon; title—"The Glory and Honor of Mothers." Whoever fails to hear this sermon will be rendering to themselves and their posterity a piece of injustice. Mothers are urged to be present.

The public is always welcomed to the services of this church. It is built on the Rock Christ Jesus, with its doors thrown open for all those who wish to worship God in spirit and in truth.

LINCOLN LEAGUE OF AMERICA IN CONVENTION

(Associated Negro Press)

Chicago, February 20—The first convention of the Lincoln League of America held at South Side Methodist Episcopal Church, this city, stands as the most remarkable political gathering of representatives of our group ever held in the United States. More than 400 delegates, and several hundred visitors, from 33 states of the union, journeyed to Chicago to deliberate and take action on the questions of the day.

The significance of the occasion was heightened not only by the fact that the delegates and visitors represented without question the experience, culture, wealth and economic-political strength of the group, but by the appearance on the program of four national characters, two of whom are candidates for President of the United States. They were, in order of appearance at the convention: Will H. Hays, Chairman of the Republican National Committee; Governor Frank O. Lowden of Illinois; Mayor William Hale Thompson, of Chicago and Major General Leonard Wood, of the Central Department United States Army.

The convention was called to order by Perry W. Howard, of Jackson, Mississippi, the attorney for the League, and one of most constructive political leaders of the country. Col. Roscoe Conkling Simmons president of the Lincoln League of America, was introduced by Norman Louis B. Anderson, of Chicago, and the big meeting swung into action, prayer being offered by Rev. J. W. Ribbons, of Tennessee.

It had been the purpose of the League to have former Governor P. B. S. Pinchback, of Louisiana, one of the honored guests of the convention, representing the "old guard" of the times that tried men's souls but Gov. Pinchback's health would not permit. There were, however, many present who had come up through that period, and they were introduced to the convention. Among them were Major John R. Lynch, former Congressman from Mississippi and for a number of years in the United States Army, as paymaster, and for a long time under command of General Leonard Wood; J. C. Napier, of Nashville, Tenn., former Register of the treasury; W. H. Stewart, of Louisville, Ky., editor of the American Baptist; Scott Bond, of Arkansas, farmer and capitalist; I. F. Nolis, of Seattle, Washington, former member of the legislature of Tennessee, these men, although yet active in the affairs of the race, expressed their great pride in seeing the younger men prepared to take up the active work of political and economic progress, and bade them God speed. Ralph W. Tyler, of Ohio, former Auditor of the Navy, spoke as a newspaper representative.

Southern Representation

The first subject to be discussed in the convention was "Should Southern Representation be cut down?" While it was agreed that the final disposition of this important subject should be left to the resolutions committee, the discussion was filled with dramatic moments when views from the various sections were expressed. The sentiment was overwhelming, however, for cutting down representation, at the earliest possible time, in accordance with the actual vote, as has been done by the National Republican Committee for delegates to the National Republican Convention.

The discussion of "Jim Crowism" was opened by Charles A. Cottrill, former Collector of Internal Revenue, Honolulu, H. I., a resident of Ohio. He was followed by James A. Cobb, former assistant District Attorney, Washington District of Columbia.

Lynching was discussed at length at the closing evening session by James Weldon Johnson, of New York field secretary of the National Association for the Advancement of Colored People. Mr. Johnson presented statistics concerning the lynching evil in this country that astounded his hearers.

All of the subjects before the convention were discussed at length by the able thinkers of the group in the country. It was very evident from the discussion that universal sentiment prevails among the people for action and results in the wrongs suffered at this time by the citizens. The discussions were remarkable for the absence of the feeling of anger and radical agitation except so far as it was made plain that 15,000,000 Colored people are determined to get some kind of hearing before the bar of justice.

Resolutions Adopted.

At the final session of the convention, Thursday night, the resolutions were read by Attorney Eric Nutter, of New Jersey, and after short discussion by various delegates on some of the points, were unanimously adopted.

Among the leading planks in the resolutions are:

The Republican Praty is called on to condemn mob violence and bring the crime of Lynching under Federal supervision; The endorsement of woman's suffrage; The urging of Colored men to join labor unions where it is demonstrated that there is no discrimination on the grounds of Race or Creed; The call for candidates for Congress and for President of the United States to declare themselves on the subjects concerning which Colored People are most concerned; The urging of the people at large to contribute more liberally to the expense of conducting political campaigns; The endorsement of the League of Nations with the Lodge reservations; The Republican Party is accepted as the chanel through which the League activities are to be carried on.

President Roscoe Conkling Simmons presided at all the sessions of the League, and introduced the speakers for the various toles under consideration. One of the striking features of the convention was the inimitable eloquence with which Col. Simmons presented the speakers, and this was particularly true of his introduction of the distinguished speakers of the other race. With ready and deep meaning satire, and after fact with reference to the two groups dwelling side by side in the United States, was driven home. Probably one of the most effective expressions of Col. Simmons came after his description of how the white and Colored people have been joined by God in working out the salvation of humanity in this country, he giving a description of what each is doing, and then he added, amid great applause; "What God has joined together, let not man put asunder."

Distinguished Visitors Present.

It is deeply significant of the times that there were present during the Lincoln eLague convention, Will H. Hays, chairman of the National Republican Committee; Governor Frank O. Lowden, of Illinois; Mayor William Hale Thompson, of Chicago and General Leonard Wood. All of these men constantly have more engagements than they can fill, but they regard no engagement of larger importance than their appearance at this convention, representative of the 15,000,000 Colored Americans, all of whom had their eyes turned to Chicago, and their ears to the receiver at the listening post, to hear their declarations on manhood rights, and the privileges of American citizenship.

The first speaker Wednesday night was Chairman Hays. He launched into his subject with characteristic vigor, speaking straight from the shoulder on the things that he knows are uppermost in the mind of every Colored American. He denounced lynching as un-American and un-Christian and declared that in the matter of citizenship, the Constitution of the United States should be upheld. Mr. Hays made it very plain that the Republican party this year does not propose to sidestep the responsibilities of the hour, but will face all subjects with characteristic Americanism, for, he declared: "the history of the nation is the history of the Republican party." The address of Chairman Hays was received with great enthusiasm.

Governor Frank O. Lowden followed. Governor Lowden took advantage of the occasion being on the eve of Lincoln's birthday, and the name of the league bring "Lincoln" and confirmed his remarks largely to an eulogy of the life of Abraham Lincoln. His address was interesting from that standpoint, but the vast assemblage was plainly disappointed because he failed to make an open declaration concerning his views on the critical subjects affecting Colored people. It was very evident that the Governor studiously and carefully avoided these subjects, it appearing at times as though he was embarrassed to find just the proper words to use.

It had been announced that General Leonard Wood would appear at the Thursday morning session at 9.30 on his way from Minneapolis, Minn., to Cleveland, Ohio, where he was to deliver the Lincoln day address before the Tipecanoe Club. He was to have only two hours in Chicago, and much official work to look after. The audience assembled early, but it developed that the train from the west was two hours late. Mayor Thompson was to appear at eleven and appeared practically on time, his appearance was announced by Edward H. Wright, and he was given an ovation. In the meantime, President Simmons announced that General Wood would undoubtedly appear later. The mammoth church by this hour was crowded to the doors with delegates and visitors.

Mayor Thompson's address was typical of his belief in political equality and opportunity. He reviewed his career as mayor of Chicago, and told how he had always sought to uphold the constitution in the city for the people. He told why he appoints his assistants on merit, and not by race, and was loudly applauded.

In the midst of the Mayor's address, General Wood arrived. He was given the greatest demonstration of the entire convention, Mayor Thompson discontinued his address for the time, and warmly grasped the hand of General Wood, while the audience applauded, and stood cheering.

At the conclusion of the Mayor's address, President Simmons introduced General Wood, of the United States Army, as a "personal friend to the great American who believed in 'all men up,' Theodore Roosevelt."

General Wood minced no words, nor did he lose time in making himself understood. His first words were "I believe in upholding the Constitution of the United States, and that means that I believe the laws should be obeyed by all, and that all citizens should enjoy the privileges under the constitution." He declared that the government stands first for law and order, upon which foundation only, can peace and harmony be maintained.

General Wood denounced lynching and mob violence as one of the most dangerous conditions of American life and states that every interest of every group in all parts of the country must work for the elimination of the crimes in order that the majesty of the government must be upheld. He states that democracy must mean democracy at home and for the individual American, and that this is paramount to the troubles of Europe so far as America is concerned. He paid a tribute to the soldiers of our group, and when said: "The brave men of the Tenth Cavalry were with me in Cuba," here and there among the delegates and other persons present were at least half a dozen who arose and said: "I am one," the General saluting each in order, while the audience cheered to the echo.

General Wood complimented the Lincoln League on the organized effort for better citizenship, stating that "It is only through intelligent organized effort, properly directed that the most good for all can be accomplished, and to which all are entitled to equal opportunity."

LEONARD WOOD LIKE THEODORE ROOSEVELT

By Edgar G. Brown

Indianapolis, Ind., Feb. 23, 1920: —Ever since General Leonard Wood declared before the Lincoln League assembled in Chicago that he stood for equal rights, equal justice and equal protection to all citizens, in other words, that he stood for the Rooseveltian Square Deal and further stated that America must be made safe for Americans, hundreds have sent their names to be enrolled as charter members of the National Colored People's Wood-for-President-Club located in this city. Everyone feels that Leonard Wood will be the next great Republican leader because he is a real American like Theodore Roosevelt.

Mr. F. B. Ransom recently appointed on the Indiana State platform committee to represent the Colored people of this State leans toward General Wood because he thinks Leonard Wood understands the needs of all the people of the United States and like Theodore Roosevelt will be able to put the country in line for greater progress in the next four years. Some other prominent leaders to take stand for Wood are Perry W. Howard, Jackson, Mississippi and Major John R. Lynch, ex-auditor of the Navy and at present residing in Chicago.

All people wishing to be enrolled as charter members of the National Colored People's Wood-for-President-Club with headquarters in Indianapolis, Indiana can do so by sending in their name and address at once to this association.

General Wood is the ony candidate up to date to publicly state his position in regard to the Colored people

HEAD OF NATIONAL CLUBS HONORED

MRS. MARY B. TALBERT, PRESIDENT NATIONAL COLORED WOMEN'S CLUBS RECEIVES GREAT OVATION IN LOS ANGELES.

Greeted With Crowd at 8th and Towne Avenue Church Sunday Evening.

Mrs. Mary B. Talbert, President of the National Association of Colored Women's Cubs and one of the foremost women platform speakers of America today was greeted by a large and enthusiastic audience, which crowded every available space in the 1st A. M. E. Church, 8th and Towne Avenue, Rev. A. M. Ward, Pastor, on Sunday evening in her farewell lecture to Los Angeles. Notwithstanding it was in the Church on a Sunday evening there were many outbrusts of applause. Mrs. Talbert held her audience in wonder and admiration from start to finish as she told the story of our boys over there. Concluding she urged her auditors to get back to the old paths so that God could bless them and so that the colored people as a race could go forward. Mrs. Talbert paid a very high tribute to Mrs. Helen Curtis, widow of the late U. S. Minister to Liberia, James L. Curtis; and the first woman of our people to "go over there." She declared that Mrs. Curtis did more work in a day than any ten women could do and told how they (she and Mrs. Curtis) worked together side by side during her four motnhs stay in France.

Mrs. Talbert was a Y. M. C. A. Secretary in Romagne. She has a letter from King Albert of Belgium thanking her for the work of the colored women in behalf of his country and promising a cessation of all atrocities in the African Colonies and declaring the establishment of schools in the colonies for the natives in Africa. In addition to this Mrs. Talbert is in receipt of a letter from Mrs. Fannie Fern Andrews of Boston Massachusetts announcing her appointment to serve as one of seven upon the "Committee on Personnel" of Representation in the League of Nations. The work of the committee concerns the whole subject of women's participation in the League of Nations. This committee is to draw up a draft convention embodying the ideas contained in the plan to be sent to the Secretary of the League of Nations.

THE NEW SPIRIT OF THE NEGRO

Yesterday he was Begging but Today he is demanding that Which is Rightfully belongs to him.

(By R. Conkling Wasson)

The magnitude and importance of the things now involved concerning the Negro cannot be over estimated for they reach down to the very foundation of our moral, social and uplifting institutions and existences. Look at it as we may, it is impossible to separate man from his impulses or character; so it is that from the doings of the Negro race to a large extent the verdict which shall analyze the integrity of the Afro-American and calssify his progress and achievements is deduced.

To think of the Negro of yesterday and how deserving he has been, how obedient, how subservient; how the benighted Negro has turned as they would have him turn to the duties of the hour and the hopes of the future **—how he has turned to prepare himself for the struggles under the same standard as borne by other hands,** by right o ftrue inheritance—how honor, courage, purity of life, domestic virtue, love of country, loyalty to high ideas all of these combined with active intelligence and experience in affairs makes me wonder what other misfortunes have my people to endure before we shall be adjudged the full possession of all the immunities of American citizenship.

But today, ah! I see that same old ebonized face, that same texture of the hair, that same conformity of facial lines, but a bigger, brighter smile, a more concentrated expression and the spirit of Uncle Tom Negro of yesterday—begging and humbling for what he received is today standing face to face with the situation and instead of begging he is demanding what rightfully belongs to him.

Mob rule—riots and Klanning is only evidence of unscrupulous and cunning notice but the lesson taught the Lawless element of whites in Chicago and Kentucky, is only a demonstration that **this new Spirit that Ac**generated the Negro unite a Man with Manhood, instead of a pigmy with manners has made for himself new friends in the White race that will stand by him for aeons.

Justice and Fair Play must mark the march of American civilization and unless it does this New Spirit of the Negro will know the world now

JOHNSON ROOSEVELT'S CHOICE.

ROOSEVELT ENDORSEMENT GIVEN TO JOHNSON.

(Staff Correspondent Universal Service.)

Washington, D. C., Feb. 24—The supporters of Senator Hiram W. Johnson in his campaign for the Presidency sprang a sensation here today by making public a letter written by Col. Theodore Roosevelt, which they claim gives Johnson a clear title to be Roosevelt's successor as a national political figure.

In the letter Col. Roosevelt said that "of all the public men in the country he (Johnson is the one with whim I find myself in most complete sympathy. You are perfectly safe in following his lead."

The letter was written in January, 1916, and Johnson's supporters assert that friendly relations existing at that time between Johnson and Col. Roosevelt continued without a break down to the time of Roosevelt's death.

Col. Roosevelt wrote the letter to Edgar Williams, president of the Civil Service Commission of California, and it was made public by Representative John A. Elston, of California, with the permission of Mr. Williams. This is the history of the letter: Mr. Williams had an interview with the late Booker T. Washington to whom he propounded the question. 'Whom do you regard as the greatest man of your lifetime?' Washington promptly replied: "Roosevelt."

After the death of Washington Mr. Williams wrote to Colonel Roosevelt and related the incident. He also asked for an expression on the existing political situation. In reply he received the following letter:

"Oyster Bay, L. I., Jan. 19, 1916.

"My dear Mr. Williams:

"I am touched with what you tell me about Booker T. Washington. I appreciate your letting me know. As for my views on the situation, I simply do not know what to say. I am trying to keep in touch with Hiram Johnson, for of all the public men in this country, he is the one in whom I find myself in most complete sympathy. You are perfectly safe in following his lead.

"With all good wishes,

"Sincerely yours,

"T. ROOSEVELT.

"Edgar Williams, Esq.,

"President State Civil Service Commission, Sacramento, Calif."

It is fully expected that the production of this letter will draw comment from some of the other presidential candidates, notably General Leonard Wood, who have been coyly responsible for suggestions that they individually were best equipped to carry on the Roosevelt policies.

that we does not approve nor applaud their ungodly persecution.

The American in general and the Negro particulary has but one chance and that comes in November. Unless, some recognition is given towards the rights of citizenship for the Black Man and engendered into the Political platform of the National parties, commerce and agriculture will surely suffer for labor in 1921.

The loyal hearts who would not be swerved, even rainy [illegible] from grasping the Christian privilege of attendance as well as the Christian duty of God's dance upon the services in the house, were amply repaid throughout the splendid services held the past Sabbath. day at this Church the Christian Rev. At 3.00 P. M. the Simpson-Lewis Memorial Fund Band held its monthly meeting. Rev. Wm. A. Copious showers dampened the ardor of a large number of worshippers at Wesley last Sunday. Those who were present were the true and tried and pay day on the debt was observed in fine shape. $259.55 was paid in on the debt. This effort will be continued this Sunday and those who could not be present last Sunday will have the opportunity to make their payments for February. We are seeking to raise a thousand dollars a month until the debt is paid. We raised over a thousand in January. Let those who could not be out last Sunday bring or send their funds this Sunday.

SECOND BAPTIST CHURCH—
740 Maple Avenue
Rev. H. D. Prowd, Pastor.

Owing to the enclement weather our attendance both at Sunday School and Divine services was small, but the spirit of each service was not abated. The faithful ones braved the rain and storm and presented themselves in the House of The Lord and were blessed. As was announced Mrs. Henrietta Harper of Kansas but now a member of our Church appeared before The Interdenominational Alliance on Monday and before the largest and most intelligent gathering of both Ministers and members of the various Churches delivered the most telling account of her Mission in connection with "The Kansas Defense League" of which she is a member and special Agent. Mrs. Harper unquestionably is the most talented woman so far that has appeared in our community, and the Ministers have but done their duty to indorse her, and to start off by arranging a great Mass Meeting in one of our large Churches that the greatest number of our people can hear her; after this she will appear in the several Churches at the invitation of individual Ministers. Great preparations are being made for the Anniversary exercises of our Deaconesses which will take place Sunday at 3 P. M. We cordially invite all Ministers and Deaconesses, and all the friends to attend. Language fails to describe the good done by these faithful women, and their humble attitude in all that they do—God bless them.

1545 East 23rd St.
Rev. S. W. Brooks, Pastor.

At the morning service the pastor preached a powerful sermon on the subject: "The Necessity of Fasting While Praying," Acts 10:30.

At the Evening service his subject was the words of our Lord: "I am the Good Shepherd," St. John 10:11. Come and hear him. He will do you good. Two were added to the Church for Baptism.

MACEDONIA BAPTIST CHURCH—
Watts, California
Rev. John A. Fleming, Pastor.

Despite weather conditions for the past Sunday, a fair attendance for the Sunday School also eleven o'clock services. Our Pastor preached a sermon from the same subject as our Sunday School Lesson about "Peter in Prison" and his deliverance from prison.

The B. Y. P. U. was well attended the Senior Lesson topic was: "Christianity in Industry;" the Junior topic was: "Showing our Love for Jesus."

The subject for the evening sermon was taken from Job 22:21: "Peace." A splendid sermon was this as our pastor preached it, admonishing us to acquaint ourselves with Jesus and be at peace, for if we are thoroughly acquainted with Jesus nothing but peace and good will come to us. Several pledges from last Sunday's Rally were filled.

A MESSAGE TO ETHIOPIA OF AMERICA.

(Continued from last issue)

12: "For the nation and the kingdom that will not serve thee shall perish, yea, those nations shall be utterly wasted." 14: "The sons of them that afflicted thee shall come bending unto thee; and all they that despised thee shall bow themselves down at the soles of thy feet; and they shall call thee, the City of the Lord, The Zion of the Holy one of Israel." 15: "Whereas thou hast been forsaken and hated, so that no man went through thee, I will make thee an external excellency, a joy of many generations." 16: "Thou shall also suck the milk of the Gentiles and thou shalt suck the breast of kings and thou shalt know that I the Lord am thy Saviour and thy Redeemer, the mighty one of Jacob." We have learned everything from the Gentiles and from kings we learned to be senators and leaders. Isaiah 49: 2-3: "And kings shall be thy nursing fathers and their queens thy nursing mothers; they shall bow down to thee with their face toward the earth, and lick up the dust of, they feet; and thou shalt know that I am the Lord: for they shall not be ashamed that wait for me." Isaiah 60:22: "A little one shall become a thousand, and a small one a strong nation; I the Lord will hasten it in his time." Isaiah 61:6: "But ye shall be named the Priests of the Lord, men shall call you the Ministers of our God, ye shall eat the riches of the Gentiles, and in their glory shall ye boast yourselves." Isaiah 2:1, 2, 3, 4: "The word that Isaiah the son of Amoz saww concerning Judah and Jerusalem." 2: "And it shall come to pass in the last day, that the mountain of the Lord's house shall be established in the top of the mountains, and shall be exated above the hills; and all nations shall flow unto it." 3: "And many people shall go and say, come ye and let us go up to the mountain of the Lord, to the house teach us of his ways and we will walk in his paths; for out of Zion shall go forth the law, and the word of the Lord from Jerusalem." 4: "And he shall judge among the nations and shall rebuke many people, and they shall beat their swords into ploughshares, and their spears into pruning hooks, nation shall not lift up sword against nation, neither shall they learn war any more." Isaiah 4:1, 2, 3, 4, 5, 6: "And in that day seven women shall take hold of one man, saying, we will eat our own bread, and wear our own apparel, only let us be called by they name, to take away our reproach." 2: "In that day shall the branch of the Lord be beautiful and glorious, and the fruit of the earth shall be excellent and comely for them that are escaped of Israel." 3: "And it shall come to pass, that he that is left in Zion, and he that remaineth in Jerusalem, shall be called holy, even everyone that is writtn among the living in Jerusalem." 4:" When the Lord shall have washed away the filth of the daughters of Zion, and shall have purged the blood of Jerusalem from the midst thereof by the spirit of judgment, and by the spirit of burning." 5: "And the Lord will create upon every dwelling place of mount Zion, and upon her assemblies a cloud and smoke by day, and the shining of a flaming fire by night, for upon all the glory shall be a defence." 6: "And there shall be a tabernacle for a shadow in the daytime from the heat, and for a place of refuge, and for a covert from storm and from life up an ensign to the nations from far, and will hiss unto them from the end of the earth: and behold, they shall come with speed swiftly; 27: None shall be weary nor stumble among them; none shall slumber nor sleep; neither shall the girdle of their loins be loosed; nor the latchet of their shoes be broken." Isaiah 42:1-6: "Behold my servant whom I uphold; mine elect, in whom my soul delighteth; I have put my spirit upon him: he shall bring forth judgment to the Gentiles." 6: "I the Lord have called the in righteousness and will hold thine hand, and will keep thee, and give thee for a covnant of the people, for a light of the Gentiles." Isaiah 49:5-6: "And now, saith the Lord that formed me from the womb to be his servant, to bring Jacob again to him, though Israel be not gathered, yet shall I be glorious in the eyes of the Lord, and my God shall be my strength." 6: "And he said, it is a light thing that thou shouldest be my servant to raise up the tribes of Jacob, and to restore the preserved of Israel; I will also give thee for a light to the Gentiles, that thou mayest be my salvation unto the end of the earth." The ample restoration of the Church—Romans 9:25-26: "For I would not, brethren that ye should be ignorant of this mystery, lest ye should be wise in your own conceits; that blindness in part is happened to Israel, until the fulness of the Gentile be come in." 36: "And so all Israel shall be saved; as it is written, there shall come out of Zion the Deliverer, and shall turn away ungodliness from Jacob." Rev. 7:9-10, "After this I beheld, and lo a great mutitlude, which no man could number, of all nations and kindreds, and people, and tongues, stood before the throne, and before the Lamb, clothed with white robes, and palms in their hands." 10, "And cried with a loud voice, saying, salvation to our God which sitteth upon the throne, and unto the Lamb." Habakkuk 2:1, 2, 3, 11—"I will stand upon my watch and set me upon the tower, and will watch to see what he will say unto me, and what I shall answer when I am reproved." 2: "And the Lord answered me, and said, write the vision, and make it plain upon tables, that he may run that readeth it." 3: "For the vision is yet for an appointed time, but at the end it shall speak because it will surely come, it will not tarry." 11: "For the stone shall cry out of the wall and the beam out of the timber shall answer it." Jephaniah 3:9, 10, 11, 12: "For then will I turn to the people a pure language, that they may all call upon the name of the Lord, to serve him with one consent. 10: "From beyond the rivers of Ethiopia my suppliants, even the daughter of my dispersed shall bring mine offering." 11: "In that day shalt thou not be ashamed for all thy doings, wherein thou hast transgressed against me; for then I will take away out of the midst of thee them that rejoice in thy pride, and thou shalt no more be haughty because of my holy mountain." 12: "I will also leave in the midst of thee an afflicted and poor people, and they shall trust in the name of the Lord."

It seems as though the Lincoln League at Chicago at least succeeded in getting our case stated, as evidenced by the attendance on the Convention of Will H. Hayes, Gov. Lowden, General Wood and other noted Republican leaders. Let the good work go on.

Sometimes we criticise our people for hatred and prejudice toward one another, but we don't know but what the white folks have got us skinned a country block even at that game for their hatred along political lines know no bounds, the only difference is the white folks when a particular fight is over forget it; and grant an armistice until the next fight is on. But our people never forget and therefore hatred, envy and prejudice reigns forevermore.

Three Colored journals in Los Angeles, one the New Age, lined up for Hoover, the unknown for president. The Citizens Advocate for Single Tax and other Socialistic hunk, while the Soaring Eagle has its ears to the grass roots, listening for the interests of the people. In due time we shall tell them what we discern and report what we see that we may continue to unselfishly serve them in the great crisis which means so much for our future prosperity. Watch the Soaring Eagle.

Hoover may be all right for Wall Street the rich men of the Country and the birds who have already feathered their nest; but for the plain common every day working man and woman we got enough Hoover during the war to hold us for a while. And then too we are Republican to the core, if you please. Now what's Hoover? We certainly have heard no expression from him, when the battle four years ago was on; we heard him not: We went down in the Valley of despair as the Blight of Wilsonism crossed our path; no Hoover to cheer us on our way and now as we look at a rift in the clouds it is sought to again befuddle the issue and give to us an "Unknown" who is neither hot nor cold. From this condition we pray oh Father deliver us.

STEPPING OUT.

For once the people as evidenced in the remarkable interest displayed at this early stage on things political, have stepped out and on their own motion for the great principles involved in a presidential campaign the movement will doubtless extend even further and permeate the recesses of our manifold local situations. They have demonstrated their keen interest to the utmost. This being so it augers well for a heavy registration and equally and intense educational program to make each citizen realize the great importance of putting the best man in front. Therefore when the various claims of the many aspirants come forth they will be scrutinized by the people and they will indeed be in a position to give to each claim an intelligent consideration. We urge upon the people to see to it that they become interested in our government to the utmost, and in doing so they shall indeed be doing the things worth while.

ORGANIZED LABOR AND THE NEGRO.

Among other things brought on and left with us by the war is the change in the attitude of labor unions toward the Negro laborer. This change has been a long time coming and is still slow, but on certain occasions and as these occasions arise, the change becomes more and more evident. We're not unappreciative of this change of attitude nor of any change that means betterment, but it is a question in our mind as to whether this is one strictly of a friendly nature or not. Let us see:

It may be recalled that for the past fifteen or twenty years, and longer in certain sections, the unions have virtually controlled the labor of this country in all lines, the control being more nearly complete during the few years just preceding the war. They dictated the wage, the hiring and the "firing" in hundreds of big manufacturing corporations. They even took this control by contract and the corporations could only flinch.

It may likewise be recalled that during this time unions entirely excluded the Negro workman. This was the period too, when the Negro most needed the helping hand. Young men were being sent out from our best institutions in the greatest numbers, full of ambition and prepared for almost anything,—just screaming for an opportunity but the door was shut to them. Even common labor in certain sections was monopolized by unions. In Chicago there were no Negro teamsters because they could not join the union. In New York no Negro freight handless nor longshoremen for the same reason,—and so it was in every line that could be organized, and the work of the nation was being done by everybody, including the foreign "riff-raff" from Europe, except the Negro. He was only fit fo rthe fields and forests of the South where he must work under conditions second only to slavery.

And then came the war. First the foreigner went or was called home to fight or otherwise aid his country in the war emergency. They left these shores by the thousands before America entered war. And then America entered and her own sons were sent away,—the black with the others. But it was discovered early in the game that somebody was going to be needed to carry on the work of the nation which would be redoubled by the war and to fill the gaps left by those who went away. THE NEGRO WAS CALLED,—not by the unions but by an emergency over which the unions had no control—AND HE RESPONDED READILY AND SATISFACTORILY. What was begun as an experiment turned out to be a "find" and now the Negro workman has made a permanent place in the industries of the North and East, and is fast coming into his own in parts of the South. Are the unions in any way responsible for this?

It would rather seem that the new attitude on the part of Organized Labor in admitting the Negro, is more one of apprehension or self protection instead of friendliness; but even so, we would not object. The main fact of the matter is that this attitude comes at a time when it is less needed or even desired by the Negro laborer than ever before. When one remembers that the record of Organized Labor during the war was not exactly rose-tinted nor otherwise very beautiful, with still no great improvement, then it appears all the more undesirable that the Negro enter their ranks. He can't quite afford it just now. The Present pace of the union is too swift for him.

When Labor is organized for the welfare of all the people, employer and employed, producer and consumer, rural and city, black and white, and will stand for equal justice to all, then its battle will be won and capital will surrender. It will become a credit to American civilization. It is then we want to see our black citizens identified in its ranks.—**Houston Observer.**

NATIONAL PRESIDENT OF COLORED WOMEN'S CLUBS ENDS VISIT IN SOUTHERN CALIFORNIA.

Mary B. Talbert, president of the National Association of Colored Women's Clubs who came to Los Angeles declared upon leaving after eight days' stay that it was the enjoyable trip of her life. The institutions visited by Mrs. Talbert included the Sojourner Truth Home for Girls; the Mothers' Day Nursery; the Old Folk Home and the City Jail. In company with her hostess, Mrs. Lydia Smith Ward, she was driven to the City Jail by Mrs. Homer Dean in the latter's pretty new car. On reaching the jail they were met by Police Woman Georgia Robinson who escorted them through the jail, where they met not only the Chief, the Sheriff, the Captain and other heads of departments including our colored detective seated at his desk. Next we found our colored probation officer. In addition to these they met and talked with all of the women prisoners in their respective cells. Of the many women prisoners not one was colored. In none of the cells was an Indian girl whom they found curling her hair because she wanted to be colored so that she would not be molested. Her crime was seemingly that she had been guilty of running away. They found among the white women prisoners a woman using good English who said she was the daughter of a judge of a Southern State(Kentucky). Mrs. Talbert felt that the three hours were well spent. She is a great admirer of Policewoman Georgia Robinson, also the probation officer Mrs. Reed who is the daughter of her friend Mrs. Brown formerly of this city.

Because Mrs. Talbert could not get a lower birth on Monday night she had to wait until Tuesday; and she left at 5 P. M. Tuesday for Oakland.

A SUCCESSFUL OPENING

By J. Wilson Burr

Th Pacific Coast Industrial Federation starts on its industrial career with the best of wishes from the Race and promises of every assistance.

What has been pronounced as the greatest and most successful business opening, given by the public to any newly established industry, was tendered the above Federation Monday evening, February 16th. In spite of the notice sent out at the eleventh hour, postponing the opening to a future date, in honor of the appearance of Mrs. Mary B. Talbert, the number calling exceeded all expectations.

The interest our people have shown in the launching of this great movement, clearly indicates that the majority of Negroes are now cognizant of the fact that our problems must be solved through the fields of commerce and industry.

Los Angeles, Cal., Jan., 1920.

TO THE FAMILY OF BRO. MURRAY:

WHEREAS God in His all-wise judgment has seen fit to call from this earthly existence the spirit of our much loved brother, member and co-worker for the cause of Christ, Bro. Murray,

WHEREAS Bro. Murray was a good and faithful member of our Church and so lived that life among us, he was a faithful member of our Choir and was at one time Chorister. He could always be found at his post whenever his health permitted him. No one who has ever heard him in that deep bass voice can ever forget him, he knew his duty and loved to do it. He was one that loved his church and loved its pastor and always spoke of him in the highest terms. Bro. Murray was known wherever he went as a singer. All who came in contact with him could not help but love him, as he was so much like a father.

WHEREAS we bow in humble submission to the will of our heavenly father realizing that all He does is for the good of his children as he is too good to do wrong and too wise to make a mistake and we feel and know that our brother is still living in a brighter and fairer world where no sickness, sorrow, pain or death, is ever known and where we too shall all be gathered together, when our life's work is indeed if we live the life of Christ, therefore,

BE IT RESOLVED:

That we, Pastor, Officers and members of the Tabernacle Baptist Church extend to this family our heartfelt sympathy and kind condolence and do now enter into sympathy with them as much as is possible for us to do, for Paul tells us to sorrow not as though we had no hope. We commend them to our Heavenly Father who alone can comfort them in this the hour of their sorrow and who has also said cast thy burdens upon me and I will sustain.

BE IT FURTHER RESOLVED:

That these resolutions be read and a copy given the famty of our brother

Done by order of the Tabernacle Baptist Church.

REV. J. D. GORDON, Pastor
J. A. SANDRIDGE, Cor. Secy.

BULK OF DR. ANDERSON'S ESTATE GOES TO YOUNG WOMAN AND SISTERS

Harrodsburg, Ky., Feb. 14.—(News Special)—The will of Dr. J. S. Anderson, noted herbalist, formerly of Kingston, Tenn., often referred to as the "Indian Doctor," has been made public and shows that his more than half a million dollar estate, including four lots and six buildings at Kingston, Tenn.; 374 acres of farm land in Pulaski County, estimated to be worth $100 per acre and an automobille, goes to Miss Dessie Durland, a young white woman, former school teacher of Harrodsburg, who went to Kingston as a patient of Dr. Anderson, but remained as his private secretary. Her two sisters, Misses Myrtle and Bertha, jointly receive a house and lot in Ferguson, Pulaski County.

Referred To As Indian

Dr. Anderson, known almost nationally as "the Indian Doctor," is said to have effected cures, some chronic cases, which were considered wonderful. He was a thoroughbred Negro, having been known from birth by many East Tennesseans. For many years he operated at Kingston, Tenn., a little village near Harrimann, and erected large sanitartums there to care for the hundreds of patients that flocked to him from all sections of the country. Included in his great number of patients are said to have been men and women of wealth and distinction. He caused the eyes of the country to center on the little town in which he practiced.

His career was rather a stormy one in Tennessee and as the result of certain indiscretions, involving a young white girl, he was hailed before the courts and later forced to leave for Kentucky where he plied his trade.

He gave several thousand dollars to the State University of Kentucky, for Colored, shortly before his death which occurred several months ago. —East Tenn. News.

SEATTLE SIFTINGS
(By F. R. Brooks)

Rev. Graham, the pastor of the A. M. E. Church is certainly a nice preacher. He holds his flock in spell form—start to finish. His meetings are very interesting. Sunday he spoke very interestingly.

Rev. W. D. Carter, the pastor of Mt. Zion Baptist Church is also a good preacher. They are getting ready to install their new church in the near future. Different committees are meeting constantly arranging different matters for the biulding. They have very good thinking men on the committee and I think they will bring everything through O. K.

The Whang Doodle entertainers played a new engagement at Waltby, Washington Valentine night to a very large crowd.

The influenza holds in its victory still a few victims of people yet and it has also been good enough to release some. Mr. W. M. Varlack, Mr. J. W. Bailey and a few others have been wonderfully blessed as they have returned back on the job.

Mrs. Claude Ellison has returned from Yakima, Washington, after spending a few days with her sick brother.

Everything seems to be rushing and in full bloom on 12th and Jackson St., better known as the "sharp inn." People over there seem to get rich over night. Some place!

There are Oscar Collins,' Hoyd's and Williams' Pool Halls which seem to be doing a land of business daily. There is Leg's and Baker's, Dishmore and Harris Cabarets doing a business that is by far a credit to themselves and their patrons. Musicians and entertainers in those places are among the best in the country.

Hence Brookins is up and around again after a hard spell of sickness. He is back on the job to meet his friends as ever.

Mr. and Mrs. Shelton Ragland have returned to the city from Bremerton, Washington.

The Republican Club had their regular annual meeting at the Masonic Hall, Thursday evening, February 12th. Everybody that was there seemed to be very much pleased over the meeting.

Mr. and Mrs. A. R. Bonnar entertained Master E. H. Holmes, James E. Shepperson, C. W. Davis, P. G. M., J. B. Hagans and other friends at a dinner party at the home of the host and hostess, Thursday, February 12th

Mrs. McPherson of 4406 Olive St., has been reported on the road to recovery.

Mr. Sam Peoples and Mr. Saurver of the Peoples' Taxi Cab Company are victims of the "Flu." We wish them a speedy recovery. Mr. August Brown is now driving for the Peoples' Taxi Cab Company.

Mr. F. E. Larry formerly of the Whangdoodle entertainers was a victim of ptomaine poison last week, but now he is alright again. Mr. Larry and his friend Mr. Wyle, somehow or other got it in their heads that they could play Whist. The first thing they thought of was F. R. Brooks and his brother-in-law E. B. Murray and the rest of the party so they thought they would go and clean them up, but to their sorrow they were given a good whipping. From the way things stand now I think they will stop playing forever and ever, Amen!

Mr. M. P. Davis, the famous carpenter and builder is open for business at 2329 East Madison St. He is doing a lot of work in his new shop and what I mean, he is a good workman.

Everett and Jones, proprietors of the Pellman Billiard and Pool Parlor are some of the best men of the city to meet and they also run a first place and also first class gentlemen to meet other first class gentlemen, so if you go there you will find represented there New Washington Hotel, Butler, Washington, Annex, Elks Club and otheh men of the waiters class.

Don't forget to phone F. R. Brooks —East 1344—for papers, items, subscriptions and ads. to put in the California Eagle. He will always be at your service.

son and his wife, Mr. and Mrs. Geo. D. Williamson.

Rev. W. H. Rozier arrived in the city Saturday and will hold the usual service at Park Avenue Church, his pastorate

Riverside City and County was blessed last week with another much needed and appreciated rain. The kind that went into the ground.

The Baptist preachers of this city organized an Inter-Counties Baptist Ministerial Union by the election of the following officers: Rev. F. W. Cooper, Pres.; Rev. S. H. Goodwin, Vice-Pres.; Rev. W. H. Rozier, Secretary; Rev. H. H. Williamson, Cor. Secy; Rev W. G. Goodwin, Treas. Revs. Cooper, Williamson and Rozier were appointed a Committee of Constitution and Bye-Laws. The meetings will be held every alternate week.

In the near future there will organize a Ministers' Alliance to include all ministers, regardless of denomination.

Rev. W. H. Rozier left Monday A. M. for Los Angeles, his home.

Rev. G. W. Reed of San Bernardino attended the installation of officers at the 2nd Baptist Church last Sunday.

Magnolia Lodge No. 5470, G. U. O. of O. F. will observe Peter Ogden Day next Monday, March 1st at their Hall on E. 12ht St. to which the public is invited to attend. The Committee has arranged a splendid program for the occasion.

At The Churches

2nd Baptist—The services were fairly well attended Sunday owing to the rain, for it rained throughout the day. The pastor Rev. F. W. Cooper preached morning and evening. In the afternoon was the Installation of officers and Rev. W. H. Rozior of Park Avenue Church delivered the sermon, which was a masterly discourse, and greatly enjoyed by all present. Rev. G. W. Reed of San Bernardino did the installing. Prayer Meeting Wednesday night as usual.

A. M. E.—Rev. W. C. Davies the pastor had charge of the service, and preached both morning and evening. This church is taking on new life as there are many new members being added and the attendance is increasing. The prayer and class meetings have the old time ring and the offering too is good.

The Southern Division of the Northern District A. C. E. will hold their regular monthly meeting at the A. M. E. Church, Sunday at 3 p. m.

Mr. Ben Ingham of San Bernardino is the President and he promises a treat to all who will attend the meetings as some of the best talent in the Southland will be on hand. Don't miss it.

Park Avenue Baptist—Although the rain was falling in torrents on Sunday morning last, the Sunday School was well filled with pupils—old and young. The lesson was made very interesting by the pastor and teachers. Collection was very good. The pastor, Rev. W. H. Rozier, preached a very powerful sermon at 11 o'clock from the subject: "Faith." Many strong testimonies were given by some of the members, testifying to miraculous healings through faith for which we are giving God the praise. At 6.30 the B. Y. P. U. convened with a large attendance. The pastor gave a very interesting and beneficial talk on the "Articles of Faith" which was very much enjoyed. Everyone present discussed the subject—"Why I am a Baptist." Some very thoughtful and helpful answers were given. At 8 o'clock services the Pastor spoke from the text: "Come unto me, all ye that labor and are heavy laden and I will give you rest." It was most wonderful—full of spirit and power. The Choir was out in full, and sang excellently well. Several visitors were present, and expressed themselves as having been greatly blessed. We hope they will come again. All are welcome. The sick of the Church are rapidly recovering, for which we are thankful. Mrs. Carrie Jackson is much improved. The Church is in a splendid condition, both spiritually and financially and all are looking forward to the 2nd Sunday in March, when we hope to raise $1,000 on the new church building. The public is cordially invited to come out and help us.

All persons having lived in the State of Arkansas more than five years, and all native born persons are asked to be present at a call meeting on March 12th at 8 o'clock P. M., at the residence of Mrs. M. E. Young, 1419 Hooper Ave. Mrs. J. L. Dyson, Secy., Phone Vert. 5579.

The Episcopal Evangelist the Rev. George Alexander McGuire, M. D., will preach his three last sermons on Sunday, Morning, 11 A. M., "It is good to be here." Evening 8 p. m., "Are you sure that you are Saved," and at the Y. M. C. A. to men at 4 p. m., "The Divine call to Service."

MUTILATED PAGE CANNOT BE IMPROVED

REPORT OF LINCOLN LEAGUE CONVENTION.

(Continued from Page One)

Lincoln Convention Notes

Attorney William C. Hueston, of Kansas City, and Gary, Ind., responded with Websterian eloquence to the address of Mayor Thompson.

Bert Roddy, of Memphis, Tenn., banker and head of the Roddy chain of stores, was a fine example of the commercial side of the convention.

Isaac Nutter, of New Jersey, chairman of the Resolutions Committee was on the job. He lost his voice but he did not lose his head, quite.

Attorney Henderson of Indianapolis, played the important role of "I must, I will be heard."

For political activity, the Congress Hotel didn't have a thing on the magnificent Hotel Vincennes Convention week.

A. N. Fields, publicist for the Lowden campaign committee, seemed to be saying concerning his chief: "He arguifies and arguifies, but he don't get anywhere."

Charlie Cottrill, of Toledo, and Jimmy Cobb of Washington, told tales out of school, and Frank Hitchcock's ears must have burned.

The resolutions committee personnel might well grace the Congressional directory, and it is certain that there would be some things doing on jim crow cars, lynching, disfranchisement and other un-American institutions.

A telegram of praise was sent Governor Morrow of Kentucky for his valor in upholding the constitution and the law.

Councilman Thomas W. Fleming, of Cleveland and Alderman George W. Harris of New York, were publicly introduced to Mayor Thompson.

Among the stalwarts: Dr. E. E. Underwood, Ky.; Charles Calloway, Mo.; J. M. Neil, Dr. Philips, St. Louis; A. W. Lloyd, Mo.; Joseph H. Jones, Ohio; Wm. McDonald, J. B. Grigsby, Tex.; J. McHenry, Ga.; Joe Watson, Ga.; E. G. Tidrington, Ind.; E. L. Wheaton, Ga.

The next session of the Lincoln League will be held in Indianapolis, 1923. Make reservations early.

Robert R. Church, "the power behind the throne," was in on all the "deep stuff" but President Simmons finally "got him before the people" just before final adjournment, and "Bob" was given an ovation, to which he responded with dine wisdom and sensible eloquence.

Those active in promoting the interests of Leonard Wood for president, "stole a march" on the other presidential candidates by having Leonard Wood headquarters opened at the Hotel Vincennes, where the enthusiasts gathered and exchanged greetings. Major John R. Lynch and Judge Moore were the hosts of the occasion.

Nearly $2,000 was raised in one public collection for the Lincoln League activities. But like the man who was running from the ghost, it is being said: "This ain't nothing to what we're gonna do."

Walter L. Cohen, of Louisiana, treasurer of the League, and Republican political monarch of all he surveys in Louisiana, was there with activity and ability.

The famous Appomattox Club did the honors for the delegates at a smoker Wednesday night after the session, and the boys did the honors to the smoker.

The annual Eight Regiment dance happened at the psycological moment, Thursday night, and the picture was one of entrancing beauty and bewildering grandeur. Col. Duncan, Col. Marhall, Col. Dennison, Col. Johnson, with Majors, Captains, Lieutenants, Sergeants, Corporals and "buck privates" galore, put the last word to the event in military atmosphere.

Col. Simmons referred to the Associated Negro Press as "the largest combined force in Negro journalism today." The A. N. P. was on the job, covering the convention in detail, furnishing stenographers free of charge to the delegates at the hotel; opening its executive offices in the loop for downtown headquarters for the delegates, and giving a dinner for the visiting newspaper men at the Appomattox Club, Thursday evening. Among those present and invited to the dinner for the Fourth Estate were: Webster L. Porter, East Tennessee News; William Warley, Louisville News; W. P. Kemp Detroit Leader; J. E. Mitchell, St. Louis Argus; George P. Stweart, Indianapolis Recorder; J. Anthony Josey, Wisconsin Weekly Blade; George W. Harris, New York News; Capt. Jackson McHenry, Atlanta Independent; Ralph W. Tyler, Cleveland Advocate; Leon A. Gimore, Houston Observer; C. F. Richardson, Houston Informer; J. C. Brown, Indianapolis Ledger; Henry Allen Boyd, Nashville Globe; William H. Stewart, The American Baptist and James Weldon Johnson, The New York Age.

Mrs. Thos. W. Fleming and Mrs. Ida Wells Barnett demonstrated to the convention that the women will soon show the men how the political game should be played according to Hoyle.

President Simmons is to appoint a Publicity Committee of seven.

Henry Lincoln Johnson, secretary of the League, was kept so busy taking notes that he had to commandeer a stationery store in the neighborhood.

Perry W. Howard, of old Mississippi, felt so good when Gen. Leonard Wood came marching down the aisle, amid the cheers and loud hosanas of the assembled throng, that he almost performed the boyhood trick of jumping up and cracking his heels together twice. So far as Perry is concerned, it's all over but the count, but it is supposed the Wood forces will keep on the job for appearance sake, if nothing else.

Now, the country will comment on the results of the Lincoln League convention. There will be praise and there will be some criticism. There may be an attempt at a "rump convention" or two. The promoters of the League must be prepared for any event, and above all must make themselves worthy of the trust imposed in them by people. Constructive criticism cannot be objected to, and should be welcomed, but petty fault finding is detestable, and shoud be avoided.

Soldier Boys Given Royal Send Off

SELECT DRAFT MEN RECEIVE ROYAL SEND OFF UNDER AUSPICES OF HARRIET TUBMAN RED CROSS SOCIETY.

The big auditorium of the 5th and Towne avenue church was inadequate to the demand of accommodating the people who turned out to honor the drafted men on last Wednesday evening by their presence at the reception which had been arranged by the Harriet Tubman Red Cross Association. The program, which had been hurriedly arranged, was one of the most memorable occasions ever held in this country and the valiant Red Cross Society headed by its indomitable president, Mrs. Eliza Warner, are the heroines of the hour. The membership of the society, from head to feet were dressed in white and presented a patriotic hue to the occasion and each one had been assigned to a special detail which was performed with clock-like precision. Each drafted man was met by a member of the Red Cross and escorted to seats of honor which had been reserved for him. The participants on the program were also met and escorted to the platform. Mr. Edward Hall, assisted by Elmer Bartlett and Prof. H. D. Green led the patriotic songs.

Mr. Julius Stevens on behalf of the Men's Forum made a short address which was applauded to the echo. He worthily represented the body which is doing so much for progress in this section. Mr. [illegible] Hugh E. Macbeth, State President of the All American League, was the next speaker and delivered one of the most [illegible] found in the mighty truly [illegible] plans [illegible] but [illegible] mann [illegible] Jones [illegible] Stevens [illegible] Gad- [illegible] Mrs. [illegible] tor [illegible] est [illegible] Col- [illegible] empha- [illegible] and [illegible] with [illegible] son [illegible] clous [illegible] effort [illegible] event [illegible] same [illegible] boys [illegible] ing was [illegible]

Chief [illegible] has with especial pride looked back his former stay [illegible] in the U. S. [illegible] Grandpa. Rev. Glenn M. Arthur, secretary to the Mayor, [illegible] and as he always [illegible] pleased [illegible] the mighty [illegible] reputation as an orator and [illegible] number of the exception [illegible] very humorously pleased the vast assembly by his inimitable wit and [illegible] and closed in a flight of [illegible] eloquence which carried his audience with him.

The last speaker was Lieut. Jesse Kimbrough, who received a warm reception and in a soldierly bearing asserted that his forte was fighting and not speaking. He said he was ready to go to it.

At the conclusion of these exercises the drafted men were escorted to the banquet hall in the basement of the church, where the members of the Red Cross again demonstrated their prowess as they with neatness and dispatch served not only the drafted men but the visitors as well as neatly and prompt as if they were dining at the Palm Beach hotel, to a sumptuous repast. And thus came to a close one of the most notable events which ever took place on the Pacific Coast.

The following table will give the time and the departure of the drafted men. We are publishing the names of as many as we could locate, as follows:

Stars [illegible] tackled in the national [illegible] have lost their lustre and [illegible] the trash heap of civilization [illegible] which long have governed [illegible] being swept beneath the tide [illegible] ssity. Shall we grasp them by the forelock and court progress? The issue remains with us. What shall the answer be?

To do this, however, efficiency must be the platform upon which we stand. The time is here now when it matters not so much as to the color of your skin or the texture of your hair. The question these times are asking is "Can you stand the test?" Young men—young women! What shall the answer be? Your hour has come. Success depends upon your response. Opportunity knocks and knocks hard.

New situations have already opened and will continue to open wide their doors to the enterprising and efficient, be they black or brown. Preparedness, efficiency and ability will give us an enviable footing in the new creation bound to rise from the ashes of this awful conflict. Shall we tango, fox trot and bunny hug these splendid chances away or shall we turn to tasks and duties of a higher and more progressive nature?

We shall win or lose just as we choose. The gate stands ajar. Opportunity's arms are open wide, her voice calls, "the efficient and prepared may enter." Shall we enter in? What shall the answer be?

"Life is striving; life's a race
O'er a course both hard and long;
Toward attainment set your face,
Quit yourselves like men, be strong."

ALL AMERICAN LEAGUE

Receives Commendation From President Wilson, Governor Stephens and Mayor Woodman

The following letters from President Wilson's secretary, Gov. Stephens and Mayor Woodman, will no doubt interest our readers as to the recognition given the head of the Nation, Station and City.

THE WHITE HOUSE
Washington

October 13, 1917.

My dear Sir:—

The President has asked me to thank you for your letter of October 6th, with its enclosure. He is most appreciative of this assurance of support.

Sincerely yours,
J. P. TUMULTY,
Secretary to the President.

Mr. Hugh E. Macbeth,

STATE OF CALIFORNIA

Mr. Hugh E. Macbeth,
President All American League of California,
221 Lissner Building, Los Angeles, California.

My dear Mr. Macbeth —

I beg to acknowledge your recent letter accompanied by your Flag Rally Resolutions.

I greatly appreciate such efforts of patriotic fervor of the All American League of California.

Yours very truly,
WM. D. STEPHENS,
Governor

CITY OF LOS ANGELES
CALIFORNIA

Office of the Mayor
October 8, 1917.

Hugh E. Macbeth, Esq.,

Los Angeles, California

My dear Macbeth:

Yours enclosing resolution of the "All-American League" received. We certainly appreciate the patriotic utterances contained therein.

Very truly yours,
F. T. WOODMAN,
Mayor.

DR. H. D. PROWD ON VACATION

Dr. H. D. Prowd, the scolarly pastor of the Second Baptist Church, who after laboring ardently in this field for more than a year left two weeks hence for the northern part of the State, where he was to rest and recuperate. Dr. Prowd writes back that even though he is absent his heart is with his flock here. He also states that he is being cordially received, and royally entertained by northern friends and that he is favorably impressed with the progress being made by race men in that section, but laments the fact that our people in the North are church slackers.

The California Eagle believes that Dr. Prowd's visit to the north will mean a great spiritual awakening for those who hear him.

A. A. LEAGUE MEETS AT Y. M. C. A.

Through the public-spiritedness of Secretary T. A. Greene, Y. M. C. A., under the auspices of the All-American League, those who attended services there Sunday at 3 p.m., were much benefited by listening to the very eloquent, Mr. George D. Roberts, Representative of the Federal Reserve Bank, Twelfth District, speak on the merits of the United States of America Liberty Loan. Mr. Roberts especially emphasized these features of the Liberty Bond:

1. Acceptable by banks as collateral to loans on a more favorable basis than any other class of securities.
2. Almost as liquid as currency, already being accepted in payment of accounts contracted for ordinary commodities.
3. The premier investment of the world in point of security.
4. Available in small denominations, thus making for wide distribution and popularizing of issue.
5. Issued in a patriotic cause, thus appealing to "millions of men."

The speaker held the attention of the audience with close attention. He was followed by Mr. W. E. Easton, who afterwards presented Mr. H. E. Macbeth, State President, whose appeal stirred the already much convinced audience of generous applause. Professor H. D. Greer, Secretary of the State League, and President of the Westside Branch, in his usual eloquent way, spoke in corroboration of the speakers that had preceeded him. Professor Greene also spoke favorably of the preceeding speeches and made an earnest appeal for funds to roof over the swimming pool and make other necessary additions to the convenience of the attendants, especially the juniors, of the rare facilities of the Y. M. C. A. He informed the gathering that in the very near future there would be an "old style spelling match" conducted by an "old style teacher," who with their little blue-back speller could spell against the world. The Secretary also stated the campaign for funds would not be a begging scheme, but a campaign for membership, giving something for something of a tangible nature. Adult memberships are but $5 for a whole year and $3 for boys. This is cheap compared with the $15 membership of the white associations, who have only one more privilege i. e., billiards. The principal speaker of the occasion, Representative Roberts, paid a very high compliment, both to the vision and the patriotic work of the All-American League, speaking for its influence with all constituted authorities throughout the City, State and Nation. We are sure that the speeches sold bonds as many afterwards, expressed a desire to have them, and Secretary Green called on each one present to constitute himself a committee of one to talk Liberty Bonds.

CARD OF THANKS

To the many friends who were constantly attentive to our dear mother, during her long illness, and who by their words of comfort and unlimited deeds of kindness showed her, even until death, and by their many magnificent floral offerings, which made her passing the more easy for us to bear; to the Rev. H. B. Davis, pastor of the Mt. Zion Baptist Church, of which she was a member, and through him to the members and friends of said church, who were so loyal, so patient and who remain with us even until the end came, to the friends and neighbors in the community in which she lived, and to all who were so wonderfully helpful to us during her long illness, we wish to extend our sincere thanks. We are,

Most respectfully,
MR. AND MRS. HOOKER.

Dr. Bundy is charged with leading the colored men of East St. Louis in defense of their homes on the fateful second of July, 1917. The matter has been pending for about two months.

Governor Cox, in an explanation of the delay in granting the extradition, said that it had been caused by his fear that race feeling in St. Clair County, Ill., was so strong that harm might come to Dr. Bundy.

A COMING RACE ENTERPRISE

We are constantly calling the attention of our readers to race enterprises where their patronage is solicited and their presence not objectionable.

The cut that appears here speaks for itself—now if so much can just imagine if you please, what a race enterprise in this community be accomplished in the face of much opposition in so short a period properly supported would accomplish in a few years.

Madame Cuffee, proprietor and operator of the Metropolitan Hair Store at 952 Central Ave., is adding daily to the beauty and fitness of her establishment; for the past few years she has supplied a large number of persons in this community with Hallowe'en costumes of the latest and best varieties to be found in Los Angeles and so successful has she been in this line that she has decided to pay added attention to this department of her business, and by virtue of her experience at the head of the regalia department of the Pacific Coast Regalia Co., we predict that within a few years Madam Cuffee with the large and growing patronage among her people in this district, will preside over one of the largest regalia establishments in all Los Angeles.

It was her special aptness for this work that placed Madam Cuffee, the only race woman ever employed by this company, forelady to preside over her more favored white sisters.

Madam Cuffee is also an expert wig and toupee maker and in short anything that is made of hair, having learned this art at Masion and Caesar, 9th and Broadway, the largest establishment of its kind on the coast. She is also a graduate of Madam C. J. Walker's college of hair culture.

Prof. Cuffee, the husband of Madam Cuffee, who was before coming to Los Angeles, pharmaceutical clerk in a large New York establishment, is a valuable assistant to Madam Cuffee in the manufacturing department of her business.

From time to time we will present such enterprising members of the race engaged in the various business walks to our reading public, hoping that through this medium, a greater spirit of rade pride will be awakened among us and that, like the Jews, we will be able to play our role in the financial world and in this fashion take our place with other peoples of the earth.

MRS. C. A. BASS.

Mrs. Mattie Boyd

Able President to Preside Over Four Sessions of Inter-Denominational Society.

Mrs. Boyd is perhaps one of the most energetic Missionary workers in this section. For a number of years she has been actively engaged in missionary work in this city; at present as president of the Interdenominational Missionary Society, which will hold its annual session this coming week with the Independent Church, cor. 18th and Paloma. Mrs. Boyd continues to prove her true metal as an unselfish worker for Christ.

A most excellent program has been arranged and printed by Mrs. Boyd for this occasion and all missionary workers will do well in attending each session.

NOVEMBER 25

We know there are many young people that do not know about this club, so we are endeavoring to find you through advertising. A big program every Sunday at 5 o'clock

C. B. DONES, Pres. WM. RICHARDSON, Sec'y

SAN DIEGO NEWS.

The revival at the Mt. Zion Baptist church, conducted by the able Dr. N. T. Lane of Houston, Texas, has been a grand success. It has helped Mt. Zion, both financially and spiritually.

Dr. N. T. Lane has made many friends in San Diego and declares he is coming back again.

The Sunday-school of which Mrs. M. A. Hayden is superintendent will give a grand rally on the 4th Sunday of this month. Each class will report the amount they have raised for the Sunday-school.

It was reported in last week's issue that one of the entertainments was not well attended. The writer being in Stockton at the time and unable to personally attend, dreamed that it was a failure—but the reports turned in on the 4th Sunday will decide the success of each class in a general way. All are cordially invited to come out and see results for themselves.

The Missionary Society is getting along nicely under their new president, Mrs. J. Langley.

Misses Annie and Exonia Mulholland are in Los Angeles, stopping with their sister for an indefinite time.

The little Sunbeam Band, under the supervision of Mr. C. E. Norwood, is doing a good work. They will meet Friday p. m.

The Boy Scouts sermon was preached at the Mt. Zion Baptist church Sunday afternoon.

The Sunday-school, B. Y. P. U., Missionary Society and the Consecration Circle are energetic and flourishing organizations. Each president is trying to see to it that his or her part of the work does not lag.

Mrs. M. A. Hayden entertained at luncheon Monday afternoon. Rev. Dr. N. T. Lane, of Houston, Texas; Mr. J. Davis of Los Angeles, Mrs. L. C. Collins of Bakersfield and Mrs. C. E. Norwood of San Diego.

Miss Hattie Jordan of Riverside is still in San Diego with friends and enjoying it immensely. She cannot decide when she will return home.

The Heath Jubilee Chorus, composed of members and friends of all the colored churches in San Diego, is making its mark. They meet for rehearsal every Monday and Thursday evening. They were invited out to sing for the White Christian Church, but Prof. Heath thought it best not to accept any invitations at this time, as the Chorus will make their first appearance in public on Thanksgiving. The members of the Chorus are becoming very interested, and regret to miss a meeting. Some who have enlisted in the Chorus are a little slothful, but we are asked to take a more active part, as there is a time coming when all will want to take a part, and it will then be only to those who have been faithful to the end—so, therefore, a hint to the wise should be sufficient.

The Negro Woman's Council of San Diego is doing remarkably well. Mrs. E. D. Hudson is president. The women are all pledging their hearty support. Our motto is "Loyalty"—it is the key to success for the Negro race—join in and help us.

Mr. James Warren of 2014 Martin avenue, is on the sick list this week.

Mrs. John Wilson and family have returned to the valley.

Mrs. Georgiana Williams left for the valley for an indefinite stay.

The "Fathers' Chamber" will give an entertainment at Masonic Hall on Hallowe'en night. Speaking by three prominent citizens. Refreshments and supper will be served. Dancing after program and dinner. Admission 15c. President, Chapman; Secretary, S. Conway.

The revival at Mt. Zion church has stirred the town and many have found the way to church who never knew it before. Twelve have been added to date; two for baptism. The meeting will close Thursday night at the white Baptist church with a great service and baptizing. Religious enthusiasm is at the highest pitch. Don't let the preacher take away your religion when he goes, but keep it with you.

The Ladies' Council held a grand session Sunday at the hall. They are handling the questions of the hour. The president is a live wire.

Mr. and Mrs. Truman have returned from the valley, but expect to spend the next year on a ranch.

Mr. E. T. Anderson brother-in-law of Rev. C. Williams, who has been prospecting in Mexico, is in the city and thinks he will stay a while.

Mt. Zion was taxed to its utmost capacity Sunday night.

The B. Y. P. U. of the Mt. Zion church broke its record Sunday in attendance and collection, there were 75 present and $3 collected. The recitation by Miss Janie Brown was very good. Mr. Norman, the Grand Master of the U. B. F. of State, addressed the union on the subject of putting one's religion into politics.

Members of the chorus that Mr. Heath is getting up are asked to come out to practice.

MONROVIA, CAL.

Mrs. J. M. Martis is still on the sick list.

Messrs. Carl Smith and Lawrence Henderson were pleasant visitors in the city Sunday.

Mr. and Mrs. E. L. Adams entertained a few of their friends at a Hallowe'en party last Wednesday evening. The guests were Misses M. Clark, M. Shaw, H. Robinson, Ida Shaw and C. Adams; Mrs. N. Walters and J. Kinzy; Messrs. N. E. Clark, M. Keary, I. White, D. Johnson and L. Leonard. Delicious refreshments were served in abundance.

Mr. Leroy Leonard left Tuesday for his home in New York.

Mrs. S. Lockett spent the week end in Los Angeles with her mother, Mrs. Stovall.

The concert at the Second Baptist church Friday evening was a grand success. Receipts $9.

Mrs. Ellen Beeks spent Sunday in Monrovia visiting her father, Mr. J. M. Martis.

A great rally was held at the 2d Baptist church Sunday p. m. when Rev. Clark, pastor of Zion A. M. E. church a soul stirring sermon from Ephesians 6:11, "Put on the whole armor of God that ye may be able to stand against the wiles of the devil."

The service was unusually inspiring. The speaker brought out many beautiful points of interest that were beneficial. The choir was fine. Collection, $52.

Tuesday evening Rev. G. W. Reed of Riverside, Cal., delivered a lecture to the Sunday schools, B. Y. P. U.'s and C. E.'s. Devotional exercises conducted by Jessie Kinzy. Subject, "Purpose of the Sunday school and Y. P.'s meetings." He urged the teachers to be well qualified to teach; that they must be of good character, and have the ability from both a learned and a spiritual standpoint. All present declared they had been greatly benefited.

Mrs. Ada Keys of Los Angeles is the house guest of Mrs. E. Woods.

Another disgrace to the race and ministry. Unfair use of the word, "Woman" by notoriety-seeking quack. By Jessie Kinzy.

In the person of a quack preacher, who roams about Monrovia and spends most of his time telling some obnoxious tale about a woman, is the one who has become a perfect nuisance and disgrace to this community. He often waits for an opportunity to fill some pastor's pulpit to make these defamatory remarks, thereby becoming a disgrace to the rostrum and the pulpit. He has no regard for honesty—for a clean life, nor the truth! He continually moves from one place to another to avoid paying rent. He continually boasts of his ability to preach in Greek and Latin yet he cannot speak English correctly. Such a loafer as this should never be allowed behind a pulpit.

Good, clean, honest ministers—avoid having such quacks in your pulpit, thereby proving to them that they are not being upheld in their low, degraded, rotten life.

FRESNO

With the return of the many Fresno folks from their vacation, society has again resumed itself.

The musical extravaganza — "Mother Goose Rhymes," as presented by sixteen kiddies under the personal direction of Mrs. Jas. L. Clark, was a decided success. The A. M. E. church was crowded to excess and the audience was very generous in its applause. The solo by Percy Best, and the singing of several popular songs by Miss Alma Saunders were among the notable features of the evening.

Mrs. Wm. A. Bigby and her third daughter, Miss Azeal Gwendolyn, will soon leave for Sacramento, where she will be the guest of her sister and her husband, Dr. and Mrs. Wilson, who now have the pastorate of St. Andrews A. M. E. church in that city. Mrs. Bigby is paying a deferred visit to Spokane and will remain in the the capital city as long as fancy dictates.

Madame Lillian J. Davis, wife of the eminent pastor of the 2d Baptist church, who has recently returned from a three months' tour of the East, was the incentive for one of the largest and most brilliant musicale receptions society has seen in years. The Coolidge-Taylor Glee Club presided over this elaborate affair for their president to show, if possible, the deep esteem and respect in which they held her.

The musicale, under the tutelage of Miss Ann Harris, had its setting in the auditorium of the church and the banquet tables were spread in the banquet hall.

The program was excellent, especially James L. Clark, our piano genius, whose wonderful interpretation of several difficult numbers from Schubert was the very embodiment of art.

Mrs. Davis wore a striking creation of black Persian lace over a pea-green messilaine, embellished with velvet of a deeper shade, and carried a bouquet of immense chrysanthemums.

The patronesses were Mesdames James H. Bent, James L. Clark and Miss Leola Watkins.

NE WHOPE BAPTIST CHURCH
1623 Paloma St.

Rev. A. Lively, Pastor

Services at this church were both grand and glorious last Sunday. The pastor preached morning and evening. The evening subject was, "Bless the Lord, O My Soul and Forget Not All His Benefits." 103rd Psalm, 2nd verse. We cannot soon forget the many points of interest brought out in this sermon.

The Sunday school and B. Y. P. U. are growing bigger and bigger each Sunday, so come and help us to study God's word.

Strangers and visitors are always welcome.

SCOTT CHAPEL NOTES

The spirit of union and fellowship is in our city churches as never before. The pastors are together for mutual service. Rev. W. H. Hughes, the senior pastor, set the example in uniting with Scott Chapel on last Wednesday evening in prayer meeting. The Lord blessed the union with a new born soul, one strong man was saved. This spirit of fellowship is concurred in by both Doctors Taylor and Tilman, the splendid pastors of First A. M. E. and Friendship churches.

Sunday was a blessed day. You ought to just come to our services on the Sabbath. You would be greatly blessed and helped. The Ladies' Aid society will be entertained at the home of Mr. and Mrs. Taylor, No. 70 Palmetto Drive.

Sunday is Holy Communion Day. Pastor Kinchen will preach at both services on the Sabbath.

Our new Sunday school superintendent, Mrs. Mosselle Moore, had a fine start on last Sunday. She is greatly loved by all.

BARBAROUS TREATMENT TOWARD BABY.

Thrown Back Into Flames After Having Escaped.

East St. Louis, Ill., Oct 22.—Testimony that during the race riots here July 2 a mob of fiends threw a colored child into a burning house after it had escaped from the flames, was given at the Congressional inquiry today by Edwin Popkess, a reporter for a St. Louis (Mo.) newspaper. He also said he saw four or five National Guardsmen shoot and kill two colored men who ran from a burning house.

Paul Y. Anderson, a newspaper reporter, testified that before Federal Judge Landis ordered a reformation last November many saloons in the city were conducted in a disorderly manner and were the chief breeding places of crime, and he believed it was the same element haunting these resorts that took part in the race riots.

The lawless element had been so powerful for years that political parties played for its support, Anderson said.

John W. Paton, genaral manager of the Morris & Co. packing plant, where many colored people were employed, was asked by Rep. Baker why he had not gotten fifty rifles and stood between the mob and men and women they were murdering. He replied, "Well, to tell you the truth, we were afraid for our lives."

Old Man's Home Saved By Injunction. Fraud Charged.

An injunction just issued by the Riverside County Court will prevent the foreclosure of a trust deed on the old home place of Crafford Carter, an aged colored man of Perris, Riverside county.

Attorney Afue McDowell of Los Angeles, representing Carter, returned last week from a three days' trip to Riverside and Perris, where he had gone to look after the old man's interests.

According to the complaint which Attorney McDowell filed in the Riverside County Court, the case seems to be another instance of where an aged Negro, being unable to read or write, had placed all of his confidence and business with an influential grocer.

The complaint alleges that while Carter was mentally incompetent to transact business, the grocer forced Carter to sign a deed of trust on his home. Now the grocer is endeavoring to foreclose the trust deed.

Carter has many friends in Riverside county and Los Angeles and resided in Southern California for more than 25 years.

The loyalty of the colored Americans has been practically demonstrated by the way they subscribed to the liberty bonds and, further, by the enthusiastic way in which they turned out to cheer our soldiers on their departure.

The croakers can forever subside, when in the space of 54 years an ex-slave can step up to the Secretary of the Treasury and subscribe for on behalf of one of his fraternal organizations $50,000 worth of Liberty bonds and pay for the same on the spot.

And now that we have done our bit in this liberty bond campaign, let's keep up the good work and in every endeavor and in every movement which has for its object the success of American arms, let us join in with the same spirit and do our best all along the line.

We are very much pleased to note the improvement of the general make up of the Oakland Sunshine, for live reading matter in both its editorial and general news a decided forward step is noted. Robinson, president of the elective committee, are doing all in their power to make this chorus a grand success. The first thing that is done when the chorus is called to order by Prof. Heath is to sing, "Blest be the tie that binds," and any one having aught against a sister or brother and who have not been speaking to one another, is to go and shake their hand and let all differences between them cease. All the churches are taking a part in this chorus; and if this method will bring them all together in peace, love and harmony, may God bless the chorus and its promoters, and may it continue forever and ever.

THE NEGRO'S TRIAL.

By C. E. Wilson.

Stoney and cold sat the Judge,
While in silence sat the Jury.
A trembling Negro was before the bar,
While the mob raged out in frenzy.
"Prisoner at the bar, you're guilty of murder and rape;
Your guilt shines bright in your eye.
My friends await to give you the tape;
Therefore, you're doomed to die."

"Before God, Judge, I'm not guilty of crime!
I'm as innocent as a new-born day.
To prove that I'm right, I ask for more time;
At least, give me time to pray!"

"Away with the Negro!" the stern Judge cried.
Immediately the handcuffs clicked.
The innocent victim shifted and shied
While blows on his head rained thick.
They carried him away to the public square,
Where the masses could see and hear.
They applied the torch in the open air,
Where the masses could see and hear,

"O, Lord!" cried the Negro, "Are you a just God?
After serving you all these years,
Is this the promised rich reward
That I've earned with my prayers and tears?"

"We know you're not guilty," the crowd shouted in glee,
As they punched in the Negro's face;
"We've just got to kill you, don't you see?
For daring to usurp the white man's place!"

The sun overhead was clouded with shame,
While out from the East rose a cloud;
The mob still cursing the Nero's name,
When it thundered long and loud.
The cloud grew darker and longer in size;
In its center there beamed a bright star.
The crowd stood in wonder and great surprise
When they read the clond's message of war.

"We'll lay down our vengeance for the sons of Ham;
He's our brother now, we must lend a hand.
We mean it this time; it's no lie; it's no sham;
We need him to protect our land!
So, come on, Brother Negro, and help win this fight;
It's your country, as well as it's mine.
Hereafter we'll always treat you right,
So, accept of our fig and vine.
We'll bury the hatchet, we'll bury the past;
The future is bright for you.
Our lesson, though hard, we've learned it at last;
What I say, that I swear we'll do."

A Negro walks up and grasps the hand,
Though his heart was filled with doubt:
"We'll try you again. But it's man for man;
We'll help put your fear to rout.
We'll go and help you shoulder the gun;
We'll go and help you fight;
But give us credit when victory is won,
And hereafter treat us right."

MONROVIA, CAL.

Listen, ladies! The joke is on "S. S."—a young man who came to choir practice Friday evening "all dolled up to kill" and with white shoes; and his socks!—well, I hate to tell it, but they were suffering from absence!

The man with high ideals does not always take it out in high living, as was clearly seen when a colored blacksmith was given free lodging for swindling persons of his own race.

NEGRO ALLIANCE MEETS

First Attempt to Encourage and Uplift Negro Manhood. Organization Plans to Have One Million Members by February, 1918.

ATLANTIC CITY, N. J., Nov. 1.—After many months of careful planning, the Negro American Alliance has begun its great campaign to organize every man, woman and child of Negro birth in the United States into one great federation.

Every Negro in America realizes the necessity of such an organization, especially at this crucial time in the race's history. So vast is this work that it took many months of painstaking endeavor before the plans were finally perfected.

The Men Who Are Doing the Work

The alliance was founded and is being pushed to success by men of broad vision and ability who have the time to devote to the work. The president is James A. Lightfoot, Atlantic City, a practicing attorney and a member of the New Jersey Legislature for years. Mr. Lightfoot was editor and publisher of the Atlantic Advocate, a wide journalistic and legal experience eminently fit him to direct such an organization. He is the real founder of the Negro American Alliance. Floyd Delos Frances, writer and publicist, is secretary.

TACOMA MAYOR WELCOMES COLORED TROOPS

Large Mass Meeting Held by Colored Citizens of Tacoma Last Sunday to Arrange a Heary Welcome for Colored Soldiers

TACOMA, Wash., Nov. 1.—A mass meeting was called by the colored citizens of Tacoma last Sunday afternoon to take steps toward receiving and welcoming the colored soldier boys who will be here on or about October 30. Mayor A. V. Fawcett made the principal address, taking for his theme, "The Duty of the Soldier, and the Duty of the Citizen to the Soldier." Other speakers were Rev. J. A. G. Grant, Hon. G. B. Aldrich and J. A. Washington.

After Thirty-eight Years.

Through the influence of Mr. Sherman Overton, the Union League club of Los Angeles, for the first time in 38 years, listened to a program rendered by young colored musicians.

The large auditorium was crowded with eager listeners, who declared this was the best program ever given there.

The Wesley Chapel quartet opened with a beautiful classical selection that was highly appreciated.

A bass solo by S. Lanley followed, and this also was enjoyed.

Next, Miss Gwendolyn Baker, accompanied by her sister, Miss Eugenia; rendered a thrilling violin solo.

Miss Mayme Lowe, mezzo-soprano, elevated the audience with her voice. The program was concluded by the

NEGRO SAMMIES ENTERTAINED AT SANTA MONICA.

On Tuesday evening Mr. John Paxton, proprietor of the Dew Drop Inn at Santa Monica, banqueted the eight Negro Sammies who were called for the trip to American Lake. It was a farewell they will never forget.

Immediately following the sumptuous repast the boys were entertained by the Negro citizens of the Bay District at Phillip's Chapel C. M. E. Church.

Speakers were Mesdames Carter, Collins, Brunson, Smith; Revs. Wade and Butler.

Miss Edra Heard gave an instrumental solo, as did also Miss Bernice Stout.

These boys will never be forgotten by the ones they can't forget. For the girls are planning to do everything possible for their comfort and entertainment at all times.

These busy girls made and completely furnished a "Comfort Bag" for each boy and presented these bags at a reception given them on Wednesday evening by the "Just Us Boys'" club.

Mr. Paxton of the Dew Drop Inn is entitled to great credit for the splendid manner in which he served the banquet to the drafted men Friday evening, and all of the soldiers and citizens are singing his praises.

J. B. Bass, editor of The Eagle, will lecture at Santa Monica and Venice in the near future.

The Eagle will give to its Santa Monica readers the very analysis of the present contest, and all need to do is to watch The Eagle.

When in Santa Monica your trip will be incomplete if you fail to visit and partake of the good eats of this up-to-date and high-class cafe.

Such a creditable business among our people should receive their hearty support. Popular prices prevail at this place. Have conducted same for six years.

THE MYSTERY OF A DIAMOND RING

More than a year ago, Mrs. Geo. Warner's beautiful diamond ring walked off her dresser, and not until a very few days ago was she able to tell in what direction or for how long a duration it had gone—and for all of these months she has awaited quietly and patiently hoping for some information concerning the dear ring, which was a gift from her husband, but not until a few days ago did she receive a letter from Mr. Howard Folk, Secretary of The Eldorado Gold Star Mining Co., in which was inclosed the ring.

Mr. Folk, in his communication stated that the ring inclosed in the Company's stationary had been dropped into his mail box with a little note containing 15 cents and Mrs. Warner's address, asking that the ring be forwarded to Mrs Warner.

Mr. Folk followed instructions, forwarding to ring to Mrs. Warner, but asking that it it was not hers to let him know in order that he might find the rightful owner.

KANSAN BATTLES INJUSTICE AT CAMP FUNSTON

Timely letter to Governor Capper by the Rev. J. R. Ransom, one of the leading divines of the A. M. E. connection, and pastoring at Wichita in that state.

To the Hon. Arthur Capper, Governor of the State of Kansas, Topeka, Kansas.

We, the members of the Civic League of Kansas, most respectfully petition your Honor to use your good office and influence in protestation against the spirit of prejudice and distinction urged against the Negro troops soon to be mobilized to Camp Funston under the subterfug that our climate is too cold for the Mississippi Negro, that there will be no way of heating his barracks, that the proper social facilities cannot be given them in play houses, restaurants, places of amusement, and the damnable of all protest urged by the Commercial Club of Manhattan, "that the girl students of the Manhattan Agriculture College would suffer indignities on account of Negro soldiers being stationed at Camp Funston."

We protest against all the above, because the American Negro has proven his loyalty and honesty in every crisis that this nation has been called upon to pass through. The name of Crispus Attucks comes first on the monument that stands on Boston Common; Peter Salem and his companions played their part in the War of 1812; the Negro did his bit in the Mexican War; in the Civil War two hundred thousand Negroes bared their breasts to shot and shell; and at Ft. Waggner they showed how men could die in defense of their country. Ask the courageous soldier and statesman, Theodore Roosevelt, what the boys in black did for his Rough Riders [at] San Juan Hill, then call the roll at Carrizal and note how many of the Tenth Cavalry failed respond after the conflict; these their lives in defense of the st stripes, and even now one thousand Negroes consisting lar and drafted soldiers (d cause, they were not permi unteer) are ready to lay lves for the establishm petuity of a World Wi "a government of the people, and by the p of race, color of p of servitude.

Tidings From Liberty Boys at American Lake

COLORED LIBERTY BOYS GIVEN MONSTER OVATIONS ALONG LINE OF JOURNEY

Cheers and Tears Mingle As Loved Ones Leave For Camp

(Special to the Eagle)
By Raymond Isum

Oct. 30. On board the Colored Liberty Boys' special, "somewhere" in Oregon, near Portland

Five hundred and forty-eight of the Race's best specimens of manhood will arrive at Camp Lewis at American Lake, Washington, before this letter reaches Los Angeles. It is now 8:30 p. m., and we expect to reach Portland at 11:00 this evening.

Our big special of sixteen coaches with its noisy, but orderly, cargo has attracted no small amount of attention en route. In some of the smaller towns the entire population turned out en masse to bid us "Godspeed."

No. 21 on the Santa Fe, on which the writer was a passenger, arrived at Bakersfield, Sunday evening at 7:40. The station was lined with the good people of the city who had gathered to bid farewell to the drafters from the lower part of the state. The Harvey House people went the limit in giving the husky lads a good feed and quick service.

Seven Liberty Boys from Bakersfield came up to Stockton on the S. P. with the L. A. contingent which left Los Angeles at 9 o'clock. They were are follows: William Pierson, Capt. Chas Handy, Fred Pugh, Luke Banks, George Gordon, Timothy Philips and Henry Columbus.

Santa Barbara contributed three drafters to the list. The boys were the recipients of a grand send off by the people of their city. A parade and reception were held in their honor. The Mayor and many prominent citizens took part. The drafters are James A. Bare, L. C. Smith and R. P. Davis. The boys came up on the Shore Line Limited and joined the Oakland Liberty Boys at that city.

We arrived at Stockton at 3:50 Monday morning. Most of us were awake and had been all night, as some of the enthusiastic comedians insisted on cracking jokes and cheering all night. At 7:30 we lined up and were marched to the Clark Hotel, which is one of the swellest hostelories in the city. Here we were given a breakfast fit for a king. We were entertained with music during the meal and were given souvenir post cards as we marched out. At eight o'clock the S. P. contingent from Los Angeles arrived and hooked on to our train, making nine coaches. At 10 a.m. the Stockton drafters headed by the Mayor, a citizens' committee and the Record Carriers' Band, paraded the principal streets and to the depot where we witnessed many pathetic parting scenes. We left Stockton at 10:50 amid cheers which rent the air and echoed miles in the distance. The Liberty Boys from Stockton are: Samuel J. Overstreet, Capt., Fredrick Poindexter, Lieut., Robert Winston, Theodore Michael, John Lynn, Edward J. Bynum, Temple West, Jesse Cooper, Beni Westmoreland, Roy Cooper, William Ross and Richard Hall.

At 11:30 we reached Sacramento. Here our special was met by the entire Colored population and hundreds of whites. We lined up and paraded through the main streets up to the capital where we were met by a brass band which escorted us through the capitol grounds and back to the depot. We were warmly cheered and applauded throughout the entire line of march. We are unable at this time to get the names of the Sacramento drafters, but they will, no doubt, be furnished by your able correspondent of that city, who was at the depot to bid them and us "Godspeed." At 1:20 p. m. the Oakland, San Francisco and Santa Barbara contingents rolled in and hooked onto the special proper. At the depot a splendid program was held for us which consisted of speeches and several solos. We then started on our journey with thirteen coaches and three diners. Here we also witnessed several sad partings.

The next grand demonstration took place at Marysville, the city of beautiful girls and hospitality. The entire populace turned out and the boys were given boxes of apples and grapes and many kisses from the beautiful young ladies of that city. Some of the young soldiers-to-be threatened to desert at that point and bask in kisses, but their captains kept their eyes on them too close. Alva Garrott and Ed Wilkinson of Los Angeles hold the kissing records.

We are nearing Portland now and I must mail this letter from there. I do not call this an "article" as the conditions I am writing it under are anything but the best. I am in a car with about 75 of the noisiest and jolliest boys I ever met and the train is making about 40 miles an hour.

In conclusion, I wish to state that with all these 500 men on one train for three days, we have not witnessed even a quarrel. They are surely the cream of manhood, the very quintessence of gentlemen. The railroad officials, who are traveling with us, have nothing but the highest praise for the boys.

THE COLORED BOYS' LIBERTY SPECIAL

By Edward Carlisle

Somewhere En Route,
Oct. 30, 1917

Leaving Los Angeles, Sunday, after that memorable send off, we are nearing the end of our journey, we are being met all along the route by colored and white citizens with all kinds of fruits, sandwiches, cake and other eatables. Our first stop of note was at Bakersfield where we picked up a few men, also crew at Fresno. We received a royal greeting at Sacramento. We were surprised at the lack of patriotism of the white people of this city, but the colored people turned out en masse and picked the station [illegible] were open and sold [illegible] to the boys, but at Captain [illegible] No. 17, I wish to say none of our boys were in the crowd that bought drinks.

So far we have held the high average set by Los Angeles boys have brought on [illegible] praise. Just after arising, this [illegible] we arrived at Ashland [illegible] began to feel the [illegible] weather, and the boys [illegible] their sweaters and overcoats, [illegible] faces and drilling to keep warm.

The [illegible] passed playing bill [illegible] chance, playing cards, [illegible] by some in the baggage [illegible] smoking. The boys are [illegible] orders and are in a hurry [illegible] up. The conduct, except [illegible] stances, has been most [illegible] as said by the train men [illegible] whites to camp, that [illegible] much better than [illegible]

Raymond T. Holmes was our Captain on the train and he saw that every one had plenty to eat and a comfortable place to sleep.

We hope to return in due time, and while we fight for you, we want you to pray for us, and we will assure you that the flag you gave us in honor will be returned in glory or we will remain in God in Heaven the reason why.

THE NEGRO LAWYER

The disposition to turn away from these men is partially accounted for by that time worn fallacy that some kind of salvation follows a powder-like face. Those with this view need to be pitied. Then again because we want such a cheap figure (any fee charged by a colored lawyer seems exorbitant) but do we get it? No, because the type of white lawyer we should seek is way beyond our means, consequently we lock hands with a shyster, spend more money, get robbed and emerge flinched unmercifully.

All of this while we have men of standing, merit and honor, able and willing to stand by us. I was amazed when talking with one of our prominent attorneys some time back, at the conservative estimate given of money annually lost by our people in this way. This is a shame, an outrage, a slam upon the fifty years' progress behind us.

I realize that there is a part to be played in this reconstruction by the lawyers themselves. Having no claim upon their sympathies because of our ways, it follows naturally that little would be given. By cordial treatment, taking no unfair advantage of any he they frequent clients or not, they can greatly hasten the desired day.

Let us stop this foolishness and stand by those who stand by us. Let us realize that together we rise and together we fall. Let us build upon the principles of co-operation, unity, and a race pride that is deep. Let us recognize the caliber of our colored [illegible] lawyer. [illegible] Let's [illegible] as a race. They have a right to our suffrage. If they have a claim upon our sympathies, they give freely and a commensurate return is their due.

I call upon every Negro to consider earnestly the claim of the colored lawyer. I believe that you will [illegible] hear.

REV. B. C. ROBESON,
Pastor A. M. E. Zion Church.

TO WHOM THIS MAY CONCERN

A business man in a western Business City

Let's [illegible] right. I want to let the people and citizens know who I am. A man without an education, but a natural born photographer; not a gift from man but a gift from God. I became a member of the Photographers' Association in 1900. I have made pictures in every state in the United States, and in every large city. I have made some pictures in British Columbia.

Now why can't I do the picture work for my people in Los Angeles, Cal.? I make pictures of anything, anywhere, day or night, rain or shine, the weather doesn't make any difference. I make pictures of dogs, cats, babies, children. Of people, sick or well, dead or alive, in fact anything that you can think of. I do all kinds of copying and enlarging, any size, any grade. I make pictures at any price, from 25 cents to $75. Just tell me what you want and how you want it, and I assure you that I will make it.

Remember that no man can do a business by himself. So if my people want to see me do business there is but one way; give me your picture work. I do all kinds of kodak finishing. All pictures guaranteed, no money, not until your pictures are finished.

I would like to do my people's work. If not, why not?

When a young man meets a young lady and they love each other and want to get married that's their business. When all of our preachers in all of our different churches preach and try to lead the people in the right way from hell to heaven, that's their business. But remember when you want any thing in photographs and pictures always remember that's my business.

Leave your order at my office, 1315 East 12th street, or call Main 6368.

GIVE OUR BASEBALL BOYS A SQUARE DEAL

Some of the greatest baseball players of this country are now in this city or en route, if their skin was of a different hue they would be stars of the first magnitude in one of the Major Leagues. They are such stars as Mendez, the great Cuban player; the mighty Donaldson, Williams and Malarca, Lonny Davis, the local ball promoter had them come out here that they could have a team second to none to play winter ball, that the people of this section could have the same brand of ball as the east. But because of this action of a drunken, irresponsible individual who ran amuck at the Vernon ball park last winter. They are now unable to procure the privilege of the park. This is a shame and the colored people as well as the whites who stand for fair play, should see the parties in control of this park and ask for a square deal and not put the ban on race development on the whole race for what some irresponsible intoxicated creature's acts.

In this critical time at least do the fair thing and properly officer the park and give those black boys a show. The Eagle is with you all the way boys.

SENATOR HENRY H. LYONS, STAUNCH FRIEND OF THE COLORED PEOPLE, AT REST

Five hundred relatives and friends at Masonic temple, Los Angeles, yesterday afternoon attended the funeral services of State Senator Henry H. Lyon, who died as a result of a bullet wound alleged to have been inflicted by Marie Edwards Pinzon. The Masonic order conducted the obsequies.

Milton J. Lesser, worshipful master, delivered the funeral oration. Delegations from other fraternal bodies, among them the Fraternal Order of Eagles, Foresters and the Friendly Sons, participated in the service and accompanied the cortege to Forest Lawn cemetery in Tropico, the scene

of interment.

State Senators William E. Brown, W. J. Carr, H. L. Chamberlin, S. C. Evans and Joseph Rominger, and Assemblymen F. K. Mouser, Harry Wishard, Bert L. Farmer, Peter C. Phillips and Joseph C. Burke formed deputations from the legislative bodies at Sacramento.

The Eagles furnished the music, featuring Earl Houck, the blind baritone, who sang, "Lead Kindly Light" and "There's No Death or Pain There." Harry Schoeneman, assisted by Clarence Blanchard at the organ, gave violin solos.

And thus passes from the scene of activity a great friend to the people. Henry Lyon, no matter how exalted a position he attained, never turned his back on the plain every day people. He was a friend to everybody, and no man ever appealed to him in vain for a favor if in his power to grant. He was truly a friend and one whose untimely passing is regretted to the utmost. Peace to his soul.

IMPORTANT INFORMATION AS TO WIDOWS' PENSIONS

Congressman Henry Z. Osborne has received from the Commissioner of Pension a circular letter in regard to the increased pensions allowed to widows of the Civil War, Spanish War, and Philippine Insurrection.

It will be noted that the pensions run at the rate of twenty-five dollars per month from October 6, 1917, and that applications are not required from persons entitled to the increased pension. The circular in full is as follows:

"The Congress on October 6, 1917, adopted an amendment to the pension law increasing the rate of pension for a widow of an officer or enlisted man of the army, navy, or marine corps of the United States who served in the Civil War, the War with Spain, or the Philippine Insurrection, to $25 per month. This does not include widows of men in the regular army, navy, or marine corps who did not serve in said wars; it does not include the widows of men of the War of 1812, the War with Mexico, the Indian Wars, or Army Nurses, because they are not named in the amendment.

"Applications are not required from those entitled.

"Prompt action will be taken in the Pension Office to make payment of the increased amount."

A GOOD OLD TIME REUNION

Sunday, October 28th, Mr. and Mrs. W. H. Shores of E. 11th street, gave a farewell breakfast for their son Tom, who was leaving that afternoon for American Lake, where he will train for the U. S. military

W. H. SHORES

service.

It was a beautiful but sad occasion for the whole family, consisting of mother and father, three sons, one daughter, two daughters-in-law, one son-in-law, four grandchildren, a niece and nephew, but perhaps saddest for Mother Shores for Tom is her very own baby boy, and no mother sends away her baby boy, not even to fight for the country, without a pang. However, all who know "Daddy" Shores know that he is a gloom dispeller and upon this occasion he was equal to the task and turned this into a real jolly breakfast reunion of the Shores family.

The only other guests present were Mr. Smith Thomas, Sam Taft and Mrs. Ada Jones, all old and very close friends of the family.

Mr. and Mrs. Shores are pioneers of Los Angeles and represent in this city and community the very best citizenship.

THE ALL-AMERICAN LEAGUE HOLDS PATRIOTIC DEMONSTRATION ON THE WEST SIDE

On last Thursday evening, the 1st of November, the All-American League held forth at the Presbyterian Church, 35th and Denker, in patriotic session and on this occasion, especially did the greatest enthusiasm and highest patriotism prevail, and each number was enthusiastically received.

W. E. Easton made a notable patriotic address which was the setting for the others who followed him. H. E. McBeth and Editor T. W. Bass evoked the greatest of enthusiasm as they uttered the petriotic duty of All-Americans.

This organization is doing a great work and should hold forth weekly in the various sections of this city, as the sentiments exposed should go forth in every nook and corner of the land.

Mrs. Lillian Jeta Davis, wife of Rev. Davis of Fresno, California, has returned from a visit to her old home and parents at Newport, R. I., and other Eastern points where she has been very successful in giving a series of concerts.

SEND THE EAGLE TO THE BOYS AT THE FRONT

There is nothing that will gladden the heart of the soldier like news from home, therefore, relatives and friends of the soldiers will do well to send to them each week, the California Eagle. Raymond Isum is at Camp Lewis, and assisted by Mr. Edward Carlisle and Choyce Cram, will keep our readers posted as to life at the Camp, so with this galaxy of writers and the "soaring" Eagle itself, it is certainly worth while to see that they receive the Eagle. We are informed that a ladies club on the West Side is forming to see that every soldier receives the Eagle.

The Second Baptist Church is rejoicing in a remarkable evidence of God's blessing. A divine quickening is experienced by the members manifesting itself in a spirit of love, loyalty and of giving. On Sunday morning and evening the pastor, Rev. Dr. Prowd, brough to the people subjects the most vital in relation to good citizenship and Christian living. Dr. Prowd will occupy his pulpit at both services, and deliver sermons of great interest. In a week or two the Rev. L. G. Jordan, secretary of the Foreign Mission Board of the National Baptist Convention, will visit Dr. Prowd and appear in all the Baptist churches of the city. Great things are expected of this great servant of God and of the denomination.

NEGRO SOLDIER KIDNAPED, COMRADES GO TO RESCUE

MONTGOMERY, Ala., Nov. 8—A negro soldier of the ninth separate battalion (Ohio National Guard), training at Camp Sheridan, near here, who brushed against a white woman on a crowded street car, early tonight, was seized by a number of white men, thrown into an automobile and hurried out of the city.

A few minutes later several score of soldiers of the same battalion started in pursuit and late tonight nothing further had been heard from either party except that about thirty-five stragglers from the negroes had been captured by military police.—Friday Morning Tribune.

TABERNACLE BAPTIST CHURCH

12th and Hemlock St.

Rev. J. D. Gordon, Pastor

Two inspiring services were enjoyed by two appreciative congregations. Being the first Sunday the service was turned over to the congregation. There were many inspiring testimonies rendered by those who participated.

The evening service the pastor rendered a sermon that many pilgrims are confused over, "Which is the Right Sabbath". Next Sunday the pastor will preach at both sessions.

The public is welcome to the services of this church.

The Interdenominational Ministers' Alliance in a called meeting passed the following resolution:

"BE IT RESOLVED, That we heartily and enthusiastically endorse the campaign now on to make the Harbor District dry, and banish the saloons from our city, and that we urge all our fellow citizens to go to the polls on Tuesday, November 20th, and vote 'Yes' on Ordinance Number One."

NEGRO ALLIANCE MEETS

First Attempt to Encourage and Uplift Negro Manhood. Organization Plans to Have One Million Members by February, 1918.

(Continued from last week.)

We further call to your attention that during the four years of conflict of the Civil War four millions of Negroes remained in the South caring for the homes of their masters, while they were away at war attempting to strengthen the chains of slavery that were already binding the souls as well as the bodies of the Negroes, and not a single white woman was insulted or outraged by a Negro man, and it is an insult to our citizenry to pretend to fear that the white girls around Manhattan or any other place on the globe, will become the prey of the Negro soldiers.

As to accommodations in places of amusements or otherwise, we demand that the uniform of Uncle Sam be respected regardless of being worn by white or black men, this is the only manner to maintain and establish a pure democracy.

We share our part of the responsibility of this government as is evidenced in the amount of Liberty Bonds purchased and Red Cross contributions made. (The 8th Illinois alone subscribed $81,000.00 to the last issue of Liberty Bonds.)

We demand equal rights and opportunities in the World War, both as soldiers and as citizens. France with her 150,000 black soldiers and Great Britain with her 72,000 show no difference with their soldiers, and why should certain localities in America, especially the State of Kansas, the land of the martyred John Brown, attempt such segregation and humiliation?

Respectfully submitted,
J. R. RANSOM.

PEOPLE'S INDEPENDENT CHURCH HOLDS SECOND ANNUAL CONFERENCE

Glowing Reports Testify to Remarkable Progress

On Monday evening, October 2nd, the People's Independent Church of Christ, corner 42nd and Grape streets, Rev. Frank M. Gregg, pastor, held its second annual conference. The church has been organized but a year and a half, and the fact that it has been able to do the work and carry out the principles of democracy as it exists in the church. The reports from the department heads, as read and rendered showed that the church is doing real effective charity work.

On Tuesday evening reports were submitted by the various committees, church clerk, church treasurer, and the auditing board. The fact that the books balanced to the last penny, reflects much credit upon the efficiency of the financial system of this church, and the earnestness of the officers.

On Wednesday evening, wonderful reports were received from the various clubs and auxiliaries. The aggregate reports from all departments of the church showed the total receipts for the year to be $15,789.83, and a balance of $640.44. $2,000.00 was paid on the bonded indebtedness, leaving the present bonded indebtedness, $15,000.00. During the year 50 souls were happily converted. The membership of the church is now 671.

The following officers were elected for the ensuing year. For church clerk, Geo. A. Beavers, Jr.; assistant clerk, Miss Ruth Walker, reading clerk, Capt. F. H. Crumbly; election of treasurer referred to annual convention to be held Thursday evening, Nov. 15, 1917. For trustees, J. H. Shackelford, Capt. F. H. Crumbly, C. J. Smith, A. J. Hooper, P. J. Alexander, Mr. N. Loving, J. M. Prentice, C. E. Anthony and W. H. Joyce. Auditing Board, Mrs. Gertrude Brown, P. E. Brown, Mrs. Ruby Hanley, S. H. Poole and J. A. Shaffer

The conference concluded with an impressive memorial service in honor of deceased members.

Many are paying on their pledges as regularly as the Sabbaths come. "Out of debt" is the slogan and a "beautifully tinted church" on the inside and "painted" on the outside, all by the glorious quintuple" is the whytore of this glorious effort. Will you kindly "do your bit" now?

PHILLIPS CHAPEL C. M. E. CHURCH
1406 Newton St.

Rev. J. C. Anderson, Pastor

Two very helpful services were held at this church on Sunday. The pastor continued his series of sermons on the lives of the great men of the Bible and preached on the life of Joseph. The sermon was very much enjoyed by the splendid congregation present and many were the expressions of appreciation of the sermon given to the pastor.

At a meeting of the leaders on Monday night plans were laid for a campaign to greatly reduce the debt of the church this year. The leaders entered into the plans with enthusiasm and the meeting promises great results in the future.

The Sunday school under the leadership of Brother Maxey is enjoying a steady growth and the workers in this department of the church are to be commended for the results they are obtaining.

The choir continues to delight with its great singing. This church boasts of the best choirs in the city and anywhere. Come out and enjoy the splendid congregational singing led by the choir.

Strangers always find a hearty welcome to the services. Friend and visitors welcome

LINCOLN MEMORIAL CONGREGATIONAL CHURCH

E. E. Lightner, Pastor

The last Sabbath, being our regular communion day, quite a large number of members and friends were present to partake of the Lord's supper at both services. The pastor spoke at both services taking as his text in the morning, "Sir, We Would See Jesus." At the evening service he chose as his text, "This Do in Remembrance of Me." There was one accession to the membership at the evening service.

The newly organized choir rendered exceptionally good music at both services, which was an inspiration to all present.

The newly elected officers have entered very enthusiastically upon the new year's work, and all are putting forth every effort to make this the best year in the history of the church.

A. M. E. ZION CHURCH
Pico and Paloma Streets

Rev. B. C. Robeson, Pastor

The subject of the discourse last Sunday by the pastor was "The Supreme Patriot," and the words of the text are found in Matthew, 6th chapter, 9th and 10th verses, and when you pray say our Father who art in heaven thy kingdom come." Jesus Christ was the true patriot because patriotism is founded on love, sacrifice, devotion and justice. His life exemplified all of this. Also the pastor admonished men to walk and talk more with God. He characteristically exclaimed, "Oh, if men would trample under foot the ambition for selfish greed, such as caused the Revolution, the Civil War, and this present world war. Oh, that we could rise to the highest type as exemplified by Christ, this ungodly strife would cease." His sermon fell on fertile soil as witnessed by earnest amens and fast attention of his audience.

Many were out to the sacrament and also a collection was lifted.

The quarterly conference will be held on Sunday evening at 8 p.m. on November 22nd.

Mrs. Maggie Banks, presiding bishop, and Mrs. E. C. Petty, associate bishop of conference. The public is invited to attend a grand reception for the pastor, Rev. B. C. Robeson, who was sent back another year to Zion by the good Bishop Kyles—next Tuesday evening, November 22nd. Good program, noted speakers and refreshments free to everybody.

Next Sunday, November 11, there will be a pep rally, one side under Mrs. Clancy Jones, against the other side under Mrs. J. C. Banks.

The pastor will discourse on "Wonderful" at the 11 a.m. service. At 8 p.m. his talk will be on "How to Obtain a Good Husband." Please send the children on time to Sunday school at 9:45 a.m. Come yourself. Come and bring strangers and assist in the welcome. Seats free. Good music. Welcome. Come out early

We verily believe that if the scales were really turned and the colored race were in the same position as the white, that we would certainly give a squarer deal than we receive as the situation exists at this me.

And now we are turning our attention to the Civil Service as practiced by some of the heads of department of the Hall of Records, and we wonder if, in these strenuous times, cheap, snide and narrow prejudices are to prevail. Watch the result of our pending investigation.

COLORED VOTE HELPS DEFEAT MAYOR MITCHELL IN NEW YORK.

The Colored vote in New York seems to have cut quite a figure in the defeat of Mayor Mitchell, and so set were they in opposing him that they could not be stampeded even the efforts of the peerless Roosevelt in Mitchell's behalf was unavailing. It seems as though they had grievances without number, all to the effect that the Colored people had not been given a square deal by Mayor Mitchell in the civic affairs of the great metropolis, and as a result he drew the united opposition of the race. And now they are singing the songs of rejoicing and triumph for, surely if Mayor-eleet Hylan lives up to his past record as a man who stands for justice to all races, colors and creeds, their rejoicing will be well founded.

WHAT IS THE CITY COUNCIL GOING TO DO NOW?

The Eagle is surprised at the City Council wasting its good time and the people's money by cavilling over the proposition of the Fire Department, especially as when they can settle this for all time to come by simply calling in the proper officers to do their duty or get out, and that is for them to certify elligibles, as they come on the lists, without regard to race, color or previous condition of servitude. That is the law. And, when they are certified, put them to work. As to where they shall work, that is, to our minds, the problem for the fire commission alone.

The City Council should know, if they have made the least inquiry of the colored citizens of this city who stand for progress and who are part and parcel of the city's growth, and of those who are workers and not DRONES; that there is no demand of this citizenship for any special privileges, all that is asked is a square deal, a chance according to the law of the Nation, State or City in which they live; and, least of all, are they asking for any special FIRE HOUSE. They are all Americans and, as such, are asking of the City Council no special privileges.

With our ears at all times to the grass roots, we have yet heard no call or no sentiment expressed asking the City Council to establsh a Jim Crow department at any time.

The Supreme Court of the land has just affirmed a decision that Jim Crow segregation such as prevailed in Louisville, Baltimore, St. Louis and other Southern cities was unconsitutional, and why should the City Council waste its time with such hog wash as is scheduled to come before that body next Monday.

HOW DEEP IT CUTS!

While the War Department at Washington so vigorously and so deaf to the hopes and aspirations, and so unmindful of the service rendered by the race, is pushing the arrangements for segregating Colored soldiers at army cantonments, we hope the epauletted officers in charge of bureaus in the department will hesitate long enough to read Henry Barbusse's tribute to the black soldiers of Africa now in the trenches over in France.

Barbusse, a Frenchman and literary man, and himself a soldier in the trenches, has written a book, "Le Feu," in which appears the following:

"These Colored troops and the 75-centimeter cannon are our chief trumps. We look on them with admiration; their laughing faces and heedless courage deepen the sense of fear in us. They imitate the Germans, calling out 'Kam'rad,' 'Kam'rad,' and then 'Non, jamais Kam'rad,' and they then lunge forward with bayonet that ends the appeal to brotherhood and mercy! They live only for the word of command, 'Forward, forward.' Those are real soldiers. We are just men, ordinary men."

And perhaps these Colored soldiers whom the War Department, under Secretary Baker's administration, is feverishly laboring to segregate off in some corner of a cantonment just as they would a contagion afflicted, when they have reached the trenches of Europe, will be looked upon "with admiration," and perhaps they will be referred to also as "real soldiers."

Segregation! Segregation! How deep that word cuts into the very soul of the man who is offering his services—his blood—his very precious life to his country!—Cleveland Advocate.

WESLEY CHAPEL GIVES DR. AND MRS. A. P. SHAW ROYAL WELCOME

The members and friends of Wesley Chapel M. E. Church, on last Tuesday eening, tendered to Dr. and Mrs. A. P. Shaw a flattering welcome for the second year of their assignment to this Metropolitan church. It was indeed a splendid and hearty welcome to this splendid man who has made good and has endeared himself, to not only the circles of his church, but to the citizens of Los Angeles as well. Quite an elaborate program was rendered, consisting of musical numbers and short addresses by representatives of the various church auxiliaries, his fellow ministers, the professional men and the Press.

Prof. T. A. Green very ably acted as master of ceremonies and at the conclusion of the exercises the large gathering adjourned to the banquet hall where they were served with a sumptuous repast which had been prepared by the stewardesses of the church.

Among those who made addresses were: Attorneys W. O. Tyler, H. E. McBeth; Reverends Robeson, Price, Lambert, Anderson, Robinson; Messers Jackson, Warren, Bass, Mesdames Tibetts, Moore. Miss Helen Smith furnished a vocal selection and the great Wesley choir gave several selections.

Our Second War Bride.

Just as the day was being stripped of its last ray of light and dusk was slowly descending and casting its shadows upon us, little Cupid stealing softly through the windows of the A. M. E. Parsonage tied the hands of Miss Inez S. Jones and Mr. Edward Lee Baker, Thursday evening, the first day of November.

Mrs. Baker, whose family is one of the old settlers here and now resides at Bell Station, is one of our prominent girls, having been a member of the 8th and Towne Avenue choir for a number of years. She plighted her troth to Mr. Baker just on the verge of his going to Camp, thus becoming our second little "war bride. The bride's only attendant was Miss Gwendolyne Baker, sister of the groom. Rev. J. Logan Craw officiating.

To the daring work of the black regiment at San Juan Hill, at which Mr. Baker's father, Capt. Edward Lee Baker, was one of the leaders, we can point with pride that the mothers of these men were Negro women, and from these mothers must have come some of their nobility and sacrifice.

So, "let us be lavish with our love of the Khaki boys; let them know they incorporate our ideals for an earth of better conditions—an earth so much better than now is, that we make the investment in it of these boys' blood.

Tidings From the South.

Imperial, Cal.,
Nov. 6, 1917.

The first Lord's day in the present month was a great day with the First Baptist Church.

A good Sabbath school in the morning.

At 11 a. m the pastor preached a soul stirring sermon. The B. Y. P. U., with Miss Leata White president and Sister Moore conducting, the topic, opened at 6.30 p. m.

At 8 p. m the pastor, Rev. C. N. Moore preached a sermon that affected three persons, who came forward for membership after the sermon. Two joined by Christian experience and one for baptism.

The town of Imperial is being stirred as never before in the history of the church. This is the only wet town in Southern California and the citizens of the town are of the rough element; the few good people are greatly in the minority and trying to hold their own—the town being drowned out by the "Wets."

To take a stand against the Wets meant a hardship for the leader—but our pastor had the grit and pluck, and rolled up his sleeves and, for the sake of the girls and boys, and human uplift and promotion of the cause of Christ, he plunged into the battle.

His only earthly help was Sister Moore, but with prayers and ceaseless efforts victory came and the tide turned—the stream began to flow into the church, and now we are having an overflow. Our church is filled to its capacity at every service and God is glorified

The members of the church gave the pastor a nice suit of clothes for a birthday present. After service Sunday night the members of the church and the children of the Sabbath-school and the B. Y. P. U. surprised the pastor, Sister Linley and others were in the liberal giving.

Our church has increased from five to forty members since the pastor and his wife began their work in this town.

FRIENDSHIP BAPTIST CHURCH

Last Sunday was a day of soul feasting at the church, starting in at the Sunday school session at 9.30, followed by a most excellent sermon at 11 o'clock, continuing through the interesting meeting of the woman's home and foreign missionary society and the B. Y. P. U. at 3.30 p.m. and 6.00 p.m. respectively and closing with the large consecration and communion service at 7:30. Unusually large crowds were noticed at each of these meetings. Next Sabbath will be largely takes up with financial matters although the religious side will not be at all slighted as the pastor is planning to deliver sermons morning and evening. This financial effort marks what is known as the fall rally. Instead of leaving until spring the task of raising the remaining $1000 on the church debt The officers have decided to conduct two efforts, one now and one in the spring. For this reason the sum of $500 is being looked for by the trustees at this time. Several of the clubs have been working faithfully to bring in commendable reports. The trustees are anxious for all persons to make their payments through their clubs if possible.

In preparing for the Yuletide season, by all means at the head of your list remember the boys in the training camps

The observance of "Meatless Day" was quite general on last Tuesday, and this is one phase of War Economics in which it is easy for all of us to do our bit. Let this good work go on.

The Argus, published at St. Louis, comes to our desk all dressed up in a new suit a size larger than the one heretofore worn, and bright and newsy as ever, which in fact demonstrates real progress, and we congratulate this publication on the same.

The practical demonstration furnished by the Colored men who have been called on to serve their country in any of its various branches, with their alacrity and eagerness to do their utmost has been a revelation to the people of this [illegible] and not one, for the very good reason that patriotism with the American people of colored extraction is hereditary. From creation down to California's last enlistment Vote has been struck upon this heroic note, simply bearing out his tried and data of the true American spirit, the greatest men for the highest ideals of action.

WET OR DRY?

On Tuesday the "No Saloon" ordinance will have its supreme test in this city at the hands of the people, and again the city of Los Angeles will have the opportunity of registering itself on this all important question. The campaign has been rather quiet, with the Drys on the offensive and the Wets have been content with a gum shoe propaganda and the people await as to what the verdict will be.

CAN EVEN DO A GREATER SERVICE.

Reading the dailies just now with the account of the libel suit in which E. T. Earl is the plaintiff against the Los Angeles Record, one sees they are playing the story up to such an extent that the unwary would think that Mr. Earl was a political hyena and that he aspired by hook or crook to be the political Czar of this bailiwick. But it looks to us to the contrary that Mr. Earl is a public spirited citizen who does not mind giving of his means to clean up the city, if need be. He ousted the Harper regime and made Los Angeles a better place in which to live; and now, if he will just wipe out the Record, another black spot will be removed and he will again have rendered signal service to this city.

A PLEASANT-BUSY MAN

Hon. Martin C. Madsen, Private Secretary to Gov. Wm. D. Stephens, was in our city for barely two days, but during this short stay he was able to transact business vital to the State. Mr. Madsen has the happy faculty of being at all times busy and at the same time pleasant. Such a happily endowed person is an invaluable reinforcement to any "big man" with a vision. It is not unusual that the aforesaid big man is overburdened with an official atmosphere that chills enthusiasm at periods when enthusiasm is the supreme necessary.

The Governor's chief factotum is a cordial man and he knows his business; the former makes time pleasing to meet, the latter insures confidence. For this reason, Mr. Madsen's intimate relations to the State Official Family is an element of strength all around and helps considerably to minimize any possibilities of political disasters in those moments which, the Peetonis politician says, "try men's souls," whatever that stock phrase means.

The Governor's Private Secretary is always welcome. Come often.

APPRECIATION

In logical succession, the editor of this paper desires to express appreciation for the signal honor conferred on her by electing her as one of the many life members of the Sojourner Truth Club, and while realizing the honor is worthy impersonal, we cannot but recognize the spirit in which it was given, and in this action the noble band of women are giving a practical demonstration that, after all, effort for good, for humanity and its uplift, may not be in vain, for there are always those on guard to see to it that true merit and worth will have its reward. And, composed as this organization is of broad-gauged and unselfish devotion to do the things worth while, progress in the future will outshine its remarkable progress in the past of the objects for which it strives.

SECOND BAPTIST CHURCH
Maple Ave.

Last Sunday morning there was a very appreciative gathering in the Sunday School. Mr. Groves, the superintendent, gave a most helpful and instructive talk on the lesson, which was afterwards driven home by the Pastor. At the opening of Divine service, the hearts of the people were lifted to God, as the [illegible] verses of choir led the congregation in a most inspiring hymn of praise. Soon the edifice was filled with earnest worshipers, nor were they disappointed, for the very mention of the text prepared them for a session of refreshing from the presence of the Lord. Isa. 40:9. "O Zion, that bringest good tidings, get thee up into the high mountain; O Jerusalem, that bringest good tidings, lift up thy voice with strength; lift it up, be not afraid; say unto the cities of Judah, behold your God." Dr. Prowd pointed out that the church has always been the mouth-piece of God. That he said could not be otherwise, the church being the only agent for the spreading gospel. He drew attention to the position and constant attitude of the church, as that of being above the world. And showed in his concluding remarks the many heights to which it is the privilege of the Christian to go. The B. Y. P. U. is taking off new life. The president, Mr. J. E. Prowd, is requesting members to come out at 6:0'clock, instead of 6:30. His purpose is, that the beautiful songs in the new book might be gone over, and thus become familiar to all.

Two very important subjects will be discussed by Dr. Prowd, this Sunday. At 11 o'clock, attention will be called to "The Greatest Bible Narrative," and at 7:30 p.m., "The Office of Evangelist." All are invited, and urged to come early.

A LONG TIME BETWEEN SLAPS

In the future, the Negro-hating element of Monrovia's white citizenship will be more careful when they have spasms or race prejudice over the progressive of the Colored citizens of Monrovia. On the 17th of November, Mrs. Sellie Clower, the wife of Prof. Jacob Clower, one of the teachers in the Monrovia Public Schools, became enraged over a report that little Bessie Malone, aged 14, daughter of Mr. and Mrs. Joe Malone of Monrovia, had struck the little Clower boy, aged 4, who had called Bessie Malone "a nigger." After Bessie had thoroughly trounced the little Clower boy for calling her "a nigger," the little little boy ran home and informed his mother, Mrs. Sellie Clower, who came out of her house into the street to administer a [illegible] to Bessie. Mrs. Clower slapped Bessie once.

According to the testimony of eye witnesses in Judge Valentine's Court, Department 20 of the Superior Court, the fight lasted ten minutes and when it wound up, Mrs. Clower was begging some factory hands, at the near by cooking house, to take Bessie off of her. On Monday, of this week, Judge Valentine handed down his decision to the effect that Mr. Clower had no right to slap Bessie, regardless of the [illegible] words which she claimed Bessie gave her after whipping her little boy. The Judge felt that the one slap which Mrs. Clower had given Bessie was, at least worth $25.50 to Bessie and gave judgment accordingly.

Attorney Hugh E. Macbeth represented the plaintiff, and Messrs. Earle and McLaughlin represented the defendant, Mrs. Clower. From latest reports there is going to be a long time between slaps in Monrovia.

SAN FRANCISCO CITIZENS FAILED TO GIVE LIBERTY BOYS SEND-OFF.

From a communication which we have received from one of our subscribers in San Francisco, it plays unsatisfactorily the citizenry of that city for their failure to give to the Colored conscripts the honors to which they were due, and it ends up by saying that had it not been for Lester Mapp and Gilbert Richardson, proprietors of a Barbara Coast amusement hall, the boys would have had absolutely no remembrance of a farewell from home.

The Eagle would rise to enquire what was the matter with the public spirited Colored citizens of San Francisco? Who were the pastors, the lawyers, etc.? For the highest possible honor they could bestow upon themselves would be to see that these boys had the same consideration which the boys from all over the country received from the folks at home on their departure, and after all has been said and done, the two men above mentioned, Messrs. Mapp and Richardson, are entitled to the highest credit for their patriotism and racial interest.

CAMP LEWIS NOTES

By Raymond Isum

The Colored contingent arrived here Wednesday, Oct. 31st, at 6:30 a. m. After being checked off they were matched to their quarters amidst cheers and good natured kidding from the white draftees, who lined up to welcome them.

The Colored lads were assigned to three companies, the 49th, 50th and 51st, in the 13th battalion, 166th depot brigade. Most of the Los Angeles boys are in the 49th company, under Lieutenants Smith and Green, of the regular Army.

Uniforms have been issued to most of the boys in the 49th and 50th companies and the boys make a fine display in Uncle Sam's clothing.

Some of Los Angeles' prominent young men had a taste of real army life Friday, when they were assigned to K. P. (Kitchen Police). When assigned the young men had visions of some sort of guard duty with authority and dignity; but later they learned that the duties consisted of scrubbing table tops, mopping the floor, washing dishes and pots, chopping wood, and last but greatest, peeling potatoes. After finding that they had been stung the boys entered into the work in a spirit of fun. Those assigned to K. P. were Edw. Wilkinson, Alva Garrott, John Gray, and Raymond Isum.

Most of the boys of the 49th have had their first "shot in the arm" (typhoid innoculation and vaccination) and several are suffering from the after effect.

J. P. Daniels, of Dist. 11, Los Angeles, has been appointed acting 1st Sergeant of the 49th. Sergeant Daniels has had previous military experience.

Henry ("Hank") Brooks, formerly of Huntington Beach, arrived Saturday from Kansas City, where he has for some time been physical culture instructor in the public schools. Brooks has been assigned to the 50th Co.

Thomas Pollock appears rather lost in the 50th, as most of his friends and associates are in the 49th.

The boys got their first taste of Washington weather Friday and Saturday when it rained in torrents for about thirty-six hours.

Quite a number of the boys spent Saturday afternoon and Sunday in Tacoma and Seattle.

The Y. M. C. A. is doing a great work here for the boys. Many of the Colored boys are regular visitors at the different departments of Y. M. C. A.

At the conference held in Barracks 46 Saturday, Lieut. Green complimented the boys on the great improvement made in drill since the first day. He said that the Colored lads were apt scholars, that all eyes were on them and that he was proud to be their Lieutenant.

A spirit of goodfellowship exists between White and Colored boys. Many mixed crowds of Colored and White boys playing football and baseball were noted Saturday.

The baseball teams of the 364th (White) and the 49th (Colored) hooked up in a seven inning game Sunday. The score closed in a tie, 7 to 7. Mooney pitched two innings, but was too strong for the class he was in, so he retired.

Anderson Spaun, of Los Angeles, arrived Monday and was assigned to the 51st.

Sixteen boys from the 49th were rejected on account of physical disabilities, and left for their respective homes Tuesday morning. Those rejected were: Ernest Sear, Edward Stockett, Robert Mason, Edward Price, Theo. Bramlett, Firmin Griffin, John Diggs, Ervin Brinson, S. H. Henderson, B. L. Shipley, E. W. Allen, S. D. Byaum, John Fair, Arthur Scott, B. B. Donato, and Hugh Barton.

Jimmie Thompson, whose ability as an entertainer is well known in Southern California, is a nightly headliner at the amusement hall and the Y. M. C. A.

A number of Colored motorists from Seattle and Tacoma, visited the camp Sunday.

Thirty-three of the boys from the 50th were assigned to guard duty Monday night. Among them we met our old friend, Hank Brooks, the cartoonist.

W. H. (Mike) Taylor, prominent among the younger social set of Los Angeles, is acting supply sergeant under Sergeant James H. Parks (White), formerly of Los Angeles. Mike is making good and is in line for the position when Sergeant Parks is transferred.

A number of the boys have been appointed temporary corporals and sergeants. If they make good the positions will be permanent.

REAL ESTATE MEN

Several of Them Operating Under the New Lak Without License

There are no doubt many persons in Los Angeles who are not aware of the fact that a new book made its appearance in this city a few days ago, different from any that has ever been printed in this state, notwithstanding its many years of civilization. The book referred to, is a Directory comprising about four thousand names of the bonded and licensed real estate men in the state. This book was made necessary on account of the new law passed by the last Legislature, effecting the first of last August, making it compulsory for all operators in the real estate business, that is, selling or renting houses on a commission basis, to give a bond in the amount of one thousand dollars and also procure a license, or be subject to a fine of two thousand dollars, or by imprisonment in the County jail or State prison for a term of two years. Several very prominent real estate operators in Los Angeles, names fail to appear, and according to this Directory, they have failed to comply with the laws of the state and community, which is not only an injustice to their fellow men engaged in the same line of business, but is unfair to the general public.

The following is an extract of the law referred to:

Section 1. It shall be unlawful for any person, copartnership, or corporation to engage in the business or act in the capacity of a real estate broker or a real estate salesman within this state without first obtaining a license therefor.

Sec. 2. A real estate broker within the meaning of this act is a person, copartnership or corporation who for a compensation sells or offers for sale, buys or offers to buy or negotiates the purchase or sale or exchange of real estate, or who, for compensation negotiates loans on real estate, leases or offers to lease, rents or places for rent or collects rent from real estate or improvements thereon for others as a whole or partial vocation.

The Kentucky Club will hold its next meeting on Nov. 22, at the residence of Mrs. J. Fouce, 1564 E. 40th street. Take Hooper avenue car, get off at 40th street; go east three blocks to the number. A program will be rendered by Mrs. McRonald. All Kentuckians invited.

APPRECIATION

November 13, 1917.

Editor California Eagle,
844 Central Avenue,
Los Angeles, Calif.

Dear Sir:

In behalf of the Colored members of the Legal Profession of Los Angeles, I take this opportunity to publicly thank Dr. Robeson and the Editor of the Eagle for the timely observations that Dr. Robeson published in the last two issues of the California Eagle on the advisability of staunch race support for our Colored Attorneys.

There are an even dozen Colored attorneys in this city and in their number it is possible for members of our race to find any class or kind of legal service to be found among the White members of the Profession. As a whole these Colored members of the Bar rank at least as high as the White members of the Bar. It has been the experience of a number of the Colored lawyers in active practice in Los Angeles that in many instances hard working and honest Colored citizens have trusted their legal affairs, particularly in the matter of acquiring homes and real estate generally, to the tender mercies of unsympathetic, uninterested and generally unscrupulous White attorneys with the result that not a few of our Colored citizens have paid for years upon real property which they thought was theirs, but which they discovered at a late day was subject to divers and unsuspected incumbrances. It is the earnest desire of the great majority of Colored attorneys in Los Angeles that the day will soon come when not a single complaint against the integrity and ability of Colored attorneys will find circulation in our midst, and when Colored attorneys will get an hundred per cent. of the legal business of our large and growing Los Angeles Colored citizenship.

Sincerely,
HUGH E. MACBETH.

PROMINENT BUSINESS MAN AND ATHLETIC PROMOTER OF PORTLAND VISITS LOS ANGELES.

Mr. George Moore, of Portland Ore., who is prominent in business circles in that city, one of the owners of the far famed Golden West hotel, of that city, and an athletic promoter who is recognized in the sporting world as one of the foremost in the west, is visiting Los Angeles for the first time, having arrived here last Thursday. He is looking this field over and it is possible that he may establish a hotel business in this city.

Mr. Moore is a very pleasant gentleman to meet, who is alive to the issues of the day, a thorough race man, and one who stands well in the business world. He came here in his own car, driving from Frisco in 19 hours. While here he has been the guest of Dr. B. A. Jordan.

Civil Service Commission Bans Jim-crow Lists

Civil Service Commission Knocks Out Jim Crow Lists

As we go to press we are informed that the Civil Service Commission of this city has abrogated the Jim Crow lists which have prevailed for some years past in some of the departments, particularly the fire department. This is a death blow to the barefoot leadership which has been assuming to be Jim Crowed, and a signal victory for the policy of The Eagle a square deal for everybody, known no man by his color. The present list, on account of irregularities, has been declared void and now every man has an opportunity to try for this examination strictly on its merit.

We are informed that the recent quiet wedding was premature, owing to the fact that a bet was on between the groom and the bride's brother, which gave the ten dollar to the first to claim his bride. (Both being engaged.) The game was a bit unfair, as the brother had written a letter to a friend in the Bay City informing him that he intended bringing his bride down in December to spend his honeymoon. The news was too good to keep, so "groom" after reading the letter, told his bride and a hurry call was sent in for the brother to be present that very evening, the call was responded to and to his surprise every thing was ready and he lost his "ten."

St Paul's Church Report.

Not in the history of St Paul's have we witnessed such a high spirit as that which prevailed on Sunday. A vast and enthusiastic crowd, among whom were many well stricken in years, others leaning on crutch and cane, and still others borne on the arms of friends, filled the pews at the 11 o'clock service to listen to Pastor Holt deliver a special sermon to the "Old Folks."

Preceding this, a general remodeling of the work of the Sunday School was had

Pastor Holt introduced the "Metoka and Galeda" work, together with a "Bible Training Course"—all of which was grasped by the "Willing Workers" of the Sunday school, which had already evinced a spirit of high ideas.

After laboring throughout the Sunday-school period, Pastor Holt came to his pulpit at 11.30, charged with a force that held his audience in the grasp of scriptural and psychological reasoning. He preached from the subject, "Triumphant ending of a life of service." Text, Job, 5:26—"Thou shalt not come to thy grave in a full age like as a shock of corn cometh in in its season."

Shouts and tears told that the Holy Ghost was in the meeting.

More than twenty above the age of fifty were present to receive the hospitality of St. Paul's. They were served to a chicken dinner in "old style" by the industrial club. At 6 p. m. the B. Y. P. U. opened as usual, with 64 persons present. Many good things were said on the subject. The captains formed lines and a financial battle ensued, with the following results:

Capt. "C," 49c; Capt. "A," 60c; Capt. "D," $3 70; Capt. "B." $5 02; total, $9 81. The committee of B. Y. P. U will go to the bank with $59.81 raised, over expenses, within 90 days Bible reading each week. Come to see us, some time.

Watch St. Paul's.

The Portland Advocate seems to take exception to Col. R. C. Simmons patriotic oratory at so much per. But Brother Canady must remember that even tho' the Colonel orates, HE MUST EAT.

No doubt much joy now reigns in the ranks of the barefoot leadership brigade, as it seems it has found a Moses who will lead it on to the promised land where it never needs to sweat to earn its reward.

Down at San Diego, on next Tuesday, a real bone-dry election will be held. The fight waxes warm, and with the recent returns from Los Angeles, the advocates of a bone-dry town feel that they will score a signal victory.

When it comes to doing things, that bunch which carries forward the great development work of the Comobabi Mining Company is entitled to the banner. On last Monday night, at what they called a preliminary effort—that is to say, getting ready with an effort to raise $50,000.00—in just eight minutes they raised one thousand dollars! And we believe that this concern will win out and that it is not making the effort in vain. And we truly believe that in this company, as well as in the Eldorado Gold Star Company, the great economic problems confronting the race will be solved.

COULD NOT APPOINT A BETTER MAN.

Sunday's Tribune announced the fact that our good friend and townsman, Noah D. Thompson's, name would be presented to President Wilson for Minister to Liberia to succeed the late James Curtiss. Now, we want to say right here that the President would certainly make no mistake in naming Mr. Thompson, and he would have to search the country with a fine tooth comb to find a better man. He is a natural diplomat and has all of the qualifications to serve his country at this important post. There is no man he could consider who is more sincere in his efforts to benefit mankind, and we sincerely trust that his candidacy will receive the consideration it deserves; for, if it does, Mr. Thompson will receive the appointment.

PASADENA NOTES.

Let us be thankful! The season of the year is at hand when, if you are separated or divorced, gather your children, kinsfolk and friends about your home; decorate your home and make it a place to be justly proud of. Though turkey may be high, yet pleasure is cheap.

Men previously discharged for light deformities, such as flat feet, will be recalled. They will not be sent to the front, but will be put on Government works, either at Army Headquarters or where they are most needed. So, flat feet will keep you out of the army, says Secretary of War Baker. So all enlisted men must fight in the trenches or be subject to war duty as announced in the new plan by Provost Marshal Crowder. Only missing limbs or blindness exempts.

The citizens of Pasadena are thankful that they live in a country that has the largest city in the world that, in 130 days, will not have a barroom in it. But the saloon keepers should have known that when the Church, newspapers and the women's clubs combined against them, victory was certain. We are proud to know that The Eagle did its part. There are 706 precincts in L. A. City, and the complete returns give the Drys 20 174 majority over the Wets.

People are beginning to "vote as they pray."

Judge Dismisses Mathematician.

"Phenoms" appear in the corporation courts of the city of Dallas, Texas, every few days.

This fact was witnessed recently when a colored man, not more more than 24 years old, was called before the court on a charge of being drunk. "Guilty or not guilty?" asked the prosecutor. "No, sir I'm not guilty," answered the man. "I was just doing a little calculating when the police came for me," he said.

"You were doing what?" Judge Murphy asked.

"Judge, I sure was calculating," the man answered, "and I can calculate faster than an adding machine."

"What is 9 times 7,812?" Judge Binett asked.

"Why, let's see," said the man, "I have it. It is 70,308."

Other sums were asked him, and they were answered faster than the Judge could pencil them out on paper.

Case dismissed.

Rev. A. P. Shaw, Pastor

Sunday [illegible] up to the usual standard at Wesley M. E. Church. At 11 o'clock pastor preached a very acceptable sermon on "Seeing the Invisible." At the evening services the pastor preached the Annual Sermon to the Brotherhood on "To Him That Overcometh." A large number of men, together with a fine congregation of women, were present and were thrilled by the message of the preacher. One person was converted after having come forward for prayer at the morning service.

This Sunday promises to be one of special interest to all persons who worship with us.

The pastor will preach morning and evening. Morning subject "Walking With Christ"; evening subject "Self Examination." Communion at both services.

Every member of Wesley is expected to be present at one or both of the services Sunday. Announcements of very great importance to the church will be made at both services. Five hundred communicants are wanted Sunday. Do not fail to be present. All are welcome.

SACRAMENTO NEWS

The beautiful home of Mr. and Mrs. P. F. O'Reilly was the scene of a very delightful whist party given in honor of Mrs. Leo Fletcher of Seattle Friday night. The house was neatly dressed with bunches of pussy-willow here and there. At the end of several interesting games a dainty lunch was served on individual trays, after which the evening was spent in dancing. Those enjoying this pleasant affair were Messrs and Mesdames W. P. Taylor, W. E. Declaybrook and young daughter, Miss Eleanor Declaybrook; U. G. Holland, J. Soares, J. W. Scott, B. A. Johnson, T. O. Walker, E. W. Robinson, R. J. Fletcher, C. S. Flood, G. E. Francis; Miss L. Harper, Miss Regena Holland, Master Robert O'Reilly, Mrs. Bell Mills, Mr. Jas. Buchanan, the honored guest and the charming host and hostess.

The Jolly Rounders Club held its closing meeting for the season at the home of Mrs. G. E. Frances last week after awarding the first prize to Mrs. L. Harper for the highest score of the series of whist for the season. The delicious lunch was greatly enjoyed. The prize was a beautiful pair of pink silk hosiery, which are very pleasing and becoming to the owner.

Morton, J. A. Thompson, Mrs. Barber, Misses C. Fields, I. Bluett, E. Bluett, L. Thompson and C. E. Counter.

Miss Gillespie, sister of Mr. W. E. Gillespie of North Sacramento, has bought a delicatessen in Berkeley, near the U. C. and will leave for her new home and business soon.

The public installation and dedication of the juvenile officers and the semiannual installation of Lodge and Court officers of the Knights of Pythias took place Monday night with the Foresters' Hall as its setting. A large number of invited guests attended and appreciated the dignity and order of members and children of both the lodges, and the program, which was well rendered. After installing the many officers by the Supreme Deputy, Mr. Jacob Soares, the guests were invited to the banquet hall on the lower floor, where the members of the Court and Lodge of K. P. had prepared three long tables well laden with a delightful supper and acted hostesses to their many guests, who enjoyed the feast. COL. ROSCOE SIMMONS.

This far-famed orator, statesman and scholar has come to Los Angeles, and he has most certainly lived up to his great reputatation as such to the utmost. He has made for himself, in Los Angeles, a name that will go down the ages resplendant with all the garnishings of a leader of men; and as Booker T. Washington has gone to join the illustrious dead, a worthy successor is found in Col. Roscoe C. Simmons a MOSES who has taken his place, and with even more enthusiasm and fervor is preaching the gospel which the Wizard of Tuskeegee gave forth. Like the mighty Douglass, Roscoe Conkling Simmons, with his matchless oratory, is the man of the hour, and his message is making a sentiment which cannot help but redound to the everlasting advancement of all the peoples of this country. He is an adept in the art of reaching the vital spot of the white folk by hurling at them the damning wrongs and injustice against the Negro, for which they are responsible; yet, he gives it to them in such a way that they not only cannot take offense, but become loyal boosters of Simmons' doctrines.

The California Eagle is proud of Col. Simmons' visit; we appreciate the opportunity of Los Angeles to hear him; we like his talk; we like his plain, everyday democracy, his interest in the masses of his people and his intense desire, at all times, to meet them. Not only as the great orator, but the real man, is apparent and that is the reason The Eagle is proud of him to the utmost.

WANT TO BECOME PRODUCERS.

The movement for the Colored people to make the start and become real PRODUCERS, instead of mere CONSUMERS, and realizing that the acquisition of the fertile soil is the only thing that can bring that about, is making commendable progress. Anxious members of the race are hailing with delight the possibility of procuring such land right at our door; 98 per cent of the people are with this movement and are READY just as soon as this land is available. The pygmies and ghouls representing the barefoot leadership cannot throw dust in the eyes of the people. The leaders of the movement are strictly high-class citizens who court favor with none except the people who stand for SOMETHING. Their patriotism cannot be questioned. A true test is that not one of these gentry would dare face any of the promoters of this movement with that charge. Last Monday's meeting is a barometer as to the feeling of the people; their patriotism is such that they want to produce something so that they can really do something tangible and give a practical demonstration of the same which will, after all, count for more than all the wind-jamming could do in a hundred years.

A person who uses soft coal buys as much heat in each pound as a person who uses hard, or anthracite coal. The soft coal is better in every way than the hard coal. The only redeeming feature the hard coal has is this: A hard coal fire does not need to be tended so often—it saves more time; but time is no object to us poor folk—for we have time in abundance.

To sum it all up, it has been very timely stated that we must all "Go back to the simple life; be contented with simple food, simple pleasures, simple clothing. Work hard, pray hard, play hard. Work, eat, recreate and sleep. Do it all courageously."

"We have a victory to win."

He that loses his life in helping to free the world from the slavery of an autocratic government will not have lived in vain.

We hope to see that small restaurants and eating places just as patriotic in refusing to serve meat on meatless days, and wheat bread or wheat griddle cakes or crackers on wheatless days as are the big hotels. Persons who do not help to save food by substituting other foods in their stead, are helping Germany, which means that they will prolong the war just that much and so cause many more of our boys to lose their lives than ought to be necessary.

The United States Food Administration wishes to have the people increase their use of Irish potatoes.

The potato today is plentiful, cheap and the best substitute for food staples, and we are being asked to save for our associates in the war. It furnishes strength, bulk, mineral salts, and helps the stomach to do its work better.

If we are going to win this war, we must fight Germany man for man, shell for shell, potato for potato.

Try the pinto and other colored beans which have become popular in the West and Middle West as a substitute for the common white or navy bean. In most of the larger cities in these sections, colored beans are used almost entirely.

Colored beans are equal to white in food value, and many claim that they taste better. The housewife may save money by purchasing colored beans, for they are much cheaper than the white. The Army and Navy Commissaries are using the colored beans and the soldiers are fond of them.

To increase France's crops and lighten the burden of toil on her old men, women and children, the United States Food Administration will ship 1,500 farm tractors to that country in time for the spring plowing. The tractors are expected to be not only of immense service to France by making it possible to raise more food on ther land, but also through this very fact that they will enable the French to produce more food for their own consumption, and thus lessen the demands for food from America, they will release shipping for the transportation of American soldiers.

Mr. Man, do not hurt your wife's feelings by demanding that she give you regular pork chops. Let her help, in her kitchen way, to end the war, so that her men folk will not be called to the front. She may not give you everything you want to eat, but she will give you plenty of food and it will taste good, too. Surprise friend wife by asking her to make you a one-dish meal.

Yes, the woman in the kitchen is helping to win the war.

A VOICE FROM THE GREAT BEYOND

To lose a friend touches the heart as nothing else can. To know a companion has gone never to return, causes a pang pen cannot describe. In such a position am I found today.

Russell L. Darden, brother of Attornew Charles S. Darden of this city, has entered the gates of deatht. He had just reached the threshold of life, being about 24 years old. His future was before him, his prospects were bright, he would have finished law this spring.

This young man was my room mate at Biddle University. My associate on the athletic teams, my friend, companion and brother. Three years ago I left him with the bloom of health upon his cheeks, the smile of promise on his face. That bloom has faded, that smile has resolved itself into the composure of eternal sleep.

There was one contribution Russell Darden made to the life of all who knew him. It is best expressed in whose words, "O Dry Those Tears; Life Was Not Made for Sorrow." He exemplified this truth daily in his life. It was a pleasure to see him happy, cheerful and gay, no matter how heavy the cloud or dary the day.

One incident I will never forget, which clearly portrays this side of his nature. He was in love, as all school boys think they are. A prepossessing damsel had stolen his heart. One day the wrath of the gods came down and there was a breach. She wrote him a scathing letter and said, "Russell, we must part." I looked at him and said, "Rusty, what will you do now?" He replied, "Robe, she says she doesn't love me, but I'm going to love her anyway." This was his philosophy of life. It helped him over many a stormy sea. It thrilled the souls of his companions.

You have your darak hours. You have your moments of anxiety. You have your sorrows and cares, but take this message from the grave.

Attorney Darden, my sympathy is yours. Your heart is sad. If Russell could speak, though, I know he would say something like this.

"When the shadows begin to gather
And we are nearing home,
When night overtakes us
And we find ourselves alone,
Be cheerful."

REV. E. C. ROBESON

FRESNO NEWS

The central division of the Federation of Women's Clubs met with the Frances Harper Club last Friday, and a large number of delegates from Bakersfield, Allensworth and Hanford were in attendance. The session had its setting in the auditorium of the Second Baptist church, and also enjoyed the attendance of a large number of local people. Mrs. Pearl Lowery Winter of Bakersfield, second state vice president, presided with her usual grace and dignity. The afternoon session was unusually interesting, due largely to the excellent program which was rendered. The paper on "Domestic Science" by Mrs. Pearl Anderson of Hanford, and the song on "The Tongue" by Mrs. Fletcher Pruett of Bakersfield were exceptionally good. The solos by Mrs. W. T. Pelkinton of Bowles, and Miss Zelma Fitz Price of Bakersfield were well received.

"Preservation," the theme discussed in an essay by Mrs. Williams of New York, was rendered placed upon the minutes.

A number of prominent gentlemen were present during the afternoon, as: Rev. Prosaling, Elder J. H. Wilson, Rev. T. M. Davis, E. E. Lewis, William A. Bigby, Jr., and A. W. Wolfskill.

The meeting was a grand success and followed with a recital by Mrs. Pearl Lowery Winters, the accomplished contralto. A number of the ladies remained over the week end, and were lavishly entertained.

Mrs. Fletcher Pruett, Miss Hazel Jones, Mrs. Pearl Lowery Winters, Miss Zelma Fitz-Price, Mrs. Major West and Mrs. Ed Jones made up an interesting party at the Orpheum last Saturday afternoon as the guests of William A. Bigby, Jr. In the evening the same congenial group, with Miss Zola and Miss Zella Chavers as additional guests, were his guests also at a party at the Liberty Theater.

Sunday the Misses Chavers entertained the same party with a motor ride to Sanger, and in the afternoon Mrs. Pruett, Mrs. Winters, Mrs. West and Miss Fitz-Price were the dinner guests of Mrs. James Smith. Saturday they also motored down to Bowles with Mr. and Mrs. W. T. Pelkinton to their ranch for a dinner party.

Mrs. Lulu Gains-Edwards has returned to her home in Oakland after a week's sojourn in our city, dividing her time between her father and her aunt, Mrs. Sam Chavers.

The join reception given by Rising Star Chapter No. 3 and Raisin Center Lodge No. 5, A. F. and A. M., at Colomb Hall last Tuesday night was a very brilliant affair. An excellent program was rendered, an address by Grand Master J. I. Scales and several piano numbers by Mrs. Lillian J. Davis. The patronesses of the evening were Mesdames J. G. Scales, Benj. F. Watkins, A. W. Wolfskill and G. W. Ayres.

MRS. PEARL LOWERY-WINTERS IN BRILLIANT RECITAL AT FRESNO

Sartorially considered, or reckoned with the shrewd estimate of critics, the recital given by Mrs. Pearl Lowry Winters, the eminent contralto of Bakersfield, last Friday evening, was a triumphant success. Her recital was given in the auditorium of the Second Baptist Church, under the auspices of the Frances Harper Club. Mrs. Winters was in glorious voice; and a packed house listened with absorbing interest to airs from different operas, snappy melodies and commingled tonalities which were graciously applauded.

"Because," "The Rosary," "Who Knows," Arthur Foote's "Love Me If I Live," and his "I'm Wearin' Awa'," were warmly applauded, as was Neidlinger's "Serenade," to which "Daddy's Sweetheart" was graciously given as an encore.

Mrs. Winters' voice is possessed of a very deep volume and a wonderful range, the evidence of excellent training, and she uses it with that fine artistry and degree of culture that lends much to her wealth of personality. She has also gained a wide friendship by the excellence of her singing and dignity of manner among them the world renowned diva, Schumann-Heink herself, who, by the way, wanted to make our singer her protege, with four years of study in St. Louis, and from there to Europe, which offer was graciously declined at the request of her fiance.

Madame Lillian Jeter Davies, the distinguished artiste, who has gained recognition in the most brilliant musical circles in the east, as well as the west, assisted Mrs. Winters, presiding at the piano with her usual grace and delightful technique.

Mrs. James L. Clark, our local piano genius, whose pronounced ability is emphasized not only in the United States, but in Canada, lent much to the success of the evening through her masterful interpretation of many difficult numbers from old masters. In keeping with the spirit of patriotism now prevailing, Mrs. Clark played her own version of improvised National Airs, which, like the other numbers rendered, drew forth the warmest encominms from the large audience. Marvelous technique this artiste displayed in her execution, especially Schumann's "Carnival," in which the contrasted moods were emphasized with sympathetic interpretation, changing instantly from crashing chords into a plaintive, persuasive melody. The entire program was one of excellent musical taste, and there prevailed throughout the evening a noteworthy spirit of sincerity and enthusiasm.

At the sacred recital Sunday afternoon, Mrs. Winters sang her own composition, "Oh, If the Gates Would Close," dedicated to Mme. Hackley, together with a number of other selections.

COL. ROSCOE CONKLING SIMMONS SPEAKS TO RED CROSS SOCIETIES

Tuesday afternoon the auditorium of Sojourner Truth Club House was packed to its utmost capacity with both men and women anxious to hear Col. Simmons.

About 3.30 Col. Simmons arrived and immediately addressed himself to his audience.

Though small in appearance, Col. Simmons is a giant at the bat of oratory and on Tuesday evening lived up to his reputation.

Using the most beautiful phrases and sentences of the English language this orator of his age painted the great deeds of valor and the accomplishments in the Literary and other walks of life by members of his race in lucid and eloquent fashion.

He spoke of Lincoln, Douglass, Carney and Dunbar and then as it were reaching away back in the storehouse of his memory, he came forth with language most beautiful and as he named the grave of his ancestor, Booker T. Washington, he told his hearers what this Father of slavery had done for his own people of this country and for all people of the earth.

Mr. Simmons admonished the women of his race to be race loving. He also complimented the Red Cross upon their service to their country at this time.

Just before the ceremony a jazz orchestra and two young ladies, concert singers from Los Angeles, entertained the guests with a musical program.

The Bridal Chorus from "Lohengrin" was rendered as the bridal party entered the living room, where the marriage was celebrated, with Mrs. Eloise Simpson, a sister of the Bride, at the piano.

The bride was given away by her father, and immediately after the ceremony Miss Lepage Cookey sang a solo.

Mr. Edward Simpson was best man. The house was beautifully decorated with ferns and blossoms. Over 100 guests were invited from Los Angeles, San Pedro and Watts. Mr. and Mrs. Smith will be at home to their friends at 1220½ Birch street, Los Angeles.

HOSPITAL UNIT NO. 3

By Floyd G. Snelson, Jr.

Philadelphia, Pa.,
January, 14, 1918.

The frigid weather which is now covering the United States along the Atlantic Coast and the Middle West is not only the paramount complaint of the California boys of our hospital unit, but is of the people of these sections who are undergoing it, and extreme weather is being greatly enlarged upon by the unexpected lack of coal.

I have witnessed many riots where people raid coal cars on side tracks and the police are powerless to prevent them.

The people of California have no idea or appreciation of the fact that Nature does not deal out similar weather to them.

The boys of California Unit No. 3 are gradually and patiently accustoming themselves to prevailing circumstances though vaccination and inoculation of typhoid serum have caused much complaint among us.

We are grateful to say that we have been often and highly entertained in the City of Brotherly Love (now nicknamed "Sisterly Love") because of their kindness.

I have just returned from a visit at the National Hospital, where I received a hearty greeting from my aunt, Mrs. Mamie Snelson Chapman, and her family and friends.

Washington is the brightest spot of the advancement of our race and is all aglow with the war spirit. 'Tis indeed encouraging to see the vast number of women of our race, as well as the other, holding Government positions, and I am glad to say that my cousin, Miss Mamie C. Cooper, is one of the number. Many of these positions were formerly held by men. These positions number thousands in the Government Printing Bldg., the Bureau of Printing and Engraving, etc., and the holders of these situations come from all parts of the U. S. The salaries range from $2.00 to $3.00 daily, and many of those at work are students of both the colored and the white universities and are still attending school between times. So many girls have positions that the boys have decided to "let the women do the work."

On my visit to Howard University I was heartily welcomed by Dean Kelly Miller, Prof. Tunnell and Mrs. Mary Church Terrill, all frirnds of my parparents—and I also received much good cheer from the students in honor to my uniform.

SAN DIEGO

BY MRS. C. E. NORWOOD

The San Diego Division of the California Eagle is being handled by Mrs. C. E. Norwood and under her efficient management we are expecting big things from that end of the wire.

The California Eagle has a very large circulation in San Diego, which was the work of Mr. M. T. Laws, who very satisfactorily managed the Eagle at San Diego for about two years, and gave it up reluctantly on account of press work in his own line as city employee.

Mrs. Norwood is one of our best prepared young women in San Diego, and the management of the California Eagle considers itself complimented in securing her service at this time, and ask that the good citizens of San Diego give her their undivided support.

Sunday, January 20th, it was my good fortune to meet and address the San Diego Women's Council.

Mrs. Ella Hutson is president of the Council and a live wire. Mrs. C. E. Norwood, recording secretary; Mrs. F. E. Shepherd, financial secretary; Mrs. R. C. Plenty, vice-president; Mrs. Fowler, corresponding secretary; Mrs. Jones, treasurer.

I am looking for great things from this organization for I was impressed not only with the officers, but likewise with the membership.

During my four days' stay at San Diego I was royally entertained at the beautiful little home of Mrs. F. E. Shepherd, and on the evening of January 21st, was tendered a reception at the beautiful residence of Mrs. M. A. Gooden, of 3030 Franklin Ave., where I met the California Eagle's Star subscriber, Mr. Johnson. The others in attendance at this reception were Mrs. E. E. Shepherd, Mr. and Mrs. Charles Dodge, Mr. and Mrs. R. C. Plenty, Mrs. Hj Saunders, Mrs. Precilla Fowler, Mrs. Ella Hutson and Mrs. Lee Grace.

MGR. EDITOR.

SAN DIEGO NEWS

Visitors coming to San Diego from other places go away saying that San Diego is dead for the want of business men and women; that there is no businesses of any kind going on in this town; but by a close observation I am sure they are wrong. The fact is that our business men and women are here, and are really in business, too, but they fail to advertise in the California Eagle, a paper that everybody reads, even if they have to borrow one, they must read the California Eagle. We have in the city of San Diego two well-equipped hotels, four or five rooming houses, a furniture store, a second-hand store, five or six hair dressers, one ice cream parlor, as pharmacist, hand-painting establishment, three restaurants, three barbershops, two dyeing and cleaning establishments, and one jewelry store. Now, I have not mentioned any name, but I do hope that as you read the Eagle this week and find what business you are in that you will advertise at once. Don't let your business bear the name of being dead on your part for the lack of interest you take in it; but call M 4423, and subscribe for the California Eagle, and have your ad put in at once.

On the "King's Business." Great Work Done at Fowler

Rev. Dr. C. P. Jones and Rev. W. J. Conquest have been holding a great revival in this city for the past two weeks.

Rev. Jones is a noted preacher of the Gospel and teacher of the Word, and has helped to show fifty-five hungry souls the way to salvation during the last two weeks.

Fowler has a splendid community of people and a fine field for Gospel work.

The Negroes in this section are nearly all ranchers; they have their own autos, and going to church is a pleasure.

The church seems to have been spiritually uplifted and the revival was a success from every point of view.

Rev. Conquest's members seem to like his ministry immensely. He has secured a splendid grip on the entire community.

E. L. Leslie, the Pullman porter who was reported as having been killed by a bunch of Montana soldiers, is now in this city very much alive and employed at a barber shop on North Broadway. Mr. Leslie says that he was really assaulted near unto death, being thrown off the train, and was for some time in hospital at Portland. It occurred on Sept. 23, ten miles out of Portland.

The strange thing about the affair, however, is that it was not drunken Montana soldiers that assaulted him, but it was the Los Angeles bunch.

Mr. Leslie has obtained legal aid and will sue for heavy damages against the railroad.

When in Santa Monica your trip will be incomplete if you fail to visit and partake of the good eats of this up-to-date and high-class cafe.

The service rendered by Mr. John Paxton and his staff of efficient and courteous help is above criticism.

Such a creditable business among our people should receive their hearty support. Popular prices prevail at this place. Have conducted same for six years.

JAMES B. O'NEIL LOOKS LIKE A WINNER.

The great showing which James B. O'Neil's candidacy for Commissioner of Finance is a revelation to the people of Santa Monica, and each day new recruits are coming to his support. He is eminently the people's candidate.

From all sources he is receiving a strong support and it is freely predicted that Mr. O'Neil will emerge a winner.

WILLIAM H. CARTER FOR COMMISSIONER OF PUBLIC WORKS

For the very important position of Commissioner of Public Works of Santa Monica, Wilbur H. Carter, present incumbent has made an enviable record and he will receive at the hands of all classes of the people a strong support for re-election. The loyal citizens under his regime had due consideration and a chance, and that is all they ask; he is broad gauged and through their very own journal, he is asking for their support on the record which he has made in that position.

A Great Sermon

A laborer has a badge of worthiness on herself that money cannot buy. Girls who don't dodge a prayer-meeting are worthy and every young man knows it.

If you follow these lessons you will sing a song so sweet in its melody and charming in its sentiment that it will draw to your circle those whose lives are rich and fruitful.

Having established her worthiness she must now on that structure build her house. The foundation erected now the building must rise. That building is personified in a man possessing the qualities she craved. Believing with Naomi that Boaz was the prince, she sought his capture.

From time immemorial custom has placed a woman in a chair to wait until some man saw fit to pause at her shrine. This has been a natural outgrowth of the other limitations by which she has been surrounded. Man has ever been the pursuer, woman the

ILLITERACY AMONG DRAFTED NEGROES A PROBLEM

Washington, No. 14.—Illiteracy among negroes drafted for service with the National Army is the latest problem referred to the War Department for settlement. Plans have been suggested to provide schools at all National Army cantonments for the instruction of Colored men in the fundamentals of education. Little hope was expressed by War Department officials that Negroes, especially from the Southern States, can be whipped into fighting units before they first are taught the simplest military terms.—Tribune, Nov. 14, 1917.

Through the columns of The Eagle we want to make known to the people of our great State, that we are here in the fight for a better and nobler manhood and womanhood and a greater devotion to God.

For three years Rev. S. B. Danby has labored diligently among us, both as a minister and a teacher.

"The teacher sought to find out acceptable words, and that which was written was upright, even word of the truth."

Rev. J. W. Conquest, B. D., who succeeds Rev. Danby, is meeting with wonderful success.

Aside from improving the church parsonage, Rev. Conquest, with the aid of Dr. Jones of Los Angeles, has conducted the greatest revival ever held in this valley.

"Truth from his lips prevailed with double sway, and fools who came to scoff remained to pray."

During the two weeks' revival 55 persons were converted; 27 of these converts have become members of St. Paul's M. E. Church making a total of more than 30 new members for the new conference year.

Six others have joined the A. M. E. Church at Bowles and a large number of the others have enrolled in churches in Fresno.

Sunday, Dec. 7, there will be a rally and Baptism. This, we believe will be in keeping with past successes.

Our advice to this people in this crucial period through which the nation is passing is to do their utmost, in every possible way, for their country, that means by conserving its food supply and support of all war measures for, verily, each one of us must most loyally and enthusiastically do our but to maintain the honor of our coutry.

Speaking of the professional Negro who is always harping that he wants to do something for his people, and who, as a rule, does everything elese except work, it a cinch that he must live, and there is no question but that he will grasp any opportunity which presents itself for the nimble dollar.

Too much credit cannot be given to the Association for Advancement of Colored People for the great work it has doue and is doing in defense of human rights in this country. It is said that in the recent segregation case which terminated in a verdict, before the U. S. Supreme Court, that the printing bill alone of briefs, etc., through the various stages of the trial amounted to twenty-two thousand two hundred dollars this is to say nothing of the very best legal talent which appeared in the case without cost to the Association.

IT TAKES OUR WOMEN TO DO THINGS.

Since the memory of man runneth not to the contrary, on our own personal knowledge efforts in various forms have been made by different sources in this country to raise the mortgage on the Frederick Douglass home at Anacostia, and preserve it as a fitting memorial for the lamented Frederick Douglass. All of these efforts came to naught, however. A little more than a year ago the National Federation of Colored Women's clubs undertook the task, and they report today that they have practically raised the mortgage. And, therefore, they are certainly entitled to the praise and appreciation of the Colored folk of this nation.

A man who lives in a community and carries around with him a bunch of credentials telling the people of his worth, will bear watching, for the simple reason that if he really cuts any ice the people will find it out regardless of his letters.

Down at Santa Monica a man named Beretto could not see how presenting his candidacy to the colored voters through their own papers would help him. The other fellow running for the same office did. Result: Beretto, who thought he had a cinch, loses by 18 votes. Now he is a sadder but wiser man.

In this community we have striven to produce a journal for all the people, thoroughly cosmopolitan and democratic, and we have never bellyached for support. We feel that if we give the people a run for their money we will merit their support.

LIBERTY BONDS WITHIN THE REACH OF ALL.

Thrift Stamps a chance for a poor man to do his bit.

The new thrift stamps, which are being sold through the Post Office Dept., give each and every one a chance to do his bit, no matter how small his income may be.

To get started on a certificate is very simple. Just hand your mail carrier a quarter as he comes by and he will give you a small booklet containing a 25c stamp and spaces for 15 more. By paying a quarter now and then you will soon have the book filled it is then worth four dollars.

When the book is filled, pass it and 12 cents in and receive a five-dollar certificate.

These certificates are worth $5 at maturity, which is in 1923. They are returnable at any time and can be cashed, with interest, at any money order post office in the United States.

The spectacle of some of our really representative citizens allowing their names to be promiscuously used by others with at least questionable and ulterior motives, cannot be too strongly condemed; and when the crash does come—as it surely will—they should be centured even more severely than the principal.

NOTES FROM CAMP LEWIS

(Staff Correspondent)

Since the arrival of the Colored Lads at Camp Lewis no program is complete unless the Colored rookies have a place on the bill. On Nov 28 and 29 the 166th Depot Brigade gave an all-star vaudeville. The Colored recruits filled two places on the bill and despite the fact that they were on a bill with exactors from Pantages and the Orpheum, they did their sketches creditably and gained thunderous rounds of applause after each appearance. Herbert Burnett, of Co. 50, furnished laughs a plenty in a monologue. "Twenty Minutes of Minstrelsy," by boys of the 49th and 50th companies, was the headliner of the eventng. Those in the sketch were: Perry Venable, interlocutor, James Thompson, lead; Wiley Dent, tenor; C. E. Bauchamp, baritone; William J. Thomas, bass; E. J. Gynum, end man; C. Hardy, end man.

Robert Lamar is recovering from an attack of pneumonia.

Catenee Hite is on the sick list.

We have been here one month now and are getting along fine. There is considerable difference in things around here now than even last week. Monday and Tuesday, afternoon we (the 166th Depot Brigade) went on parade and each day as we marched off the parade grounds Capt. Scott said, "Very good, boys, very good!" Tuesday night, after supper, our lieutenant gave us several hundred cards with addresses of persons in Los Angeles who will correspond with any of our boys that will write them. Wednesday was a busy day. Some of the boys went to Tacoma, one played baseball, while the rest decorated the dining room for Thanksgiving. The churches of Tacoma gave a dinner (Thanksgiving) for the soldier boys at the Olivet Baptist Church. In spite of the rain several machine loads of Tacomans (mostly young ladies) visited the camp. They were asked to stay for dinner and supper. They accepted the invitation. Our dinner consisted of oyster soup, combination salad, roast turkey, cranberry sauce, candied yams, French peas, mince pie, apples, oranges, bananas, grapes, nuts, raisins and cocoa. After dinner our four-piece orchestra tuned up, and we danced until time for retreat, 4:45. After suppr our visitors departed for their homes, feeling that they had done their bit. Friday was the happiest day spent in camp thus far. After our two morning drills we were ordered to stay in barracks to sign pay roll. Saturday, rained all day. Most of our boys went to town and remained over Sunday. Revs. Green and Durham, drafted from Frisco and Sacramento, respectively, hold services in Co. 50 barracks each Sunday. Mrs. Neal Bradford arrived in Tacoma Sunday for an indefinite stay. Neal Bradford is in Co. 49.

But, be still, sad heart, and cease repining;
Behind those dark clouds the sun is shining.
Thy fate has been the common fate of all.
Into each life some rain must fall—
Some days must be dark and dreary.

MONROVIA, CAL.

Mr. and Mrs. J. H. Bonner entertained a few of their friends at their home, 363 Cypress avenue, Thanksgiving. The guests were Mr and Mrs. Smith of Alhambra, Mr. and Mrs. Malone and daughter, and Mrs. A. Green of Monrovia. Scripture lesson was read by J. H. Bonner, from Rom. 8: "There is now therefore no condemnation to them which are in Christ Jesus who walk not after the flesh but after the spirit." All seemed to enjoy the proceedings of the day. Music by Miss Bessie Malone and Miss Celia Smith. All returned to their homes in good spirits at 7 30.

Mr. and Mrs. Lewis and Miss Turner of Los Angeles arrrived to begin their evening service, which was attended by a large number. We feel that our thanks are due Mr. and Mrs. Lewis for their great work in Monrovia.

Thanksgiving services were held at the 2d Baptist church at sunrise.

Rev. Clark, pastor of the Zion A. M. E Church, preached a splendid Thanksgiving sermon from Eph. 5: 17–20. A large number attended and were benefited by the services.

A pleasant surprise party was given to Mrs. E. Enge on Wednesday. She left for Mexico Friday.

Miss Evangeline Ross is able to be out again.

The young ladies' athletic club played basketball against young men of Monrovia and Pasadena Sunday p. m. Of course the girls won. The members are Misses are L. L. Bonner, M. Jackson, F. McCoy, T. Cooper, E. Jones, H. Robinson, H. Ross and E. Kinzy.

A great day was witnessed at the Zion A. M. E. church, Rev. N. E. Clark, pastor, Sunday.

The morning service was well attended. Rev. J. G. Edmonds of Los Angeles preached at 11 a. m. He spoke very beautifully on the life of Paul, which demonstrated a life of sacrifice (by giving up his life and character to be in prison) a life of service and a life of faith. He then urged the congregation to keep the paths like Paul and be willing to sacrifice more for Jesus.

At 4 o'clock Rev. B. C. Robeson, pastor of the A. M E Zion church, preached a most excellent sermon on the power of prayer. He said the only way to draw nigh to God was through the medium of prayer. He illustrated how and why prayer was an instinct and that it was natural to pray. He urged the congregation to pray in the sunshine when the clouds were imprisoned and not to wait till they were in want.

After the services quarterly services were presided over by Rev. Robeson.

CALEXICO.

Nov. 28th was a great day in Calexico.

The young people of Calexico made their first effort in public entertainment, which proved a complete success, both socially and financially.

The Junior Christian Endeavor of Bethel Christian Church gave a concert.

The manner in which the program was carried out was indeed an honor to the race and a credit to the participants.

Calexico, the youngest town in the valley, so far as the colored population is concerned, is making great strides to the front. The colored people receive the support part of white friends as well as colored.

The audience that witnessed the concert were about half white and half colored.

Miss Gertrude Chrisman of El Centro read a paper on the "Conservation of Food," which was well received.

Miss Crisman brought out little Dubois McGee, who recited two humorous selections.

By these methods other races are getting better acquainted with us as a people.

The people of Calexico have set a little higher social standard than some other towns.

The people first coming here have maintained this standard simply by keeping to themselves and not mixing with all classes of persons. Now we feel proud to say that so many nice, representative people are coming here.

Among the late arrivals are Mr. and Mrs. S. D. Horne, Mr. and Mrs. John McCullum, with their three bright, interesting children; also, Mr. and Mrs. Ezra Layne, with their three alert, eager boys; also, Grandfather Layne, Mother Alexander, Mr. and Mrs. Evans and Baby Evans. It is a pleasure to welcome to our city such people as the above named.

The latest business ventures among the race are: Aker's cash grocery, by Mr. Akers, who already has a well paying business on Main street.

Mr. Anderson has opened an upholstering business and is kept busy all the time.

The colored people in general of Calexico have organized "The Calexico Development Co.," of which you will hear more in the near future.

Soldiers of the Twenty-fourth

Be brave, don't feel discouraged; rest assured that every woman in all this land of ours, that dares feel proud of the Negro blood that courses through her veins, reveres you, she honors you.

We would rather see you shot by the highest tribunal of the United States Army because you dared protect a Negro woman from the insult of a Southern brute in the form of a policeman, than to have you forced to go to Europe to fight for a liberty you cannot enjoy.

Negro women regret that you mutinied, and we regret that you shed innocent blood, but we are not sorry that five Southern policemen's bones now bleach in the graves at Houston, Texas.

It is far better that you be shot for having tried to protect a Negro woman, than to have you die a natural death in the trenches of Europe, fighting to make the world safe for a democracy you can't enjoy. On your way to the Training Camps you are jim-crowed. Every insult that can be heaped upon you you have to take, or be tried by court martial if you resent it.

I needed you in Austin this week. If some of the 63 members of the 24th had been in Austin, I would not have been insulted by a street car conductor when I asked for a transfer that was due me, my business manager of Scarborough's store, my husband, would not have been insulted by a street car conductor when he had paid his fare and had dared sit in a vacant seat in front of a white woman. The teachers of this city would not have been insulted in the Capitol of the Lone Star State when they were told by the Superintendent to go there to listen to the Governor of Texas tell them why they should take out liberty bonds.

Oh, no, colored soldiers, you will have died for what white men die what white men die every day, you will have died for the most sacred thing on earth to any race—even the Southern white man, his wife's, his mother's, his sister's, his neighbor's sister's protection from insult. Be brave and face death fearlessly

C. L. THREADGILL-DENNIS.

REV. D. H. WASHINGTON
Pastor of Shiloh Baptist Church.

THANKSGIVING DAY.

The banquet at Shiloh Baptist church Thanksgiving evening was a delightful affair. The church was beautifully decorated with red, white and blue crepe paper, carnations and ferns.

The banquets was given in honor of Rev. D. H. Washington, pastor; deacons, trustees and captains of the clubs who have worked so faithfully this year.

Rev. Dr. MacWilliams, the well known and greatest orator in Los Angeles, delivered the address. Commending them for their remarkably good work, and the love and respect they have shown their pastor, who, he said, was a broad-hearted, Christian gentleman. And among the many good thoughts, one was to the young women and young men of our race, urging them to prepare themselves to fill the place of the old heads in the churches, and to reach the greatest height along all educational lines and not to feel that any one was their superior, because one man or woman is no greater or higher in rank or position than another when they are both equal.

"No race, no creed, no color," but each man working out his destiny, under God, as seems best to him, without in any manner interfering with the rights of others so to do; equal opportunities to all men everywhere; and peace, and happiness, and clean living. Men and women who are really doing things worth while are not found among cabaret entertainers, dance hall instructors and others who are practising evil occupation, who are causing the bars of high standard to be indiscriminately lowered."

The address was impressive, interesting and was thoroughly enjoyed by all who heard it.

The burning of the mortgage by the oldest members of the church was a very interesting sight, especially to see expressions of joy and pride as they watched the flames go up. The congregation sang "Nearer, my God, to Thee."

Mrs. Mollie Mauldren was awarded a gold watch for obtaining the largest number of votes in the contest. It was presented to her by Rev. Washington.

He [illegible] words of encouragement [illegible] and told how much the [illegible] appreciated her work the four weeks [illegible] here in our city.

GOVERNOR RESENTS McCALL'S GUARDING OF NEGRO FUGITIVES

Assures Fair Trial For Black Accused By Girl.

The following despatch to the New York World was received from John J. Cornwell, Governor of West Virginia:

Charleston, W. Va.—Replying to your wire, my views are embodied in a letter to Gov. McCall, which is as follows:

"I have your letter declining to honor my requisition for the return of John Johnson, now in your city.

"With all due respect to the representative of your State, who visited this city for the alleged purpose of making an investigation regarding the case, I am compelled to say that he has evidently misled you as to the facts in the matter.

"The suggestion that 'exaggerated reports of the crime have been generally circulated in the community, and that on account of the nature of those reports and the race of the defendant there exists a prejudice which would be difficult, if not impossible, of control by the most upright Judge,' is not only unwarranted and untrue, but is a reflection upon this State and its courts which I very frankly and respectfully resent. It is not justified by any records of incidents connected with the State since its organization.

"The Prosecuting Attorney of the county, in a letter to me, advises that your 'trained officer' who came to this city for the alleged purpose of investigating the case was here several days before calling upon any officer of the State or county; that he frequented the red-light district where Johnson's alleged crime was committed in an apparent effort to obtain information which would warrant his making an adverse report; that on the very day he left Charleston he called at the office of the Prosecuting Attorney for the first time; that the Prosecuting Attorney gave him the name of a great many witnesses whom he could not have intervied before leaving the city, and gave him all the facts within the possession of the State's representatives.

"The Prosecuting Attorney requested the privilege of presenting West Virginia's side of the case at the coming hearing of Johnson in Massachusetts and was assured it was not necessary to do so; but when he insisted upon making that appearance he was told he would be advised when the matter was to to be again heard, and that no such advice was received and that the Prosecuting Attorney had no intimation or information relative to the time of the further hearing as promised.

"Only a few days ago I honored a requisition for the return of an alleged fugitive to your State.

"The crime with which he was charged was insifinificant and unimportant compared with the one with which Johnson is charged and for which two people are now serving sentence in the State penitentiary as accessories.

"Your refusal to grant this requisition for the reasons, as alleged, constitute a reflection upon the State of West Virginia and shows a deplorable lack of knowledge of it and its people. It also, in my opinion, tends to thwart the ends of justice and violates the spirit of unity between the States to such an extent that I shall feel compelled to scrutinize with more than usual care any similar requisition from you.

"JOHN J. CROMWELL,
"Governor."

The crime with which Johnson is charged is an attack on Nellie Kellenberger, a 14-year-old white girl, alleged to have been committed in December, 1916. Eight persons were indicted in the case, six of whom are now serving sentences for the crime.

John J Inson and Tim Bee escaped and Bee has not been caught.

One of those convicted was M. O. Mallory, a dive keeper, in whose house the girl was detained and the crime committed, sentenced to two years in the State penitentiary.

Since incarceration the Mallory woman has settled civil suits on behalf of the girl for $5,000.

A Negro known as Smith, alias Wayne, was sentenced to one year for kidnaping the girl and taking her to the Mallory woman.

Mack McDonald received fifteen years.

Robert Alexander received fifteen years; Happy Gaines, twenty years; Homer Brown, twenty years for perjury in the Gaines trial. All are now serving their sentences.

Johnson was indicted last January.

E. J. DELOREY SUCCEEDS R. H NORTON AS SUPERVISOR FROM THE 2ND DISTRICT.

Governor Stephens could make no wiser selection for Supervisor than E. J. Delorey. He is one of the plain, common people and their interests will be safe in his keeping. We look for Mr. Delorey to make an enviable record and that every citizen will receive at his hands the consideration they shall merit.

And on Tuesday the last ... of debt against this church ... been wiped out, as it by might and ... that remains now is the ... mortgage burning which will be held at a date to be announced later.

Special guest was Rev. Craw's ... and it was to be known as the White Elephant Fund, for the purpose of paying off the mortgage of $5400 held against the church on account of the paving tax and also a fund for the purpose of beautifying the church by painting both the interior and exterior. The first part of the rally was to conclude the 2nd Sunday in December and the rally proper to close preceding Easter. The above was the result of the first part and now it goes without saying that the Easter Sunday worship will be in the church beautiful and without debt absolutely.

This has been accomplished under the magnificent leadership of the brilliant pastorate of Rev. J. Logan Craw, who has demonstrated beyond peradventure that he is an instrument of God to do His work, and while this ... at church has in her confines such great giants as Samson Brooks, the brilliant Dr. Thomas, Dr. Carey, Roberts and others who have proved their worth out here on the placid wave washed shores of the Pacific is another star whose brilliancy cannot help but reflect its rays throughout the length and bureadth of this country wherever the connection exists, and none will shine with a greater luster than his. This feat places him in the front rank as one of the brightest stars of the connection and the bishopry itself looms not as an iridescent dream.

The accomplishment of Rev. Craw is remarkable from the fact that along with his success not for one moment has the spiritual side of the church work lagged, every service with him is a revival service, and steady but sure, like clockwork, each and every Sundays service numerous accessions are made. During last year alone more than 200 accessions were reported. This is the third year of his pastorate at this church and the spiritual care has been his first care. Successful in that he has eminently qualified as a financier of the first magnitude and has raised the 8th and Towne church out of the slough of despondency and placed her high and dry as one of the very few great Metropolitan churches which is absolutely free of debt. Too much credit cannot be given him and his faithful and energetic wife for the great and successful effort which they have brought to this historic and leading church of the leading city of the great Pacific Coast

ON BOARD NAVAL BASE HOSPITAL SPECIAL TRAIN

By Floyd G. Suelson, Jr.

Salt Lake City, Utah, Monday morning, December 10, 1917. Arriving here at 11:45 a. m. the boys completed the first lap of their journey, all well and happy. After a good heavy ham and eggs breakfast on the excellent Salt Lake diner, the boys detrained at Lyndel, Nevada, where they went through our usual morning exercise of gymnastics, although the temperature being somewhat below the average Los Angeles weather was enjoyed greatly.

Our trip will continue as follows: ... after the departure from Los Angeles, Elbridge Lee has already planned a tour of New York City on first "Liberty" landing; wired arrangements before departing from Los Angeles.

Jesse Walker is greatly worried over a sweater that Miss Gladys Riddle was unable to complete before his departure.

Elbridge Lee and Claybourne Stovall are rivals in "kissing bug" championship at the station Sunday morning.

The boys look upon the rumor circulated around L. A. that they were just the same as "slackers" in going with this Naval Base Hospital as being from the lips of persons who were unable to pass the examination themsives and were sorry of being denied the privilege of going themselves.

Mr. Eddie Jones, former chef of Salt Lake R. R., happened to meet up with his former crew, and when we left the min Salt Lake he had almost everything in the diner.

John Layne is making his first trip on a Pullman and eating the first time on dining cars. He is trying to learn. The following bill of fare will give you an idea of what w have to eat.

THE HORROR OF SOUTHERN PREJUDICE

By J. B. Bass

On August the 23rd seventeen lives were snuffed out and many wounded at Houston, Texas, and as a result of this tragedy, on last Tuesday morning at the end of a summary court martial thirteen colored soldiers of the famous 24th regiment were hanged at Fort Sam Houston near San Antonio, Texas.

We are told that these men went to their death without a tremor, thus demonstrating the fact that they died for a cause, for surely on that fateful day in August seasoned veterans as they were, we could not help but realize that their act in time of war meant ... to meet ... troops or quit their cause, therefore these men died that ... might not have the rocky road of Southern prejudice to travel. Like old John Brown of Osawattomie they marched with their eyes wide open to their doom. John Brown, like these soldiers knew that he could not succeed in his mission at that time, he knew that he was usurping the laws of the land and knew what his fate would be, but was willing to offer himself a sacrifice on the altar for the abolition of human slavery. These soldiers made up their minds to offer themselves as a sacrifice, for as we have said, they could not help but know what the penalty would be and there can certainly be no excuse when one knows. John Brown knew, these Soldiers knew, we shall never forget the recorded spectacle of this grand old patriarch as he marched to his death. Shackeled and manacled he walked up the gallows to his death. He stooped and implanted a kiss on the brow of a Negro babe in the arms of its mother and said, "This day I die that you may be free." Note—Thirteen black soldiers marched to their death with a smile. They said, "Good-by boys of Company C" by inference showing their good will and at the same time conveying the fact they were dying that others who follow might not be the victims of a damning Southern prejudice which has been the bane of the progress and the very life of a loyal portion of the citizenship of a mighty nation. Theirs was not an ignominious death, but was rather the death of martyrs and in years to come they will be revered by their beneficiaries as martyrs for a cause, not because they mutinied in the time of war, not that the government erred in fulfilling the law, but from the fact that they were not afraid to die for a freedom from the tentacles of an unjust Southern prejudice.

And the crime lies at the door of the Southern cracker, the low bred specimen of humanity such as Sparks, the Houston police officer, whose act was the real incipiency of the riot, and whose whole body is not worth as much when it comes to real character and manhood as the least drop of blood from the body of any one of these soldiers.

And now the people should take heart and they should remember that the darkest of the night is just before the dawn, and as in the Civil War, when the day was dark a sudden dawn came with freedom from slavery, and who knows but in this world's war that a new day ... freedom of the country of that prejudice which damns a nation, a state, city or community. Let us sol hope and continuing as ever ... our country, confident to the utmost that the day of a complete freedom is close at hand.

"Good Luck to Our California Boys"

Frank Gagnet, Otis Bowdoin and George Baker, the three most popular married men, are the closest of friends each sharing their sorrows equally in departing and leaving behind them such cares.

The dining car crew of the Salt Lake liner were: Chef, Clide Crawford; waiters, Jenkins, Murphy, Jas. Rouhlac, C. F. Mitchell, A. Crapp and Wm. Homes, who we are very grateful for their care and kind treatment.

Last Sunday evening at the Independent Church of Christ, Dr. N. P. Greggs preached a wonderful sermon on the Individual Christian.

Those who listened to the Dr. in this effort went away with a new and clearer vision of their responsibility to themselves and their neighbors as Christians.

PASTOR ROBESON'S BROTHER STARS IN FOOTBALL

The following clipping refers to the brother of our Rev. Robeson, pastor of the A. M. E. Zion church:

ROBESON ON ALL-AMERICAN

Robeson, star of Rutger's eleven, is being picked by the leading experts as the best end of the season. The majority of writers put him on the All-American team.

The New York Sun's expert, in telling of the stars of the season says this of Robeson

"In the matter of development in this particular season the top position must be accorded to Robeson, the Negro end of Rutgers. Robeson was a good line man last year, but he was a bit crude an dbesides his worth did not receive gengral recognition. With the rise of Rutgers this season Robeson, with his superb strength augmented by a knowledge of both the theory and practice of the finer points of football, soon proved himself one of the best forwards in the country. Robeson not alone met the new football's myriad requirements of an end. He played the right end on defense but on attack he usually took his place at tackle and opened up the big holes through which Foster Sanford's backs marched to triumph".

George Foster Sanford, who is being referred to as the leading coach of the year for developing such a great team as Rutger's, recently said of his colored star

"Robeson is the best all-round player on the gridiron this season and the most valuable to the team."

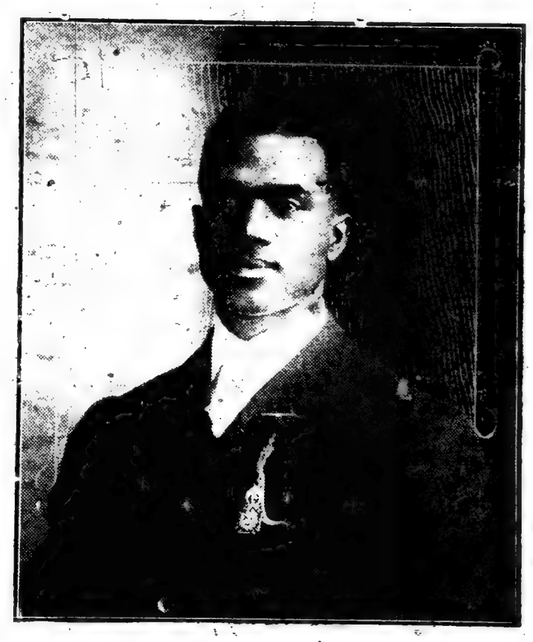
A NOBLE OUTCAST

The Noble Outcast, a drama in four acts, was presented last Monday evening at Gamut Auditorium to a fairly crowded house



Those who failed however to see this play missed one of the biggest and best treats ever given to the Los Angeles public.

The play was under the direction of Mrs. W. M. Bowers, who played one of the leading roles. Mr. Bowers as Jerry, the Outcast, brought to light his ability as an amateur actor that no one suspected in him—from the moment he entered the stage, ragged, tattered and torn, he got the attention of his audience. So original was his ready wit and so masterly his tragedy that one would have thought that amateur action was his profession.

Mr. Howard as villain was without a doubt a peer in his role. Miss Allie Green as mother was good. Miss E. Howard as maid fascinated the audience with her quick action and native grace. Messrs. Green and Taylor played also their parts in masterly fashion.

The Noble Outcast was given under the auspices of Pana Lodge K of P. It is hoped that the promoters will present it again in the near future

Miss Patton, with her brother Malcolm Patton, appears before some of the largest white audiences of this city, but she has never been too busy to serve her own when called upon, and it is because of this big hearted-ness on the part of this young girl that made us feel that our write up of the great Temple of Fame was incomplete until this mention was made.

S. P. JOHNSON HONORED BY UNIONS

Last Wednesday evening the assembly room of Labor Temple was comfortably packed, the occasion being a public reception tendered S. P. Johnson in honor of his election for the eleventh term as general secretary of the Building Laborers' Union, No. ...

The hall was beautifully decorated in pink and white carnations and China lillies.

J. W. Stanley was master of ceremonies, and introduced as first speaker, Hon. Stanley B. Wilson, who for nearly three quarters of an hour thrilled his hearers with that fiery eloquence found only among Irish and Negro orators.

Mr. Wilson praised Mr. Johnson's unselfish mission as a labor leader, and spoke touchingly in behalf of the great work to be accomplished by unionized labor.

Other speakers were: Hon. W. O. Tyler, Noah D. Thompson, Dr. H. D. Crowd and Mrs. C. A. Bass, all of whom paid glowing tribute to Mr. Johnson and his great work as a union labor advocate

Miss Velma Wood presided at the piano in pleasing fashion and Mrs. Norwood delighted the audience with two soprano solos.

MARSHALL ICE CREAM CO.

We are glad to notice that a goodly number of firms and churches are buying ice cream from Marshall Ice cream Company.

On Thanksgiving day Mr. Marshall states that he furnished cream for the following: Mt. Zion Baptist, Pleasant Hill Baptist, Berean Seven Day Adventist, Garvanza Spiritualist, First A. M. E. Church, 8th and Towne, Phillips Chapel C. M. E., Newton St., New Hope Baptist, Second Baptist, Wesley Chapel, Shrine Auditorium and he wishes to thank all of these for their patronage and to state that it is his plan to give the people of this community the best service to be had along his line.

Mr. Marshall's ice creams and assorted ices are the best on the market for the price.

By using Marshall's ice cream, aside frm helping to promote a Race enterprise, you are protecting your health by using absolutely fresh goods.

Mr. Marshall is armed with the latest and best machinery which enables him to turn out any number of gallons of ice cream on short notice.

Now we are of the opinion that every church, fraternal order and club should use Marshall's cream for entertainments of every kind.

Again Mr. Marshall wishes to thank his patrons for past favors and to solicit their future trade.

In our account of describing the beauty and success f the Temple of Fame, the historic drama presented Dec. 4, at the First A. M. E. Church, under the direction of Mrs. Lillian J. Craw, our reporter failed to make special mention of the splendid rendration of Miss Juanita Patton as Delilah.

Miss Patton is one of our most charming sopranos, who upon this occasion received the highest applause and keenest appreciation from the great audience.

BEATZ HAS A HEARING

We are pleased to note the fact that Beatz, the night watchman who assaulted Welcome Watson, janitor at Hall of Records, was given a hearing last Monday by Supt. Davidson, and his findings will soon be made public. The Eagle, while calling for action in this case, had an abiding faith in the Superintendent of the Engineering Department seeing that justice was done and as that is all we asked, we are still assured that he will render the same. Long since Head Janitor Robinson has assured us that Mr. Davidson could be relied upon to do the square thing at all times and while we urged action in this case we never despaired that the same would be withheld.

FIRST A. M. E. CHURCH NOTES

Corner 8th and Towne Ave.
Rev. J. Logan Craw, Pastor

Fifty accessions to membership and fifteen hundred one dollars ($1501.00) and sixty cents in cash money on the table was the result of last Sunday's efforts. Financially this breaks all previous "One Effort Rallies" ever held in the forty years' life of First church and through this grand success the last dollar of mortgage indebtedness was wiped out on Tuesday when upon recommendation of the pastor the Board of Trustees paid in full the last note of fourteen hundred ($1400) dollars to the Security Trust and Savings Bank. The members and friends who contributed in this mighty victory are deserving of special commendation and that all may share in this epoch making event a rally is continued to the second Sunday in March when the gleanings will be gathered and used in beautifying our magnificent church which stands now all "Free of Debt."

The pastor will deliver both sermons Sunday and exhibit mortgage which was cancelled Tuesday as well as acquaint the congregation with other important business matters of interest pertaining to our church. Come early for a good pew at both services. Everybody welcome.

Sunday was a day of great spiritual profit at this church and all who attended were uplifted and blessed. Each Sunday there are more people taking on the higher life, come, let Dr. Jones reason with you.

REV. WM. A. WASHINGTON, "PREACHER OF THE GOSPEL, TEACHER OF THE WORD," PASTOR.

Rev. W. M. Seldon, P. E., of the Los Angeles District of the Colored M. E. Church, reports the Quarterly Conference in Santa Monica on last Sabbath as being a record breaker. Mrs. M. R. Harris of Los Angeles conducted a model Sunday school in an enthusiastic way; at 11 o'clock the presiding elder preached to an appreciative audience. At 2:30 p. m. an old fashioned praise meeting was held. At 3 o'clock Dr. J. C. Anderson of Los Angeles preached a soul-stirring sermon. Standing room was at a premium. The choir furnished beautiful music throughout the day, assisted by Mrs. A. E. Kenney of Los Angeles. At 8 o'clock p. m. the presiding elder preached and administered the Communion.

Distinguished visitors present: Dr. R. H. Wade and wife and congregation of the Baptist Church of Venice; Rev. J. A. Flemings of Pasadena; Rev. J. C. Anderson of Los Angeles; Mrs. A. E. Kenney, District President of the Women's Missionary Society of the Los Angeles District; Mrs. A. L. Stowers; Mrs. Annie Bryant, and Mrs. M. R. Harris; Rev. R. C. Edwards; Rev. C. S. Smith of Santa Monica.

Rev. Butler spared no pains in entertaining the friends and visitors and deserves much credit for the work being done at Santa Monica.

This closed one of the greatest quarters in the history of the church. The Presiding Elder left Santa Monica with a broad smile.

There will be a week's meeting at Bethel Christian Mission, from Dec. 16-23, inclusive, cor. Santa Fe ave. and 8th street. Meetings Sunday 3 p. m., and 7:30 p. m. week days. All are welcome. WM. Z. HOPPER, W. E. HARRIS.

NOTE

I am glad to state, for the information of my many friends, that I am improving very much. Have returned from the hospital and happily reunited again with my family. My heart is overflowing with gratitude to church, ministry and individual friends, both white and Colored, for their inestimable kindness shown my family and myself while sick and helpless. Your services were so complete that the supplies provided for every physical need extended beyond our ability to consume.

I know I shall not be able in words or by means of the press to express my full appreciation for this noble service. But in a more definite way, at least, I shall express myself in the next one or two issues that shall follow this insersion.

Praying that the Lord will multiply the result of your labors and give you threefold for all you have given me and mine.

I remain your humble servant,

SECOND BAPTIST CHURCH

Last Sunday morning Dr. H. D. Prowd used as his text, "Let us hold fast the profession of our faith without wavering."

Dr. Prowd said in part that we had reason to restate or reiterate the church today.

We are living in an age, said the speaker, when men are easily carried away by false doctrine. We are following strange gods.

The missions of the church is to save men for Christ.

Dr. Prowd's plea for sane Christian living was especially to the young people of the church. He admonished them not to mistake the pleasures of the world for the pleasures of the church.

Sunday morning Dr. Prowd has another message—come early and be comforted by hearing the whole sermon.

Young people come early to the B. Y. P. U. President John E. Prowd is working hard to make this end of the work a trial success and he needs your support.

The Young People's Missionary Society under the direction of Miss Edith Johnson, met last Sunday afternoon at the residence of Mrs. Brown of New Jersey St.

His assistant is also doing excellent work.

THE NEW ENGLAND CONSERVATORY STUDENTS' CLUB

In spite of war and hard times there are at least an increase of about ten Colored students at the Conservatory this year, and wishing to better acquaint one with the other, they have organized a N. E. Conservatory Students' Club. The Club is for aiding students in every way possible. Any young lady or gentleman coming to Boston to study music, is advised to look up the club on your arrival. Minnie M. Albritton of Los Angeles, was elected musical critic among the list of officers. Write the secretary for information, Mrs. E. A. Foster, 74 W. Rutland Square, or Miss M. M. Albritton, 19 S. Every American, whether black or white, rich or poor, young or old, can do something to help win this war. The only question now is: "Are you willing to do what you are asked to do and do it cheerfully, thus proving your true American patriotism?"

The man who goes into the trenches, who is behind the gun or wields the sword cannot alone subdue Germany; but the woman in the kitchen the man behind the plow, the proprietor of the eating-house, restaurant or hotel must all play well their part. And if they fail it will mean defeat for the army, and the world-wide democracy for which we are contending will fail, and all our civilized world would be thrown into slavery.

"I have passed the age limit, so I will not be drafted," and "I am a woman, and women don't go to war," are among the expressions often to be heard. All of these statements may be true, but -YOU CAN DO SOMETHING. Did you buy a liberty bond? If you did, then that was your contribution to your country.

Did you sign the pledge card sent out by the United States Food Administration? If you did, then you made another excellent contibution; and that is indeed important and essential to success, because the soldiers of the United States and the Allies must be fed, and you are called upon to help feed them.

In the United States we seem to have such an abundance of food that the necessity of economizing has not yet made itself felt as it has in Europe. No man apparently is hungry. If one has the price, one seems to feel easy in the matter of getting enough food. But the necessity for food saving is here, and it is vital. It is absolutely necessary that you follow to the letter and spirit all instructions given you by your State Food Administrator.

Some people declare that they are not going to make out the weekly report cards and hand them to their church committees, because it interferes with their eating. Anyone who says this is not a true American citizen. Make a careful study of the foods which we may consume and well feed on without inflicting deprivation upon our soldiers and our Allies.

Food will win the war.

Do you know that we have been asked to consume certain foods to the limit of our appetites, while we are urged in the same breath to eat less of other foods?

Is it clear to you that certain foods may be used to sustain life in comfort and good health here in our country, which could not be shipped across the ocean? And are you eating those foods in order to permit the sending of wheat, meat, sugar and fat to Europe.

Have you, in fact, kept the pledge you signed?

In this country 11,000,000 of our people signed the food pledge, to co-operate with the Food Administration in saving food. If these people keep their pledges there will be enough to meet the enormous requirements of hungry Europe.

The Negro has made a fine record in signing pledge cards. But signing a pledge is not enough. It is more important to carry out the pledge, because this is necessary as an aid to winning this war, and as a reminder that you plighted your word that it will be done.

We should not deceive ourselves by believing that peace is just beyond the horizon. A desire for peace is present in all of us. We should not permit the wish to be father to the thought that we shall have peace until we shall have won the war and placed democracy on the high pedestal where it will guarantee the rights of all free people.

There is a place for you in this war game. Find your place and fill it. The Negro press is doing its part by giving space to the information that is given out from time to time. Read it—then act!

Thousands of young men of America will soon be in the trenches fighting for you, and you must not forget them. Give them your prayers, and get behind your government in feeding and caring for them.

This war is teaching the people some valuable lessons. Frugality is one of them. Individuals who never before had ten dollars laid up for a rainy day are now saving fifty dollars, bearing interest, through the Liberty Bond will start the saving habit, and the possession of fifty, hundred, or several hundred dollars, will give the individual a new feeling of personal security.

Have you contributed to the Red Cross fund? If not, do so at once. Such charity has its own reward. Several contributors to this fund aver that they can trace some good fortune to the fact that they were each month doing something for this great charity. And then it is your bounden duty to voluntarily render aid to the Nation's defenders at the front. Come forward!

This is God's war, and it is exercising a chastening influence on all humanity. Do not kick at the high prices of food stuffs and the dangers of the war for your dear ones at the front, they deserve your aid and your encouragement—and maybe your prayers too.

It is the boast among the grafting guild of colored gentry in every city that "the white man is easily fooled."

You can always tell the "gentry" by his first little spiel—it is to to knock! knock! his betters. He is here in his proper element, his listener being misled, losing support.

NOTABLE VICTORY FOR JUSTICE AND FAIR PLAY— COUNCIL BACKS CIVIL SERVICE

Monday the Public Safety Commission of the City Council settled for all time the policy of "jim-crowing" the colored citizens in the Fire Department of the city, by declaring that hereafter there would be no separate list kept of Colored Eligibles, and the forty-five colored men now upon the Eligible List for that Department would be distributed to the various Fire Houses, in line with their rating, as vacancies occur.

The California Eagle has stood out bodly against the request of barefoot and irresponsible leadership which had been very officious in insisting "in and out of school," that the colored people of this city, the people who believe and stand upon their rights as American citizens were "just dying to be jim-crowed."

In editorials again and again the Eagle has shown the Mayor and City Council that the colored citizens as a whole were as much opposed to separate public institutions as they were opposed to separate public schools, and they have listened and have taken note.

And we wish to state right here that the colored people in this city are not at all represented by "jim-crow leaders," and those who come to you as envoys for such are simply representing themselves. We say to the self-styled leaders you can fool the "white folks" sometime, but you cannot do it all the time, and let this fiasco of yours in addition to a large number of others long since forgotten by a long-suffering public, be a warning that the thoughtful members of the race have one newspaper and one organization that are pledged to fight every effort to "jim-crow" us as a race. In this connection we now have a military branch of the All American League and are endeavoring to have a battalion. The originators of the All American League had no personal, political, nor ulterior purpose in organizing the League. If any credit comes to them in meeting and overcoming opposition, it should be because they were the first of the race in all this broad country to have advanced "the best way" to fight race prejudice in our citizenship. This has been recognized not only by the President of the United States, the Governor of the State and the Mayor of this City, and more recently by the City Council in doing away with "jim-crowism" in our fire department, but by citizens of Chicago who are preparing to institute the All American Conclave of Illinois, and more notably the National Association for Protection to COLORED PEOPLE, who quite recently adopted a resolution to fight the hyphen and terms indicating a separate people looking for separate treatment as citizens.

The All American League makes for an orthodox Americanism neither Africanized nor Caucasianized. In other words it makes for what is of concern to one American is of concern to all. That is the kind of patriotism the All American League now of the Nation stands for.

The Haitians fought the French institution of human slavery under the flag of France, exalted themselves in battle with the National air, "La Marsellaise"—and won. They appealed to their fellow-countrymen who were fast mastering the principles of democracy.

The All American League is fighting race prejudice as the right of American citizens, not as a privilege of the afflicted. It recognizes no true democracy where a man is known by the color of his skin, his race or antecedents; and that is where you as a race come in.

We cannot hope to accomplish anything worth while if we ask for discrimination for some questionable advantage, and any man or body of men who go before the City Council asking for separate fire houses as the only way to "provide jobs," are in the same class as those members of the race who were demanding "jim-crow schools," because some members of the race feel uncomfortable being American citizens, full fledged, and prefer to be "wards of the nation."

The Public Safety Commission of the City Council that put themselves Monday on record as deciding that there shall in the future be no separate list of eligibles for "jim-crow" fire houses," and that the colored men now on the eligible list will be distributed to the various fire-houses without any regard to race or color, is to be congratulated by all citizens, white or colored, for making a record for true Americanism.

The California Eagle from the very beginning opposed further extension of the "jim-crow" features of our public institutions here, insisting if the Negro was good enough to fight and die it need be for American institutions, he was good enough to treated "white."

The California Eagle wishes to again congratulate the Civil Service Commission, the Public Safety Commission, the City Council and the Mayor of this city that they had the magnificent courage to get away from the "straw leadership" of a number of discredited men of the race who for the sake of "marketable notoriety" have become "professional Negroes," Negroes who at times make it a business to misspeak for the whole race. And again, thank you gentlemen, and some ladies, too.

And now while the Civil Service and Council acknowledge that this is tardy justice, the fair and square thing to do is not to call for an examination until the present list of eligibles is exhausted. It would be so easy for justice to be cheated with a narrow head of department that the names of these men would remain where they are until doomsday if there was a possible way for them to evade a plain duty. On these phases we believe we present a solid front save and except the barefoot and irresponsible brigade.

Two splendid services were enjoyed at this church last Sunday. Our pastor, Rev. Lively, preached at both services and as ambassador for Christ he is able not only to preach to the people, but to teach them how to live.

MILITARY BRANCH ALL AMERICAN LEAGUE ORGANIZED

On last Tuesday evening at the 14th street schoolhouse after the weekly drill by Capt. T. W. Butler of the home guards, which company has been training at this place for the past six months. The ebody was addressed by Editor J. B. Bass of the California Eagle, who is also State Organizer of the All American League, after which the entire body of 38 men present were organized as a military chapter of the All American League, with Captain Butler as president, Wilt Hall, secretary, Lieut. Smith, treasurer, and F. W. White, sergeant at arms.

The greatest of enthusiasm prevailed and the members all expressed themselves as very much pleased to become a part of this great organization which stands for real progress and hope to do their bit for its future progress.

The proficiency of these men under the able instruction of Capt. Butler was a revelation as they were put through the latest drills, they executed some of the most intricate and difficult formations as though they were seasoned veterans and Capt. Butler, his lieutenants and aides are entitled to great credit for the splendid work they are doing. All of our men from 18 years to 40 should enlist with this company for service as home guards and eventually national guards as soon as they have recruited up to the minimum strength of men who are physically fit, application will be made to muster in service of the state. Our people should back this movement to the utmost that we shall be right up to the minute in the military affairs of our state and that no section of this country shall excel California in patriotic duty or service. Pass the word along the line and let's have this company the peer of any in the state or country.

We have two young men in our city, viz: Messrs. Smith and Alexander, who are representatives of the National Life Insurance Co.

Messrs. Smith and Alexander are clean cut characters, and come to us with experience along their lines and reputations of having done duty to their race in other sections in creditable fashion.

EMANCIPATION DAY WILL BE OBSERVED BY THE ALL-AMERICAN LEAGUE

Jan 1st, Emancipation Day, will be fittingly observed by the united chapters of the All-American League, at the Eighth and Towne Ave. A. M. E. Church, on the evening of that day. The program, which is in the making, will be highly patriotic. The Military Branch of the League will in military formation be a feature, and the All-American League Band will render several selections. Watch for the program. This great meeting will be prelude to the mighty conclave of this organization which will take place Feb. 22, at Exposition Park, and will be greater than all the rest. This is saying a great deal, when the sucess of last year's conclave is taken into consideration.
